What Determines the

VALUE

OF ADVERTISING SPACE?

"Reader Interest" Determines The Value of Advertising Space

Advertising experts all agree "reader interest" in a publication is the most important factor in determining the value of advertising space.

When subscribers get The Free Press they read it. They have paid for the service The Free Press renders and for having it delivered, addressed personally to each and every one of them. It is not thrown on the door step in the hope that it will be noticed as are handbills and posters; but is directed to the personal attention of every householder who has paid for receiving it. This payment is the Guarantee of its heing read.

The Free Press Has That Local Reader Interest .

Of that there can be no argument. The Free Press carries a complete news coverage of Acton and district as well as other valuable and interesting features. It is eagerly looked for every week by all its readers because it contains hundreds of individual items and stories about the people of Acton and district.
