# "I'LL BE BACK FOR MORE!"

IT'S just surprising how many poultry raisers say that to get on second thought, maybe not so surprising either. It just stands to reason...

It stands to reason that when a hatchery organization like Bray's really bears down, year after year, on the one job of producing the best chicks, it knows how to keep on plugging away at breeding, selecting, blood-testing, check-and-double-check well, it ought to turn out mighty good chicks.

J. P. Derksen, Plum Coulee, Man. "From the first day these birds have done splendidly - envied by all my friends."

Isn't that "the kind of birds you want" Better buy Bray, this year. And better see about it right now, to make sure of getting what you want when you want it.
