

Personals

Aircraftman Jack van Goozen is home from Dunnville for a visit.

Mrs. James H. Reid has been spending a few days visiting in Toronto.

Mr. and Mrs. Jack Robertson, Toronto, were in town Sunday, visiting Mrs. Scott.

Petty Officer Norman Cunningham of the Royal Canadian Navy was home for a few days during the week.

Mr. and Mrs. Fred W. Lee, of Springfield, announce the engagement of their daughter, Doris Irene, to Mr. James A. Ross, of Guelph, son of Mrs. James L. Ross and the late James L. Ross, of Georgetown, the wedding to take place the latter part of January.

CARD OF THANKS

Mr. H. L. Dancy and family wish to thank their many kind friends and neighbors for their kind sympathy and floral tributes during their recent bereavement in the loss of a dear wife and mother.

LAKESIDE CHAPTER HOLD NOMINATIONS FOR COMING YEAR

The January business meeting of the Lakeside Chapter I.O.O.F. was held at the home of Mrs. D. Taylor on Tuesday evening of last week. The regent Miss Emma Robinson presided. Minutes of the last meeting were read by Miss Julie Lesniwick, followed by the treasurer's report by Mrs. E. Fryer. Correspondence was read by corresponding secretary Mrs. V. Inglis, after which reports were given by the convenors of the different committees.

After the business of the meeting had been disposed of, Mrs. Cullen was unanimously chosen chairman. Nominations were held for officers for the coming year. At the close of the meeting lunch was served by one of the groups.

LOCAL BOWLERS IN SECOND PLACE IN SPITE OF WIN

The McCutcheon Bowling Team defeated the strong King Eddie team 2-1 last night.

Despite this win, the McCutcheon's dropped to second place in the standing, one point behind Central Ontario Transport who were able to take 3 points from their opponents and thus gain one point on the locals.

The score:
M. Roote 241 194 151—586
N. Morton 218 241 299—758
M. Holmes 180 223—403
W. Corry 254 223 174—651
J. Adamson 192 163 199—554
C. Lelahman 157 157

McCutcheon's 1085 978 1048—3109
King Eddie's 978 1117 981—3085

Russian Snow On British Boots

Fact follows fancy in the matter of the Russian Army and its boots. In the last war the rumor flew around Britain and throughout the world that Russian soldiers had been seen travelling across Britain "with snow on their boots." This winter there is Russian snow on 3,000,000 pairs of British boots.

Part of the emergency aid-to-Russia program, first deliveries of these boots were being shipped within a week of the Nazi invasion. Half-a-million pairs were sent immediately, and by the end of August 1,000,000 pairs had been shipped or loaded. Britain is fulfilling the whole Russian request for 3,000,000 pairs.

The boots are exactly the same as those worn by British soldiers, and, although taken immediately from the large stocks built up in Great Britain, their shipment created no immediate shortage of supplies. The capacity of the industry is sufficient to meet any further reasonable requirements; in the last war no fewer than 112,000,000 pairs of all types of Service boots were made by United Kingdom manufacturers. Although full statistics of production in this war cannot be given, it is known that in one single week the industry produced 4,000,000 pairs.

The boots are armoured with heel tips, toe tips, and reverse sole-tips. The new last used gives, exactly the correct joint and toe room. Fitting has been specially studied, and three fittings to each size are available. Sizes run from 5's to 12's.

SUCCESS OUT OF FAILURE

Who are the men who succeed in a notable manner. They are those who can rise out of failure and shake it off; who when they are accepted their error, and say, "Now I know where I am weak, that I will never do again"; who look their sin straight in the face, and say, "It is bad and vile, but it can be redeemed by effort, lived down by perseverance in good." Who do not despair, and hide their face in a cowardly remorse; who make their mistakes, their failures, the stepping-stones to their success. —Stepford Brooke.

Giant Plough

Reclaim Land for Britain's 1942 Harvest

A giant trenching plough weighing four tons is now at work in England turning acres of water-logged ground into land which will yield crops next year.

It is an ingenious trenching implement designed in the North of England chiefly for use in land drainage. The new machine cuts channels to a depth of two feet nine inches at the rate of a hundred yards in four minutes.

The base of the trench is cut by a share, while cutters carve the sides, the earth passing up inclined boards to ground level where it is formed into equal ridges on each side. The implement is hauled by a pair of winlasses driven by two diesel engines placed at each end of the field. One winlass pulls the implement along when cutting, the other returns it into position for cutting the next trench.

The standard winlass employed for this work by the designers has a range of gears with different speeds for different soils, and the winding drum carries 450 yards of steel plough rope.

