Acton Team Proves Better Than Milton in Games

Gordon	1	4	7	4	8	1			
Simms	3	6	3	0	4	1			
London	0	2	2	1	4	0			

Gordon really deserved a shut-out and his absence from the Acton Club has been a big reason why they didn't get in the playdowns.

Cripps might have won the game in the seventh had it not been for some poor base coaching, that stopped him at second after really hitting a triple. Had Cripps hit been in Acton or Oakville it would have been a circuit blow for sure.

R. Brush came through with two hits and played errorless in the field. His second hit pushed across the first Acton run.

Doug Guthrie has moved to Toronto and is working for Findlays, and playing ball for the same club in the Toronto Senior League.

Anderson went in as a pinch hitter in the seventh, and caught in the eighth, but is still complaining of a sore finger which he received in Acton when they played with Oakville.

Gordon proved on Monday night that he is the best pitcher in the Halton League. Milton's highly rated import was touched for 6 hits for 4 innings, while Gordon allowed only four in 8 innings.

Should Acton drop into "B" company, they should figure in the playdowns (if they first get by Georgetown).

ACTON 4 - MILTON 4
Acton and Milton wound up the season with a four-all seven inning draw in the park here last night. Acton got four runs in the fourth and Milton rallied to tie the game in the seventh.

Acton collected 5 hits for four runs, while Milton also collected four on 5 hits.

Acton committed four errors to Milton's four. So, on the game, they were evenly matched.

Batted for Ryder in 7th.

Two base hits, Collintino; left on bases, Acton 4, Milton 4; sacrifice hits, B. Morton, R. Brush, W. Clement, Sproat; stolen bases, Naylor, Patterson; runs batted in, Blinco, Patterson.

Ryder	4	5	2	2	7				
Blinco	4	3	1	2	4

Collintino was leading hitter for Acton, scoring one run on three trips to the plate. Two hits, one a double, kept his average up. Waterhouse, N. Morton and Terry followed suit with one hit each.

Bob Brush, Naylor, Patterson, Roberts and Blinco each collected a hit apiece, for Milton.

Either Toletzka is slipping or Ryder and Gordon have his number. No hits in two games, 8 times at bat, and committing three errors in two games. Could it be he's getting old?

K. Clement made his first appearance on the mound for Milton here last night.

GOLF CHAMPION

Winner of the Canadian amateur golf championship in the first all-western final in the history of the tournament was Ken Black, Above, of Vancouver, who defeated Henry Martell, of Edmonton in the 366-hole final, 8 and 6. Ted Adams, of Missouri, won the event last year.

FIFTEEN TO FORTY-FIVE

Tuberculosis presents its greatest dangers in the years 15 to 45. While no age is free from tuberculosis it kills more perhaps between these ages than at any other time of life. All too frequently the cause—the bacillus tuberculosis—has been picked up in childhood. Practically every new case of tuberculosis results from contact with someone who has the disease in an active stage, that is in the stage during which the person is shedding the germs in his sputum. For this reason each member of a household where a case of tuberculosis has been found should be carefully examined and if the discovered case is an open one—that is infectious to others—every effort must be made to prevent the spread of infection to others in the family. This is best accomplished by sending the infectious one to a sanatorium if that is possible.

Tuberculosis infection is especially dangerous to little children in the family and the closest relation between the infectious and the children, the greater the danger.

Persons unaware of their infection are more likely to spread the disease than those who know they have it. A mother or a grandfather may have so-called "asthma"; an uncle or a father "a smoker's throat"; another may have "a husky throat". Any of these ailments may be hidden tuberculosis. The first signs of the disease may be an unexplained tiredness, weakness or chest pains. Later, there may be loss of weight, a slight cough that drags on, or spitting of blood.

Tuberculosis infection can always be discovered by the use of the tuberculin test. If infection is found by means of this test the child should have an x-ray of the chest. These cases of early tuberculosis infection are readily cured if they are prevented from gaining any more infection. Usually all they need is to have rest, out-of-door life and good food. Early tuberculosis is readily cured. Advanced cases may be improved but complete cure is doubtful. The moral is, "get the case of tuberculosis early."—By J. W. S. McCullough, M.D., D.P.H., of the Health League of Canada.

WELL FORTIFIED

A vicar of a parish church not far from the city asked one of his lady worshippers if she would help him in his visiting work. "Oh, yes," said she, "I should be delighted."

"Well," said the vicar, "call and see poor old Macdonald; he has just lost his wife. Try and cheer him up a bit."

