CARD OF THANKS

Mrs. John Gibbons and family are deeply appreciative of the kindness and sympathy shown in so many ways when the beloved husband and father passed away. The neighborly helpfulness and sympathy of friends have been very helpful at this time.

A POOR START

Husband—Do you think the new cook is going to settle down with us, dear?
Wife—I'm a bit doubtful, darling. A letter came for her this morning and the envelope was re-addressed five times.

THEN COOLESS

She—My, but I'm having a marvelous time! Men were at my feet practically all day to-day!
Her—Really? And did you buy any of the shoes?

A Short One to Solve for This Week

By W. COLES

My first comes with the winter my second with the snow
My third, despite your protest, is in both come and go
My fourth, reserved seats provide, it you afford the toll
My fifth—the last in every post between which is the goal
My whole is sometimes crouching low, to get a better view
And sometimes lying prone, to keep the puck from passing through.

Northern Lights

Working day shift this week, so have very little spare time for writing. Might be better not to write about anything in particular, just a few running comments, or, as Jimmie Fiddler would say, "Notes from my little black book."

Well sir, it does keep cold, 28 degrees below Saturday morning. The days are getting noticeably longer, however, daylight to almost 7 p.m.

The Preston-East Dome is milling from 250 to 300 tons of ore per day.

It is reported that South Porcupine is to have a new Post Office next summer. You readers who have had the experience of entering this enlarged box stall will agree that it is certainly about time. This two by four structure handled \$400,000 last year and is serving 8,000 people.

The Algoma Airways here in South Porcupine have purchased a new Taylor Cub. Our chum and room-mate, Bill Foag will be the chief pilot of this new plane. It sure would be great to fly home to Acton some week-end, and with Bill living right here with us, and the new plane and everything, well, there is no harm in thinking about it.

The South Porcupine Juniors defeated Halleybury, 6-2, last Saturday in Halleybury.

Perhaps some of you movie goes are under the impression that the pictures we get in our theatres up here are old and away behind the times. Well, here is this week's program: In "Timmins," "Angels with Dirty Faces"; "The Beach Comber"; In South Porcupine, "Artists and Models Abroad." That is pretty fair for a back woods mining camp, 500 miles north of Toronto.

Out at the Timmins Ski Club, on Sunday afternoon, the Club record for the senior jump was broken; the distance, 94 feet.

The Timmins Fire Department have the largest pumper truck in Canada (believe it or not).

The Hallnor Mines report the very large profit of \$936,298 from the start of operations on June 16th, to December 31st.

During 1938 the Timmins Motor License Office issued markers to 4,000 cars and 1,120 trucks.

Some-time I hope to be able to write an article describing the people here in the Porcupine Camp. Mining draws people from every part of the Dominion. I know of no other place where one could find such fine, friendly and interesting people. In the mill, where this person works, there is a man who lost a fortune in the crash of '29; a drought ruined farmer from the west; a university graduate; and a school teacher. I have met fellows here from every province in the Dominion, fishermen from Nova Scotia; lumbermen from Northern Quebec; cowboys and farmers from the West; and miners from B.C.; fellows like ourselves, who have "gone north" to a new country that offered a better future for a young man. Not a country of gambling dens, saloons and dives, but a new country with decent, good living people. Yes, the finest people in Canada.

Interesting Program Presented at the Dublin Literary

The Dublin Literary held their regular meeting in the school last Friday evening, with the President, Mr. Steele, in the chair. The meeting opened with the usual procedure, followed by the splendid program.

Mr. Burkholder kindly acted as chairman while the following numbers were presented: Reading by Miss Sheila Green; piano solo, Verna Webster; violin solo, Mr. Smith; musical selection, Ian Grant and Albert Fenton; viola solo, by Mr. Stewart Elliot; reading, Doreen Steele; piano solo, Mrs. Robertson; reading, Ross Britton; cornet solo, Mr. Weiland, accompanied at the piano by Mrs. Robertson; musical selection, Albert Fenton and Ian Grant; reading, Mr. Grant.

Lunch was served and a social time followed.

