DVR. H. BARBER HONORED BY FRIENDS WHEN ON LEAVE

On May 16th about 125 friends and neighbors gathered at the home of Mr. and Mrs. W. D. Barber, "Barholme Farm", Nassagaweya, to spend a social evening with their son Harold. After cards and dancing were enjoyed Mr. Alex. Near called the meeting to order and the following address was read by Pte. Melvin Storey, a former comrade of the Lorne Scots. Dvr. W. H. Barber, R.C.A.S.C., Camp Borden: Dear Harold: We, your friends and neighbors have gathered here to spend a social time with you before you go on your new duty. You have grown up among us and have always been a willing helper in all the community's activities and we are sure wherever your duty calls, you will do the best for your country, as you have done at home. We are proud that you, another of our boys, have answered the call of your country. We ask you to accept this gift as a remembrance and we all wish you the best of luck and a safe return. Signed on behalf of your friends and neighbors: Wilfred Brownlow, Whyman Little, Calvin McIntyre, Melvin Storey. At the proper time Calvin McIntyre presented Harold with a beautiful wrist watch, also cigarettes. On behalf of Dublin Institute Mrs. Anderson read the following and presented a very useful box of soldier comforts. "Good-bye and Good Luck." Sure will miss you when you go. But please remember too, That lots and lots of friendly thoughts Go right along with you. Signed—Dublin Women's Institute. All joined in singing for "He's a Jolly Good Fellow." This address was then read by Mrs. Walter Linnham. Acton, Ontario, May 16th, 1942.

We are taking this opportunity to meet with the friends of your community to-night. As you go to other fields in the name of King and Country we wish you the best of luck and safe return. We ask you to accept this small gift as a token of our esteem and may it ever remind you, as you use it, of your many friends in Dublin Literary Society. Signed: H. Burkholder, D. Waldie, Mrs. R. Linnham. Mr. Waldie presented a lovely pen and pencil set and cigarettes. In his reply Harold said this was certainly a surprise for him, but wished to thank his many friends and neighbors, Dublin Women's Institute and Dublin Literary for the lovely and useful gifts, and hopes he would be back again soon. Col. Dallintine was then called upon for a few words, after which lunch was served and a social time enjoyed.

IN HONOR OF "B.P."

LONDON, (CP) It has been decided to build a hostel in London for overseas scouts, to commemorate the life work of Lord Baden-Powell, former Chief Scout.

LIVING IN ZOO

ZURICH, (CP) An official statement says that the housing shortage in Denmark is so acute that the former Zoo at Horsens is filled with children and adults who live in cages converted into dormitories and sleep behind bars. because its construction is faulty, but because civilized man does not provide it with the necessary conditions for its normal growth and development, and treats it with indifference throughout his whole life. The beauty of the body, its form and carriage and the ease and freedom of its movement, depends entirely upon the spine. A crooked and stiff back gives bad carriage, and heavy clumsy movements. The health of the body is also dependent in many respects upon the spine, if the spine is crooked and stiff the ribs sink in, and the chest becomes flatter, smaller in capacity and less moveable. The capacity for deep breathing is reduced, and thereby the ability of the lungs to function and their resistance to disease lessened. For example, tuberculosis. A straight, supple and strong back is therefore not only of importance for the beauty of the body, but is essential for its health. (To Be Continued)

THE BACK

(By Herr K. A. Knudsen, State Chief Inspector of Physical Education, Denmark) The development of the back is the chief point of the whole development of the body. This is incontestable, but it is also incontestable that bad backs are a disease of civilization. Civilized man has not made the culture of the body keep pace with other culture.

First a few words about the spine. It has twenty-four movable vertebrae which have 168 processes consisting of 6 joint processes and 72 muscular processes. There are approximately 120 joints, 400 ligaments and 550 muscles or muscle endings. Its structure is, therefore, extraordinarily complex. The spine must have two properties which are incompatible with the unimpaired physical world, it must be both a strong column capable of bearing weight, and it must be moveable in all directions. It is due to its complex structure that it can fulfil these two barely reconcilable claims. In a mechanical sense the back is a masterpiece. But just because it is of such complex structure it is deformed with extraordinary ease, not

This Thursday night May 21st, 1942, the annual meeting of the Acton Y.M.C.A. will take place. It is important that all adult members of the Y.M.C.A. be in attendance. Reports of the work and progress of the Y.M.C.A. during the past year will be given. There is an opportunity for you as a member of the Y.M.C.A. to help decide who will be on the Board of Directors. You will have the privilege of voting to determine this point. There will be cards and dancing and refreshments. Be on hand at 8:00 p.m. sharp. The Y.M.C.A. activities in the building will be held off on Monday May 25th, in acknowledgement of the Twenty-Fourth of May holiday.