So the good lady called, and found the old man sitting in his armchair, and half a bottle of whiskey on the table and a glass beside it.

"Is that the only consolation you've got?" pointing to the whiskey.

"No, lady. I have got three more bottles on the shelf."

He hasn't changed any as yet, just a lucky fellow, with plenty of nerve.

Bill Waterhouse played his usual bang-up game in the field with four put-outs, one a perfect shag-string catch.

Coaching again might have won the game for Acton—Terry reached third in the seventh on an overthrow. Had he tried to make the plate he would have been successful, as nobody was covering the plate.

That's all now until we hear official word about the B playdowns. The season so far has been good, the crowds have always been fair, considering the Acton team didn't reach the playdowns. However, as long as they play heads-up ball they will always have the support of the fans.

Friends Honor Mr. & Mrs. J. McLean in Farewell Party

The members of the Bannockburn Women's Institute and the friends and neighbors of Mr. and Mrs. John McLean met at their home on Friday evening to express their regrets at losing such true friends from the community.

The gathering came to order with a community sing-song, after which Harvey Fisher gave a violin solo, which was enjoyed by all. Miss Ethel McEneaney gave a reading, and Mr. W. McIntyre sang.

Mrs. Roy McKeown then read the following address:

Acton, Ont., July 28th, 1939

Mrs. J. McLean and Mrs. F. Kerr
Dear Mrs. McLean and Rae:

We, the members of the Bannockburn Women's Institute are gathered here to-night to express our regret at your removal from our community and our Institute.

Loyal workers are always missed and you, Mrs. McLean, are no exception. When there was work to be done you never shirked your duty, either as a member, or during your years as Secretary, and we have all looked forward to the meetings this year with you as our President.

Rae, your sunny disposition has endeared you to all the members, as well as your willingness to help at all times.

However much we regret your removal, what is our loss will be another's gain, and we will look forward to having you come back to our meetings whenever possible.

In token of our esteem for you both, and our appreciation of your work for the Institute, we ask you to accept these gifts.

Signed on behalf of the Bannockburn Women's Institute,
LAURA MCKEOWN,
REINA MORRISON,
LAURA KERR.

Mrs. D. Russell presented Mrs. McLean with a silver-plated casserole, and Mrs. S. Morrison presented Mrs. Kerr with a silver-plated relish dish.

Mrs. McLean and Rae both replied and thanked the Institute.

Mrs. R. Kerr then read the following address:

Acton, Ont., July 28th, 1939

Dear Mr. and Mrs. McLean:
We, your friends and neighbors, have gathered this evening to express our regret at your departure from our community. You, Mr. McLean, have lived in this neighborhood for many years and there are a number in this gathering who look back over the years and recall with pleasure associations formed in childhood, which have grown into strong ties of friendship as the years went by.

By your industry and faithfulness to your work you have achieved success. The true Highland spirit you possess not only gave you the will to do, but also endowed you with the ability to render honest and faithful service in every undertaking. Your record is one of which you may well be proud and speaks for itself, leaving an example worth while of integrity, perseverance and industry.

You, Mrs. McLean, have not been with us so long, but you have willingly taken your share of the duties of citizenship. You both have proven yourselves an asset to this district, and neighbors of true worth.

We would ask you to accept these chairs as a token of our esteem and friendship during the past years and which in the years to come will recall pleasant remembrances.

May God bless you in your new home and may you be spared many years to enjoy these gifts.

The poet, Henry VanDyke, has said regarding friends:
"Make new friends, but keep the old,
Those are silver; these are gold;
New made friends, like new made wine,
Age will mellow and refine.
Friendship that has stood the test
Of Time and change, is surely best.
Brow may wrinkle, hair turn gray,
Friendship never owns decay.
For 'mid our friends kind and true,
We once more our friends renew.
Then cherish friendship in your breast,
New is good, but old is best.
And I make new friends, but keep the old,
Those are silver; these are gold."

Signed on behalf of the community,
STANLEY SWACKHAMER,
A. J. THOMAS,
JAS. CREE,
ROBERT KERR.

The chairs were presented by Mr. Stanley Swackhamer and Mr. A. J. Thomas.

Mrs. McLean very fittingly replied and thanked the community for the gifts.