Has Strange Disease

Victim of a mysterious ailment that resulted in her eating enormous quantities of food, and at the same time, paradoxically, losing weight, Mrs. Dorothy Barber, 20, is in a Kansas City Hospital under observation. Mrs. Barber's voracious appetite caused her to consume food at all times of the day and night, in spite of which she lost 25 pounds within a year.

O.M.A. HEAD DIES

Dr. A. J. Mackenzie, President of the Ontario Medical Association, and a member of the Faculty of Medicine at the University of Toronto, died suddenly at his Toronto home.

Acton Loses --- Second Game Here To-night

The line-up was:
Acton—Woods, goal; Walters and Bayliss, defence; N. Morton, centre; Terry and Russell Brush, wings; I. Marz, E. Marz, Johnnie Brush, Kentner, Molozie, alternates.

Bolton—Hall, goal; Norton and Chapman, defence; Crocker, centre; Harris and Nixon, wings; Barney Schaeffer, Nelson, Kehoe and Grosskurth, alternates.

Referee—Honey Kuntz, Kitchener.

IN THE FIRST ROUND

Fans who know how the Tanners dislike small risks were not greatly surprised at the outcome of the game in Bolton.

Just seems that the Tanners can't adapt themselves to the play required. But they did better on Friday than on many other occasions.

No, a three goal lead isn't impossible, but it's a fair handicap. We've seen five goal leads overcome.

Reports concerning the Bolton rink were rather exaggerated. True, the accommodation isn't the best, but we've seen much worse.

But it's the game to-night that counts.

There was no ice in Acton on Monday for the return game and Galt arena was in use.

The Acton Club would prefer to use the home ice, so that fans would not have the expense of an out-of-town trip.

However, to make sure of the game, the Club has an option on rental of the Galt arena for Thursday night. If there is no ice in Acton, the game will be played in Galt on artificial ice.

Acton could have secured the ice for Wednesday, but of course Bolton absolutely refused to play on Wednesday night.

It's just impossible for Bolton players to play in the Mercantile Group and for Bolton on the same night.

The way it looks now (Tuesday) the game will be in Acton, but the weather can change in a hurry these days.

Noon Thursday—The game will be in ACTON, and Johnny Jones, of Guelph, is booked as referee.

We'll be seeing you to-night. And it looks like a fine sheet of ice in the local arena.

According to our reckoning, there are fourteen teams left in the Intermediate "B" race. They are Oshawa, Whitby, Acton, Bolton, Simcoe, Paris, Windsor Motor Products, Clinton, Seaford, Owen Sound, Pownassan, Markham, St. Catharines and Omeme.

In the Junior "C" series, the teams left are Lindsay, Aurora, Simcoe, Milton, Walkerton, Palmerston, New Hamburg, and Belleville. Milton and Simcoe meet on Friday and Monday.

FRIENDS HONOR MR. JOHN WILLIAMSON AT BIRTHDAY PARTY

Friends and relatives of Mr. John Williamson assembled at his home in honor of his birthday on Tuesday evening. Guests out of town were from Toronto and Silver Creek. A very enjoyable time was spent in various ways. Two contests were conducted, which gave considerable amusement, also six tables of progressive games. Prizes were won as follows: High lady, Mrs. W. McEachern; high gent, Mr. Bert Price; consolation for lady, Mrs. Roy Wansbrough; gent, Mr. Ed. Cripps; lucky-chair prize, Mr. James Price, and the most lone hands, Mr. David Williamson.

After the games were given out, all sat down to a well-laden table of good things. The chief decoration being a beautiful birthday cake, lit with candles. When the host blew out the candles and cut the cake, it was distributed among guests. A most pleasant evening was enjoyed.

The A.C.S. NEWS!

HOCKEY
The A. C. S. team defeated the Rockwood school team 4-0 in an inter-school hockey game at the arena on Friday, March 3rd.

Jack Hollinger opened the scoring for Acton and Lorne Masales and Len Lambert registered, to give the locals a 3-0 lead in the first period.

Len Lambert tallied in the second to widen the margin for Acton.

In the final period, both teams were held scoreless.

Herb Saunders, Rockwood, refereed the game.

