

# Personals

Mr. D. Robertson, of Toronto, called in Acton on Tuesday.

Miss Mary Young, of Toronto, spent the week-end at her home here.

Mr. and Mrs. Howard Alliston, Milton, visited Acton relatives on Sunday.

Mr. Jack Graham, was home for the week-end from Western University, London.

Miss Margaret Macdonald, of Toronto, spent the week-end at her parents' home here.

Messrs. Roy and Harold Wainwright, of Toronto, visited their mother this week.

Mr. and Mrs. F. Browning and Miss Etta Dillis, of Toronto, visited in Acton on Sunday.

Mr. and Mrs. Hiram Anderson, of Toronto, spent Sunday with Acton relatives and friends.

Mr. A. T. Brown attended the Convention in Toronto yesterday of the Drug Trading Co.

Mrs. Prudence Cook and Miss Kay Cook, of Toronto, visited with Acton friends on Sunday.

Mr. and Mrs. Wm. McNabb, of Toronto, spent the week-end with Acton relatives and friends.

Mrs. Robert Cross spent a few days last week with her daughter, Mrs. Wm. Bradshaw, in Hamilton.

Mr. and Mrs. Ray Gordon and Nancy, of Toronto, spent the week-end at Mr. and Mrs. George Lantz's.

Little Miss Denise Coles, of Georgetown, is visiting at the homes of her grandparents here this week.

Miss Delaine Gibbons, E. N., of Toronto spent the week-end with her parents, Mr. and Mrs. Thos. Gibbons.

Miss M. McIntosh, of London, visited with her sister, Mrs. Thos. Gibbons, and other Acton friends during the week.

Mr. David Robertson, of Toronto, visited with Mr. and Mrs. Cameron Leishman and other Acton friends during the week.

Mr. and Mrs. F. Beattie have returned to their home in Acton from Guelph this week. Acton friends are pleased to welcome them back.

Mr. and Mrs. G. A. Dills were in Ottawa last week, attending the Convention of the Ontario-Quebec Division of the Canadian Weekly Newspapers Association.

Mrs. Grant-MacDonald, of Creemore, who has been in the Lockwood Clinic, in Toronto, for the past few weeks, is convalescing at the home of her parents, Mr. and Mrs. Thos. Watson.

Mr. and Mrs. J. W. Lovell wish to announce the engagement of their only daughter, Thelma, to Mr. Cecil Gibbons, youngest son of Mr. and Mrs. James Gibbons, Acton. The marriage to take place quietly this month.

Mr. and Mrs. Joseph B. Lake of Powassan, Ontario, announce the engagement of their daughter, Mary Victoria, to Alan Brown Sprague, son of Mr. and Mrs. Frederick W. Sprague, Belleville. The wedding will take place May 24th.

**CARD OF THANKS**

To all those who kindly loaned cars and provided other means of transportation and assisted in carrying out arrangements for the County Music Festival the School Board are indeed grateful. This kindly and willing co-operation by citizens and the efforts of all who assisted in making such a success for Acton in this event are appreciated.

ACTON SCHOOL BOARD.

**It's a Long Word but Not Three in One**

By W. COLLES

The first of my spelling you'll find in suppo.

The second in pulse, not in beat.

The third in your legs, but not in your toes.

The fourth is in chew, but not eat.

The fifth is in marsh, but not in super-verse.

The sixth in propose, or propound.

The seventh not in falsehood, but found in all lies.

The eighth not in score, but astound.

The ninth in a pulling, but never in pie.

The tenth not in live, but always in die.

The last is in rates, but never in duty.

The whole is a word which signifies beauty.

## Two Days at a Convention in Dominion Capital

(Continued from Page One)

had defended the right of free speech by the professors. Yet papers decried the censoring of statements by professors in Germany and the Ontario case was similar. He characterized as inaccurate, unjust, foolish and in most cases malicious and harmful to the state, most statements that public men were corrupt. In conclusion, he said democracy was not perfect but before it is destroyed it should be compared with what is to replace it, not with perfection.