Halton Breeders Donate Calves To Swell War Funds

Halton County Holstein Breeders are donating a high class pure bred heifer calf to be sold in War Effort Calf Auction, which is being held in conjunction with the National Holstein Sale at Brampton, Ont., on May 27th. Last year, through the sale of calves and donations, Canadian Holstein Breeders raised \$11,586.06 which was sent to England and used chiefly for Shipwrecked Mariners' Relief Funds. The gross receipts from the sale of the fifteen calves being donated by the Holstein Clubs in Ontario this year will be used for the same purpose. The calf to represent Halton Holstein Breeders' Club was given by Gordon Tasker, Milton. The original intention of the club executive was to buy the calf as was done in most of the other counties or groups of counties, but when they selected Mr. Tasker's calf he insisted on making it a personal donation. C. D. Graham, Chief of the Ontario Holstein Extension Service, who is also secretary of the War Effort Calf Auction Committee, states there will be few, if any, better bred calves than the Tasker heifer offered in the sale. Born January 31 of this year she is a daughter of Mr. Tasker's herd sire Glenilton Supreme and is out of a dam that made 28,090 lbs. milk and 941 lbs. fat in a year. Her dam has made a number of good records one of which is around 28,000 lbs. of 3.7 milk made in the Tasker herd and her sire, in turn, has a number of high record sisters including the former Canadian champion, Springbank Abbecker Adaline that has two records above 30,000 lbs. milk and 1,000 lbs. fat on three times per day milking. The Annual Halton-Peel field day is being held at the Ontario Agricultural College on Saturday, May 30th in connection with this E. J. Meagher of Graymar Farm, Oakville, is donating a January heifer calf which will be sold at auction. The Peel Club through their president J. M. Fraser of Strathville, is also donating a calf and the proceeds from the two calves will be donated to Red Cross Funds. The Meagher calf is sired by the Graymar herd sire Armo, Major Chieftain, out of a 21,307 lb. gold metal daughter of Soo Silver Aggie. His sire is Montvic Peach Chieftain recently purchased by Eaton Hall Farms at \$1,100. The calf's dam is a two year old heifer out of a daughter of Montvic Chieftain 29th. The grandam has a Junior 2 year old record of 14,413 lbs. of 3 per cent milk on two times milking.

LOVELL BROS. MEAT MARKET Mill Street, Acton Phone—178

DRASTIC NEW REGULATIONS restricting sales of new, retreaded, and used tires, new and used tubes, and retreading services ARE NOW IN EFFECT Only a limited few, the owners of essential eligible vehicles, may now obtain usable tires or tubes, or retreading services. Apart from sales permitted by the new regulations, no person may buy, or sell, borrow or lend, barter, give away, mortgage, burn, cut, destroy or otherwise dispose of any such tire or tube. Eligible vehicle owners are divided into three classes, on this basis: Class: Who may buy? What may be bought? How purchases may be made: "A" Physicians, Visiting nurses, Firefighters, Police, Certain trucks, etc. "B" War Technicians, War supply inspectors, Taxi owners, etc. "C" Food inspectors, Scrap buyers, Travelling repairmen, Rural school teachers, etc. FULL DETAILS OF THE NEW ORDER ARE OBTAINABLE FROM ANY TIRE DEALER Very severe penalties will be imposed for any infractions of the new regulations. The tire dealers of Canada are co-operating with the Government in the efficient operation of the order, and in its enforcement. It is their patriotic duty to repair and legally resell all usable tires in their possession, and turn over at once to the nearest salvage agency any scrap rubber they have on hand or receive in the future, including all tires and tubes no longer serviceable. Every person, whether a dealer or not, must report by May 31 to the Tire Rationing Representative at his nearest Wartime Prices and Trade Board office, all tires and tubes in his possession on May 15, which are not scrap, and which are not on the running wheels and one spare rim of each vehicle he owns. Department of Munitions and Supply HONOURABLE C. D. HOWE, MINISTER, OTTAWA CONSERVE YOUR TIRES—THEY ARE PROBABLY THE LAST YOU WILL HAVE UNTIL THE WAR IS OVER
