Awards Won in All the Classes in Hall and Fields — Splendid Exhibit of Heavy Horses — Classes in Hall Were Well Filled — Rain Interfered With Showing.

This week we present a complete list of the prize awards at Acton Fair on Friday and Saturday. Clear telephone lines for ALL-OUT PRODUCTION

Your telephone is part of a vast interlocking system now carrying an abnormal wartime load. Don't let needless delays hold up messages on which production efficiency may depend.

OTHER "WARTIME TELEPHONE TACTICS"

- 1 SPEAK distinctly, directly into the mouthpiece.
- 2 ANSWER promptly when the bell rings.
- 3 BE BRIEF. Clear your line for the next call.
- 4 USE OFF-PEAK hours for your Long Distance Calls. These things may look trifling, but on a 500,000 daily telephone calls, they are very important.

On Active Service Giving Wings to Words

While the flames they had helped to ignite were still consuming vast areas of the German city of Saarbrücken, a Royal Canadian Air Force bomber crew landed at Ottawa recently, little less than 22 hours after they had dropped their bomb load on that nerve centre of Nazi industry. "It was flaming like a fuddy circus" was one of the lads' reports on his last glimpse of Saarbrücken. These youngsters have completed more than a score of operations over enemy territory, dropping thousands of pounds of bombs. They have participated in the 1000-bomber attack on Cologne and every important raid before Saarbrücken. Oranges, scarce overseas, were a welcome sight to the lads. Pictured above is Prime Minister King presenting a bowl of oranges to Sergeant Don Morrison, of Sherbrooke, 20-year-old wireless-air-gunner.