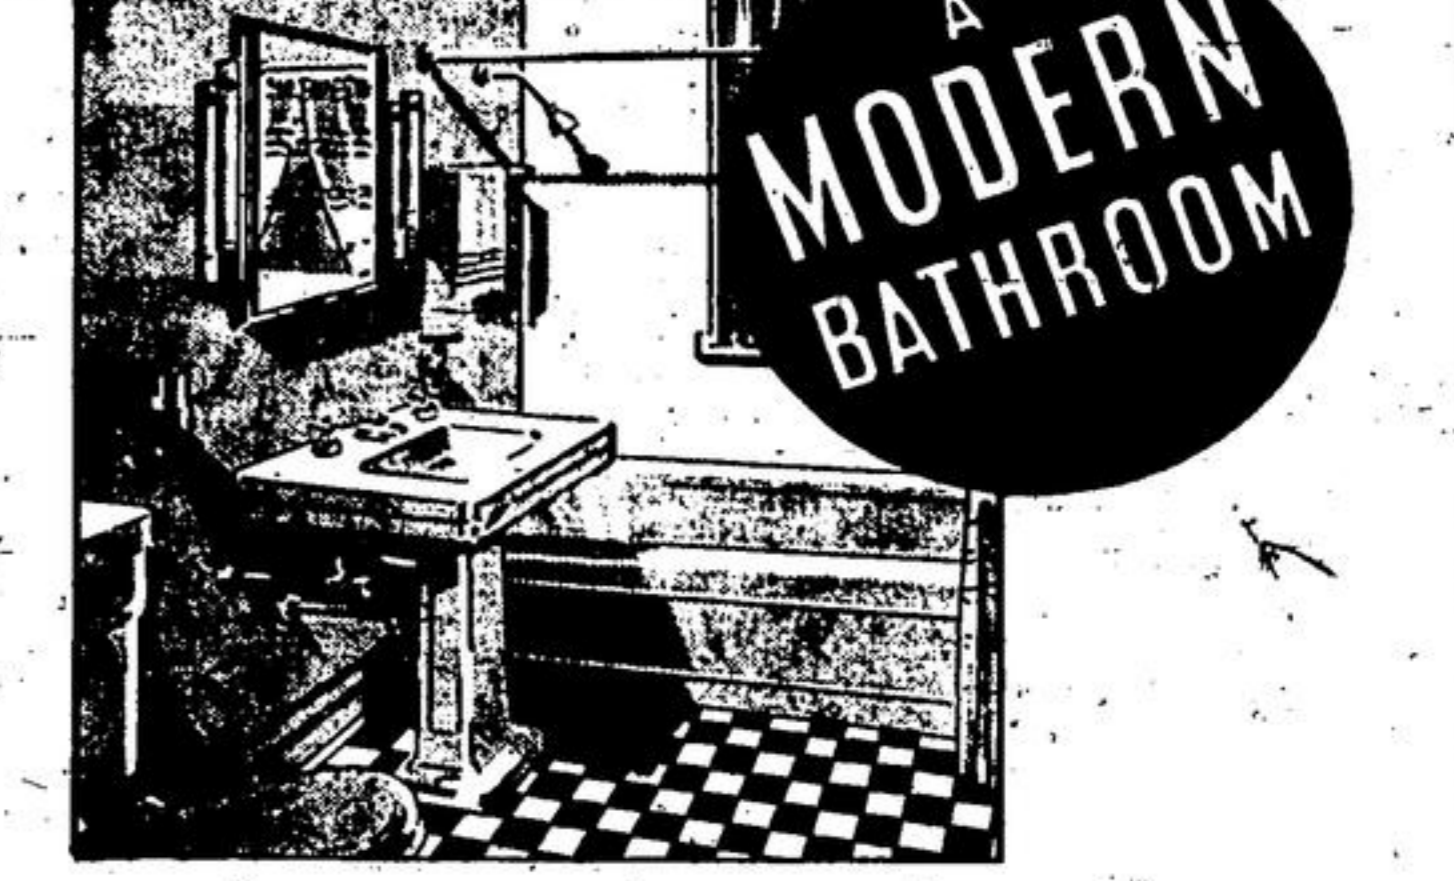

Everyone joined in singing "For They Are Jolly Good Fellows" and a community sing-song followed.

Speeches were made by several of the neighbors, including a speech by the chairman for the evening, Mr. Robert Kerr.

Refreshments were served and a social hour spent by all.

Norah: "I shall announce my engagement as soon as I can find a small flat."
Corra: "I thought you'd already found him dear."

Duke and Duchess Visit Canada

The Duke and Duchess of Sutherland are pictured here upon their arrival at Quebec aboard the Empress of Britain, completing the first stage of a round-the-world trip. While in Canada, the Duke and Duchess will visit some of the Duke's properties in Alberta and British Columbia, and then embark on his private yacht, Sans Peur, to cruise to Alaska and across the Pacific to Australia.