Rockwood — goal, Frank Fyske, defence, Roy Lavery, Win Dunbar; centre, Wayne Howell; wings, Bill Lovell, Jack Oakes; subs, Bruce Kinne, Don MacArthur, Archie McPherson, Hugh Altan, Alec. Graham, Elwood Allen.

Acton—goal, Bruce Fargeter; defence, Ken Elow, Martin Hassard; centre, Lorne Masales; wings, Len Lambert, Gilbert Romphf; subs, Jack Chapman, Pete Vickers, Reno Braida, Jack Hollinger.

This week for our description of the school, we shall try to describe Room II (Grade X) for you.

This room is the smallest class room in the building. There are five rows of desks quite close together, making the room appear even smaller. The teacher's desk occupies the front of the room, and a cupboard stands in the back corner. Large windows along one entire side light the room to the farthest corners. Blackboards cover the front of the room and the other side. Behind the teacher's desk below the blackboard a small cupboard is built into the wall. This holds the clubs and other physical culture apparatus.

LITERARY MEETING

The school held a Literary Meeting in Room I, on Friday, presented by Group II. The meeting opened with "O Canada."

As Mr. Leitch (teacher in Group II) suggested the name Onagers (long-eared donkeys) for our name, we decided to have a miscellaneous program, doing something to represent each letter in our name:

O—Optional—Tap dance, by Dora Hansen.

N—Narrative—Jack Hollinger and his cartooning.

A—Acting—Play, "Good and Dependable." Marjorie Nelson, Margaret McPhail and Frances Lamb.

G—Guessing Game—Lollypops given to those guessing title of songs played.

E—Elocution—Alice Russell recited "The Little Girl and Her Stomach" by Edgar Guest.

R—For Rhythm—Florence Salt, played a piano solo.

S—Stump Speeches—Eva Ritchie, Mabel Harris, Marie Clayton, Evelyn Kentner and Bruce Fargeter.

The meeting closed with the singing of the National Anthem.

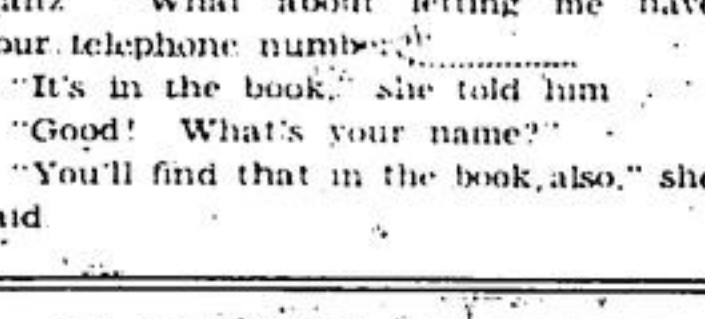

RATHER STANDOFFISH!

"I would like to meet you again," he murmured, as they glided through the waltz. "What about letting me have your telephone number?"

"It's in the book," she told him. "God! What's your name?"

"You'll find that in the book, also," she said.

AN AMAZING SIGN POST

Here is an amazing sign post, which points the way to half the world, located on the Royal Dutch K.L.M. Airlines airport at Amsterdam. Cities and countries in Europe and Asia are covered by this post which points the way for the planes of the 14 European airlines that land and take off from the airport. Virtually every country in Europe, Africa and the Near East is pointed out here.

WHE, INDEED?
"What's that building?" asked the stranger.
"That's the asylum for the blind," said the native.
"Go on, you can't fool me," said the stranger.
"What's all them windows for?"

New Study of Egyptian Bride-to-be

A charming new study of Princess Fawzia, 17-year-old sister of King Farouk of Egypt, who will be married to Crown Prince Chajour Mohamed Reza Pahlavi, heir to the throne of Iran (Persia), at the Abdus Palace, Cairo, on March 16th. A second wedding ceremony will take place later in Teheran, capital of the country the royal bridegroom will some day rule.

Dramatic Rescue from Halifax Hotel Fire

A guest of the Queen Hotel in Halifax sits on a window ledge as a huge extension ladder is raised to rescue her in the disastrous \$200,000 fire which gutted the century-old hotel. She is one of the lucky ones who escaped alive as the flames turned the hotel into an inferno. It is believed that at least 25 persons lost their lives in the disastrous fire, but the exact toll may never be known.