Upon adjournment of the meeting the Benediction was pronounced by the Rector and all remained for refreshments and a social hour. Mrs. Chapman presided at the beautifully arranged tea-table.

TIME CANNOT EFFACE
If we work upon marble, it will perish. If we work upon brass, time will efface it. If we rear temples, they will crumble to dust. But if we work upon men's immortal minds, if we imbue them with high principles, with the just fear of God and love of their fellow-men, we engrave on those tablets something which no time can efface, and which will brighten and brighten to all eternity. —Daniel Webster.

St. Alban's Has One of Best Years In its History

Many Improvements to Property and Indebtedness Nearly All Paid — Membership Increase Reported

Exceptionally encouraging reports were presented by all departments of the church at the annual vestry meeting of St. Alban's Anglican Church held Monday evening, when the Rector, the Rev. E. A. Brooks, M.A., presided for the fifth time.

The Churchwardens' report presented by Mr. Geo. Chapman and Mr. Bruce Pargeter, showed a substantial increase in receipts almost all of which were by direct giving, a negligible proportion having been "raised for the Church." All current expenses had been met in full, the missionary apportionment had been overpaid, and the mortgage principal reduced by double the amount retired in other years, leaving a \$200 balance as the sole indebtedness of the congregation. Plans were made to clear this up during the first quarter so that the mortgage could be burned at Easter.

Improvements made during the year included the re-roofing of the Parish Hall and the re-decorating of the interior, materials supplied by the Sunday School and the work done gratis by Mr. Dick Blanch to whom appreciation was voiced. By special subscription, gifts were received sufficient to replace all the windows in the church with fine new leaded windows of Cathedral amber glass with inscriptions, color borders and a pair of symbolic shields in each. These windows were to be dedicated by the Bishop of Niagara on December 28th, but had to be postponed on account of Bishop Broughall's illness. This service will take place in the near future. One of these windows is a memorial to the late Mr. J. E. K. Cutts and the medallions were arranged from his own designs; another is a Memorial to the late Miss Rachel Stone and Mrs. Maria Statham; a third, given by the congregation, is in honor of the forty-seven men of the congregation who are at present serving in the King's forces.

Excellent reports of the W. A. work were presented by Mrs. E. A. Brooks and Mrs. A. R. Battye showing that with a listed membership of 27 men, they had handled nearly \$450 and done much good with it both parochial and missionary, including over \$30 sent to "Jim Hunter's Fund," sales of clothing, prayer-books sent to the soldiers, and \$175 given to the Churchwardens. Mrs. Cecil Nelles presented the report of the St. Alban's Guild, Mrs. C. O. Ranney for the Sunday School, the Boy Scouts Association by the Rector.

Mr. E. W. Pargeter was unanimously elected People's Warden and Mr. George Chapman accepted Mr. Brooks' invitation to act as his Warden for 1942. Mr. S. H. Webster was elected lay delegate to the Synod of Niagara for the next three years, and Mr. Pargeter substitute delegate. Mr. W. J. O. Oakes was elected representative to the Wellington Deanery Laymen's Association. Messrs. A. R. Battye and C. O. Ranney were elected auditors for 1942. Mr. H. L. Ritchie, envelope secretary and C. O. Ranney Vestry Clerk.

An increase in membership was reported by the Rector and an improvement in attendance at worship, showing that only sixty nominal members had not been in church at all during the year. In the past four years of his incumbency there have been 47 baptisms, 44 confirmations, 26 marriages and 15 burials (of which only four were practicing members). Visiting preachers during the year included the Bishop of the Diocese, Bishop Sovereign of Athabasca, Archbishop Adams of Kootenay, Provost Cosgrave of Trinity College, Canon J. E. Ward of Toronto, Rev. W. G. Suter and A. T. F. Holmes of Hamilton, Rev. C. J. Loat, W. G. O. Thompson, L. D. Brown, S. R. Colebrook and W. B. Irwin.

Votes of thanks were passed to the Rector and Churchwardens, donors of flowers, and all who had worked in any capacity for the church during the year.

Mr. Gus Clifford, the retiring Verger, was made the recipient of a beautifully-bound, large-type Prayer and Hymn Book by the congregation in appreciation of the very fine services which he has so faithfully rendered. Mr. Clifford made suitable reply.

Upon adjournment of the meeting the Benediction was pronounced by the Rector and all remained for refreshments and a social hour. Mrs. Chapman presided at the beautifully arranged tea-table.

WE ARE SEVEN—180's
STOCKTON-ON-TEES, Eng. (CP) — Miss Susan Brown, who celebrated her 100th birthday recently, is this town's seventh living centenarian.