An afternoon session was filled with topics of common interest in the newspaper business, until five o'clock. That hour was the first opportunity for getting out of the hotel to see Ottawa. The first object of note was the walk going on in preparing the bronze memorial, the roundings of the new war memorial. The memorial itself is in place and is an imposing affair. But the mess and merriment about would indicate that some work was necessary at higher speed if Their Majesties are to do the unveiling on their visit to Ottawa. The whole section of that part of the city has been changed to accommodate this memorial. Outstanding seems to be the word to describe it, and we hope it will be ready in time.

No, there were no decorations in place yet in Ottawa. Stage windows and novelty shops were displaying some souvenirs for sale. Interior painting at the depot and in other places seemed to have all the decorators employed. A new building, to house the Supreme Court, has the steel skeleton up.

During the afternoon the ladies of the party were entertained at luncheon by the Canadian Press Club. The report we received was that "everything was lovely," and of course this is all inclusive. Then special buses took the ladies on a sight-seeing trip and the driver explained all the points of interest. Afternoon tea was served at the Experimental Farm, arriving back at the hotel about six o'clock. We believe the city was pretty well covered in the trip.

The dinner on Friday evening was a highlight of the convention. Perhaps ladies would be interested in the menu. Names are a bit confusing to us, but they really weren't as bad as they sound. "Seafood Cocktail Ravigotte" was a mixture of more kinds of fish than we ever caught. They were a bit difficult to distinguish. "Consomme Royal and Cheese Straws" went together splendidly. Bread of Chicken Maryland had legs over for another day. Parsnips, Potatoes and Asparagus Hollandaise were really just the way they are served in the average home dinner—if you get both at the same meal. Omelette Siberienne was a bit of a puzzle. A bit of cake set on some ice cream, covered over with a light frosting. The servings were generous and the warm and cold bites that seemed to alternate made every bite a surprise at least. Petits Fours and Demi Tasse gave the ladies something to take the place of the men's smokes. That isn't the description that Mr. Dills gives but every man for himself.

The President this year was Angus Dobbie, of Smith Falls, who is familiarly known as Gus, and he certainly kept everything snapping right along. The President's address and solos by Mr. C. Skinner were features after the banquet.

How to control weeds proved a splendid subject.

A very interesting meeting of the Junior Seed Grain Club of Acton Agricultural Society was held last evening in the Town Hall. Mr. McLeod, Assistant Director of the Weeds and Seeds Branch of the Department of Agriculture, gave an informational address which was illustrated with colored lantern slides. His subject was "Weeds and How to Control Them."

Officers elected were: President, Elwood Johnson; Vice-President, Harold Barber; Secretary-Treasurer, Jack van Goozen; Club Leader, Mr. J. E. Pearen; Mr. J. E. Whitehead, Agricultural Representative, was in charge.

In the House of Commons we dealt with that in the editorial column.

The Saturday program began at 8.30, when the train left for Montebello and the group were to visit the Seigneurie Club. Those two special cars resembled a hockey special, only not quite so boisterous, but at least a picnic group. The Seigneurie Club is about fifty miles from Ottawa along the river, and the Club is the main industry of the community. To say the least it is quite an elaborate place. The booklet "Ave membership obtainable from \$250 to \$3500 in the Club."

The main building is a long chateau, with wings, and will accommodate over 300 guests. An immense fireplace, that goes right up the centre of the structure, with four large grates, is the central figure. Around this is a great space for lounging in the glow of the fireplace. At the sides a novelty shop and other counters are stationed. Galleries round the sides give access to the wings and rooms for guests. The furnishings are not surpassed in any hotel.

We visited about the grounds with the golf course, club house, indoor swimming tank, riding pit, boat house, church, and museum in the house built in 1850 by Seigneur Papineau. There are stocked trout streams and everything necessary to make a holiday delightful, whether it be in summer or winter. The Seigneurie Club is a delightfully restful spot, provided one is in a position to take such a holiday. Our train left at 3.30 and no five cent cigars were obtainable at the cigar stand.

