# Invest in VICTORY

● Victory Bonds are the best investment you can make.

In this critical year of the war—when everything depends on an all-out effort—every dollar that Canadians can muster must be a Fighting Dollar. While they are fighting, they remain YOUR dollars.

But if you spend money on things you can do without, you are withholding these needed dollars from the war effort. You are keeping them out of the fight.

Men are fighting and dying for freedom—giving their all that We remain free. YOU are asked only to LEND your money to back them up.

Victory Bonds are guaranteed by the full resources of the Dominion of Canada. They yield a fair rate of interest. They can readily be sold when you need the cash.

After the war, you will be glad of this money you have saved and loaned to Canada. You can spend it THEN on the things you want.