The "Y" Column

The boys' "School-Y" Hockey League is well under way. They have two days a week in the rink after school. The days are Mondays and Thursdays and the time is four-fifteen. The boys are very enthusiastic about the game and in a great many cases, show good playing ability. They should be encouraged to play the game because of its qualities in teaching the boys fair play, co-operation and the necessity of Good sportsmanship.

The Y's Men's Club supper meeting this Thursday night, January 22nd is to be an interesting one with Mr. George Elliott, solicitor and barrister from Milton, as guest speaker. He is interested in boys' work, and he has had considerable experience in this respect with Scouts.

More people about town are beginning to appreciate the Y.M.C.A. as a community service centre. Community planning is an essential function of a democratic community. In a democracy, planning is not the privilege of any one individual nor of any one social group. Many groups take part and the normal day to day work of the community is the medium through which the planning is effected. Any person or group who becomes conscious of other persons or groups and attempts to plan a more effective relationship between them is engaged in community planning. It is, therefore, the function of the Y.M.C.A. to endeavor to create a better feeling and understanding with any person or groups related with or working towards the common goal, to make this world a better place to live in.

Here's to Life
A sense of humor is well worth while: Laugh often and oftener—smile.
Good posture is an aid to mental health.
Variety is the spice of life. Physical activities provide unlimited variety.
JOHNNY GRAY.

Guelph-Acton Combers Lose By 5-4 Tuesday

(Continued from Page One)

Combers seemed to lack the punch to go after counters. When Milverton players fell in the goal to hold one out, a penalty shot awarded the Combers. Meron sunk it into Reinhardt's pads. Wickham drew a penalty. Play was called back continually as Milverton shot the puck down the ice to relieve the pressure. In the last five minutes the Combers turned on steam but scoring seemed out of the question and so to bed at 5-4 for Milverton.

The line-up was:
Guelph-Acton Combers — Neath, goal; Couling and Wickham, defence; Zuch, Centre; Marzo and Ridley, wings; Kestner, E. Marzo, Meron, Morton and Bruah, alternates.
Milverton — Reinhardt, goal; Peck and Smith, defence; Baird, centre; McQuade and Libett, wings; Yost, Salter, Crearar, Carnegie and Dempsey, alternates.
Referee—Dave Johnston, Galt.

The Standing

	P.	W.	L.	Pts.
Waterloo	2	2	0	4
Guelph	3	1	2	2
Milverton	3	1	2	2

This week's games—Friday, Guelph at Milverton; Waterloo at Acton on Wednesday.

SHOTS
Overseas Note — The referees are just as punk as they ever were.

That was Milverton's first win and we were told from up that way the following morning there was liable to be a public holiday over the victory.

Well we've seen days when work was second consideration after winning a game—but not early in the season.

Crowd was pretty fair. Miss the hand but in war time you have to do without the extras.