But we almost forgot the luncheon. We won't give it in detail, but just say it was in keeping with the other appointments of the place. The speaker was Miss Thelma Turner, editor of the Seigneur, and she gave in her address a synopsis of the Club, its origin and history, which was most interesting.

Arrival of the train in Ottawa left less than an hour before the Parliament Buildings closed. We were determined, if possible that Mrs. Dills would visit the Peace Tower with its wonderful view over the city, its great clock and carillon, where the smallest bell weighs ten pounds and the largest ten tons. Then some little time in the Memorial Chamber. We too never tire of such a visit. A quiet time here, with the late afternoon sun shining through the beautiful windows, and reading of the Great War from the stone tablets that line the walls is always worthwhile. It is a wonderful stimulant to the desire for peace. It might even cause Hitler, if he would, to stop and ponder there.

We were fortunate in also having time to see the other parts of the Parliament Buildings, and have them explained by one of the guides. We've described them on other occasions so will not encroach again. A train leaving that night at 11.30 brought us into Toronto before seven o'clock.

Officers of this Division of the Canadian Weekly Newspapers for this year are: Honorary President, A. E. Dobbie; Smith Falls, President; R. A. Giles, Lantzville; Vice-President, Andrew Hebb, Newmarket; Secretary-Treasurer, Frank D. MacIntyre, Dundalk; Directors, C. B. Pearce, Simcoe; Lloyd H. Logan, Pembroke; Walter Legge, Granby, Que.; C. E. Bond, New Liskeard; A. E. Colman, Pictou; E. W. Johnston, Port Erie; C. B. Smith, Creemore; and A. V. Nolan, Stouffville.

## COMMANDS ROYAL SHIP

Admiral Sir Dudley North will command the Canadian liner Empress of Australia, which will bring the King and Queen to Canada.

## HOW TO CONTROL WEEDS PROVED SPLENDID SUBJECT

A very interesting meeting of the Junior Seed Grain Club of Acton Agricultural Society was held last evening in the Town Hall. Mr. McLeod, Assistant Director of the Weeds and Seeds Branch of the Department of Agriculture, gave an informational address which was illustrated with colored lantern slides. His subject was "Weeds and How to Control Them."

Officers elected were: President, Elwood Johnson; Vice-President, Harold Barber; Secretary-Treasurer, Jack van Goozen; Club Leader, Mr. J. E. Pearen; Mr. J. E. Whitehead, Agricultural Representative, was in charge.

In the House of Commons we dealt with that in the editorial column.

The Saturday program began at 8.30, when the train left for Montebello and the group were to visit the Seigneurie Club. Those two special cars resembled a hockey special, only not quite so boisterous, but at least a picnic group. The Seigneurie Club is about fifty miles from Ottawa along the river, and the Club is the main industry of the community. To say the least it is quite an elaborate place. The booklet "Ave membership obtainable from \$250 to \$3500 in the Club."

The main building is a long chateau, with wings, and will accommodate over 300 guests. ## Northern Lights

All Acton hockey fans living here in the Porcupine Camp join "Northern Lights" in extending sincere congratulations to the Acton Hockey Club. To every member of the team we say thanks for bringing home the glorious boys. Take all the praise coming you deserve it—our hats are off to you.

Congratulations also to the men on the Executive. You is very often a thankless and much criticized position, but without men of your type this championship would not be in Acton now. Thanks to you gentlemen of the strategy board for a well-hatched club.

The Vic. Humley, coach and manager, we find it difficult to express our feelings of admiration and praise for your work. So often people, who for some reason or other, call themselves "fans," place the entire blame of defeat on the coach, forgetting that hockey players are only human and are often out on the ice playing their hearts out under difficulties that the spectators know nothing about. After a last game, the coach's funds himself, he had for some pretty raw remarks, but takes it and plucks on. We hope the real fans down home appreciate the work and worry you have had during the past season, Vic, and we know that every member of the team will agree with us when we say Vic Humley is a "swell guy," a good lead. They don't come any better. Congratulations to you, "Vic" Victor Humley, coach supreme.

