Religious Revival Is Only Way to Avoid Revolution

Dr. Vining Delivers Inspiring Addresses at 95th Anniversary of Baptist Church

An ideal autumn day favored the Baptist congregation in the observance on Sunday of the ninety-fifth anniversary of the church here and the occasion was one of great joy and blessing. Good congregations attended both services, which were in charge of the pastor, Rev. E. C. Baxter.

Rev. Dr. A. J. Vining, of Toronto, was the guest minister on this occasion, and the earnestness and forcefulness of his messages appealed to all who had the privilege of hearing him. He has had a wide experience in preaching and teaching the gospel and is imbued with the spirit of the age. His first visit to Acton had been about forty years ago, and during that period he had made several visits until he felt fairly well acquainted.

In the morning discourse Dr. Vining took his text from the fourth verse of the seventh chapter of Joshua. There was nothing mysterious about this text. Joshua had found the task of following Moses in leadership not an easy one. He could readily understand the men of those days making comparisons of the two leaders. But the people must learn that God can always be depended upon. The speaker had no use for people who were satisfied with present attainments. We must make up our minds to be better men. To be a leader one must have the backing of the people and a dependence on God. Dr. Vining referred to work during the war period, when he delivered recruiting addresses and urged men to go to war, but averred he would never do it again.

He had seen the hardships which the sacrifices and in those trials he had prayed unceasingly. No man really prays until he is burdened.

There was no limit to the power of God and Joshua had to learn this, after all he was but a man. Sin in his camp had brought defeat to Israel just as it will to any organization. Sin is sin, no matter how small. Then too, Joshua had of necessity learned the value of preparation without which nothing can be accomplished. Dr. Vining emphasized the power of prayer and expressed the belief that without a revival in religion we will have a revolution. The only thing that will save Canada is Christianity. Only God can help in times of difficulty, but just as in Joshua's day, He works through human agencies. Dr. Vining stressed the power of prayer and the necessity of preparation and pled with all who had not been converted to turn to God for guidance.

Flowers and autumn leaves made the church building indeed beautiful. A quartette, Mrs. Velthuis, Mrs. Killick, Mr. Chas. Franklin and Mr. Whelan, contributed a very appropriate sacred number, and Mr. Thos. Warnes, of Georgetown, sang a solo very effectively. Mr. C. W. Landsborough presided at the organ and the choir gave splendid leadership in song.

At the evening service Rev. Dr. Vining chose for his text Mark 2:5, "Son, Thy sins be forgiven thee." This is the story of the four men taking an incurable man to Jesus and, because of the mob, they had to let him down through the roof into Jesus' presence.

Dr. Vining stated that very few painters have made four pictures of this story as follows: The Sick Man, Jesus of Nazareth, the Four Men, the Mob. The man was sick of an incurable disease, and, no doubt had been taken to many physicians, but in every case had received the same diagnosis, no hope. Yet, the sick man was in the same condition as many people in the world to-day. They are without Jesus, hopelessly lost. Jesus died because all people are like sheep lost. He died to save us all.

A tomato plant even though it grows to be over seven feet is still a tomato plant, it cannot produce any other kind of fruit or vegetable. Because a man turns over a new leaf is no sign that he is saved. When Jesus looked at Nicodemus He told him that he must be born again. When he did not understand he was told he must be born again in spirit. God sent His only begotten Son, Jesus, into this world to save sinners. People can be and are saved by casting themselves on Jesus Christ, and saving people even to-day from the depths of iniquity. There isn't anyone Christ can't save. However, we cannot be saved unless we are willing to be saved. God fulfilled the law of the prophets and sent Jesus into this world, that we might be saved. If the Christians to-day are not doing their utmost to bring people to God, they are not being true to Christ.

There isn't anyone who Christ cannot use to bring people to God. All things that are accomplished are done with determination. All people who do things