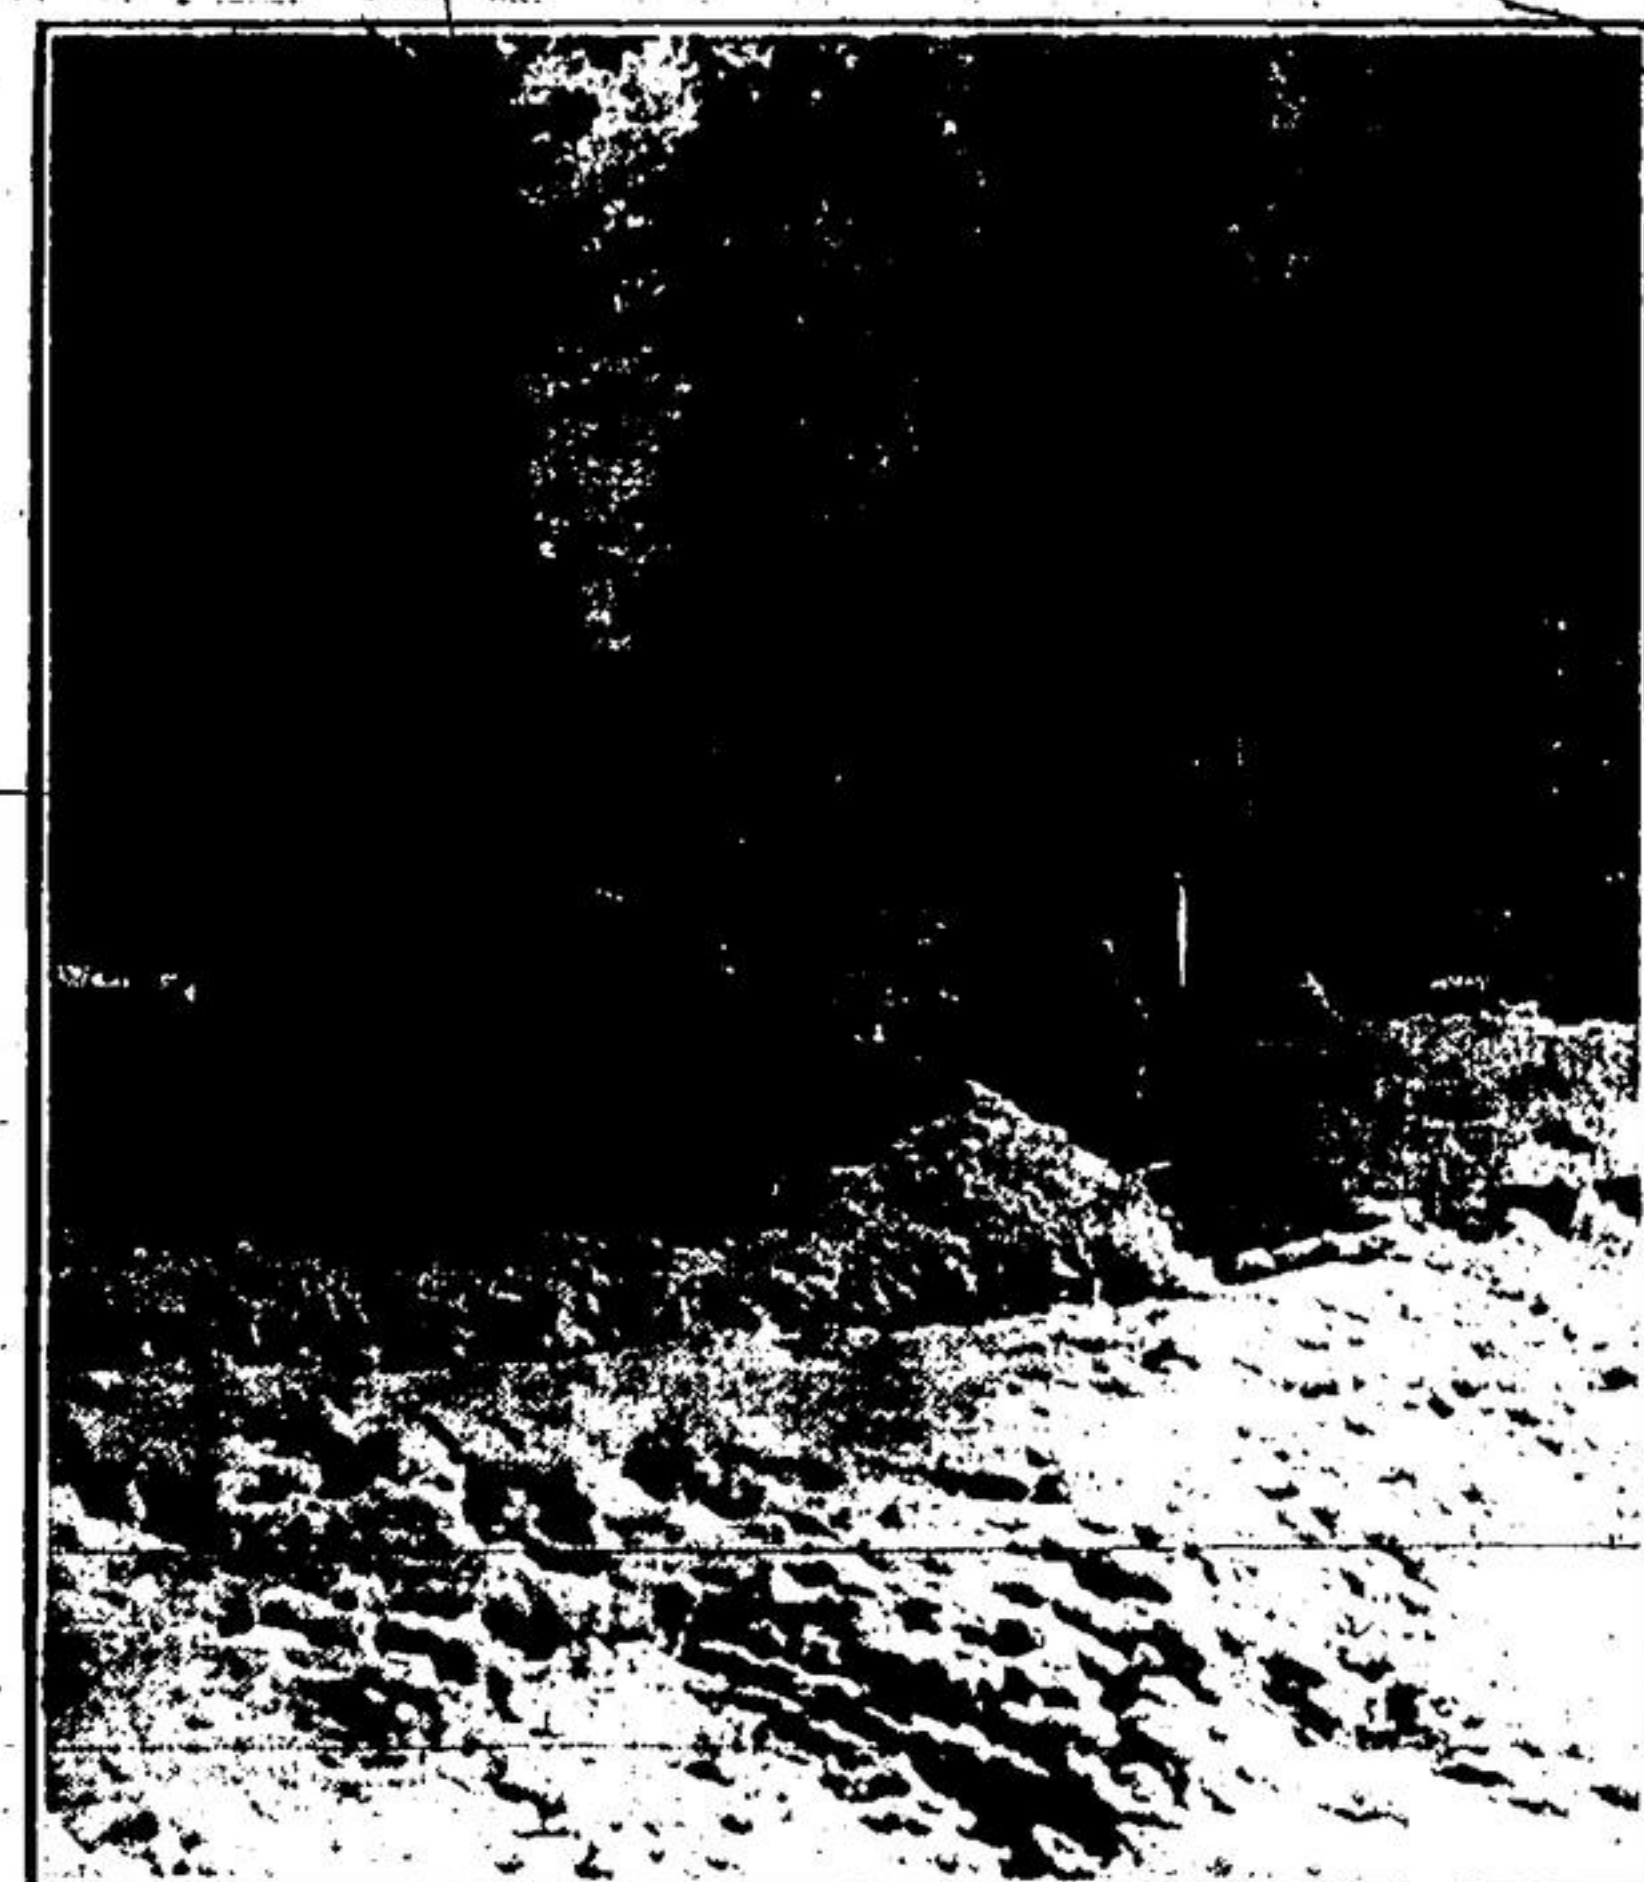

The Combers go to Milverton on Friday. Would like to go but our front tires are too thin.

So the away from home games will have to be received by reports from long distance.

There were four Actonians who went to Preston for the game last week. Less gas and poor tires are cutting down the following away.

Red Cross Meeting

The Annual Meeting of Acton and District Red Cross Society will be held in ACTON TOWN HALL, on

Saturday, Jan. 24th
at 8.00 p.m. (D.S.T.)

The annual reports will be presented and the officers elected for the coming year. The work accomplished will be reviewed and the meeting will hear suggestions for the future work.

Actual War Pictures!

A special feature of the evening will be the showing of moving pictures of actual scenes on the battlefield. Major Watson of the staff of the Red Cross will be present and outline the work of headquarters.

Everybody is Invited