Well, the breaking-in is full swing now and floods are quite the thing of the day. Porcupine Lake is at the time of writing, within fifteen inches of an all-time flood mark. Seventy-five feet of rounded has been washed out on the T.N. & O. Railway. Passengers are transferred to buses here at the South Porcupine station. The entire district from Golden Avenue to beyond the railway tracks is under water.

Large blocks of ice have washed up against the hangar doors down at the Algoma Air Harbor, making it impossible to get the planes out and now the water has risen so high inside the hangar that it is found necessary to fill the bottoms of the planes with water so they would sink enough to keep the planes from crashing against the ceiling of the building.

The pier running out into the lake at the foot of Golden Avenue is covered by at least five feet of water. In summer this pier is five or six feet high and dry.

Most of the families in the under-water district have moved out and considerable damage to homes and furniture has resulted from this near record flood.

Over in Timmins last week a man slashed his girl friend's throat; then turned the blade on himself, in an effort to take his own life. The girl died in St. Mary's Hospital last Tuesday. The man is still living but in a very serious condition. Supposed to have been the result of a lovers' quarrel. Dear oh dear.

Another terrible affair last Wednesday. A man from Timmins took his own life by a very quick and painless method. He drove his car into a sideroad, about two miles west of South Porcupine, held a stick of dynamite in his hand, lit the fuse and—well you can imagine the result. I saw the car after the explosion, and the best way of describing it would be to say it was "blown to pieces."

Preston East Dome Mines held a banquet in the Empire Hotel Saturday night to celebrate the official opening of their new mill. I understand several persons down home are interested in the Preston mine, so will say more about it next week.

Well, that seems to be about all for now, folks. Once more congratulations to the Hockey Club. We up here in the Porcupine Camp are happy to say we came from Acton; with town with the best Intermediate B Hockey Team in Ontario. Yes, sir! Three wows!

ACTONIAN

How to control weeds proved a splendid subject.

A very interesting meeting of the Junior Seed Grain Club of Acton Agricultural Society was held last evening in the Town Hall. Mr. McLeod, Assistant Director of the Weeds and Seeds Branch of the Department of Agriculture, gave an informational address which was illustrated with colored lantern slides. **Fire Fighting Equipment was Destroyed Thursday**

A fire in the auxiliary pumping station at the plant of the Beardmore Co. last Thursday afternoon did over \$1,000 damage before it was subdued. The building is set apart from the main buildings and the fire had gained headway before it was discovered. A quantity of fire hose and other fire fighting equipment are stored here and were destroyed. The Acton Brigade and the employees of the Company soon had the blaze under control.

**CLOSING MEETING OF BANNOCKBURN LITERARY SOCIETY**

A very enjoyable evening was spent last Friday, when the Bannockburn Literary Society entertained their friends at their closing meeting. The President, Mrs. George Tyler, took the chair.

A very good program was given, consisting of choruses by the school children. Bill O'Connor, solos by Lorena Locker. Pianic instrumental by Margaret Brown, and a paper, the first part of which was read by Melvin MacCallough and the second part by Mrs. J. Stewart.

A quiz contest proved not only very interesting but also very humorous. Luncheon was served and dancing enjoyed by all.

**Have You Made A Will?**

When a person dies without a Will, the law directs how his or her estate shall be divided. Failure to make a Will not only may cause delay and expense but the division of the Estate as laid down by law would rarely be satisfactory.

In planning a Will we are pleased to offer the benefit of our experience in the management of Estates and would be glad to have you consult us without obligation, and in strict confidence respecting any matters concerning your Will or your Estate.

**Earl Baldwin Praises Party-System**

En route to Convocation Hall Toronto to deliver the first of three in the Sir Robert Falconer lectureship Earl Baldwin, a known Right, accompanied by Dr. H. J. Cody, President of the University of Toronto. In his lecture Earl Baldwin defended the party system of government as it had evolved in England. "The danger to our civilization will come when our party system is changed to that of a system of ritual ideologies," he declared.
