CHEESE CONSUMPTION

According to a recent survey of 3,213 Canadian families, of which 2,602 were in cities, 251 in villages and 360 in farm areas, the annual per capita consumption of cheese was 4.7 lbs. In detail this amounted to 2.4 lbs. for processed cheese; 1.9 lbs. for mild Canadian cheddar; 0.9 lb. for cottage and cream cheese; and only 0.1 lb. for imported cheese.

Only 23 per cent. of the housekeepers reported that cheese or cheese dishes were served in place of meat. About 17 per cent. of the housekeepers said they would buy more Canadian cheddar cheese if it were packed in convenient sizes and wrapped in a manner that would ensure better protection of the cheese. A quarter of the housekeepers were of the opinion that decrease in the price of cheese would result in larger purchases.

NEW BUREAU HAS IMPORTANT TASK

The Bureau of Economics, established by the Department of Munitions and Supply, will have many important tasks to perform directly affecting the efficient conduct of purchasing in Canada under war conditions. For instance, the problem of expanding Canadian steel industries up to the maximum extent to supply consumption necessary to the wartime economy of Canada, is under study. Last year \$100,000,000 was spent in imports of steel products. This sum should be considerably reduced this year.

MRS. JOHN GRAFF

Following an illness of the past few weeks, Mrs. John Graff passed away at her home, Lot 1, Concession 3, Erin, on Thursday of last week. She was fifty-eight years of age. Born at Sparrow Lake, Ontario, she was a daughter of Robt. Towns and the late Mary Stockhill. Thirty-nine years ago she was joined in holy wedlock to John Graff, who, with the family of eleven children, remain to mourn her passing and revere the memory of a wife and mother who made the home the place beloved by them all. Besides her husband all the family of eleven children remain. They are: Mrs. T. Gordon, Mrs. P. Freeman, Mrs. F. Anthony, Misses Grace, Thelma, Anna and Mrs. E. Worsley, William, George, Howard and Ward. Her father, Robert Towns, also survives her and six brothers, Oliver, George, Wallace, Karl, Grant and Andrew, all of Nipissing.

Mrs. Graff was a woman who took an interest, too, in the church and community about Churchill and here, also, she will be missed. The family have been residents of the district for about twenty years.

The funeral was held on Thursday afternoon, with a brief service at the home and a service in Churchill United Church, conducted by Rev. C. H. Elliott, Toronto, and Rev. A. O. W. Foreman, her pastor. Interment was made in Churchill Cemetery. The pall-bearers were Messrs. Alfred Graff, Russell Miller, C. Downes, S. E. Griffin, P. MacArthur and A. Swackhamer. Flower bearers were Messrs. Chas. CZECHS RESISTING 'PEEL TYRANTS' HATE

Reports in the Neue Tag, a German periodical, show a rapid increase in the number of sentences on Czechs accused of preparing high treason against the Germans.

All the cases seem to have been tried in Berlin, and the charge in each case was that of publishing and distributing anti-German leaflets. The sentence of imprisonment varied from 18 months to 3 years.

STATE-OWNED PLANTS NOT FAVORED

The policy of the Government in setting up State-owned plants for war purposes, was explained by Hon. C. H. Howe, Minister of Munitions and Supply, in the House of Commons, June 17th. He said, "Where a peace-time operation can efficiently carry on war-time work, we believe it is in the best interests of the country to develop the private industry for the purposes of war, rather than start a new enterprise government-owned, for the same purpose."

The Letter Box

Dear Sir: Well, here goes a letter to let you know I arrived safely in Halifax on Thursday night. It was a very enjoyable trip, except that it rained all day Thursday. We passed through some lovely scenery and we also passed through some very old country and some very wet country. Not much crop down this way. What little grain I saw was only a couple of inches high. Most of the farms are what are known as string hundreds. I would have been very pleased to stop off for a few days at some of the rivers and small streams to try the fishing. They sure were very tempting.

Well, navy life has sure got army life beat. We don't sleep on the ground in tents, but in barracks in hammocks, and there doesn't seem to be any shortage of equipment here, as we heard a few months ago. We are all issued with 2 blue and 2 white uniforms; 2 pair of good shoes and a pair of white gaiters and plenty of other clothing.

I hope that when my leave comes due I shall be able to spend it in Acton, providing I am still based at Halifax.

Well, this is all for this time. Hope some of the boys will drop me a line. How are the "Lorne Scots" getting along?

Yours truly, H. V. DRON, A. B. Seaman

DISCOURAGED

The meeting of the women's club was in full swing.

"Mrs. Smith doesn't look very happy this evening," remarked Mrs. Jones.

"No," replied Mrs. Brown, "she sent a pair of socks she had knitted to the Depot, and they sent back a note saying: 'Many thanks—but no more sandbags are required at the moment!'"

GOOD AS A REST

"I wonder why Peck always goes to a lady dentist?"

"I suppose it seems good to hear a woman tell him to open his mouth, instead of shut it."
