Letters from the Local Beyo Serving in the Came of Freedom

Mr. Dilla.

It is some time now since I had last written you so if thought if had better send you a few lines.

I have been getting quite a lot of parcels, and cigarettes from the Acton and Vicinity War Services and sure appreciate all that the folks are doing for the boys over here and take this opportunity of thanking one and all: for these gifts.

we all wish we were back in Canada again but have a job to do and until

since landing in Ataly, one was the snow-capped mountains in the sunshine. But I cannot tell much about the country so will leave that till we get back to Canada.

didn't get much of our Christmas mail until about the end of January and some of them are still getting Christmas parcels.

> > Yours truly. Pte E. G. Wilson

I have been receiving your paper quite regularly since I came overseas, and wish to thank you and also the for me to keep up on all the latest news around the old home town.

From what I've heard, I won't know the place when I see it ngain. Right now the people over here are pretty excited about the big push that is soon to come. Believe me it can't come too soon. When it does come, you can bet that the Canadians will put up a good show. We are all

ready and waiting for it nnyway. I guess the old town is pretty quiet hese days, with all the young fellows in the Army. Every paper I get there is a piece in the bottom left hand corner which says, so and so has joined up. There can't be many fellows around now. I don't imagine arator; and other articles. the Saturday nights are as busy as

they used to be either. Well I'm running short of news Sacks; Pair Horse Blankets. so in closing I'd :like to thank the "Acton Ladles Auxiliary" for the smokes and swell parcels I received | FURNITURE-Cook Stove; Kitchen

Yours sincerely,

Harold Simpson

I am just writing a few lines to say I am getting my cigarettes and parcels though sometimes not as regularly as we used to in England. Well I received a parcel a couple of nights ago with some Free Presses in it and was glad to read about the

home town. Also I was very surprised to read I was in Canada and not in Italy on the Active Service List that was published in the November 18th issue.

Just thought I would call your attention to it as I think that I am the only E. G. Elliott in Acton and the Private Ted Elliott you have as still in Canada is just a nickname of mine so I think you have 2 in 1.

I believe this is the first letter have written you but we have been rather busy lately, and with the mud up to your knees etc., we don't have much time.

Close for now.

Sigmn. Elliott E. G.

Dear Mr. Dills:

I have received two copies of the Acton Free Press and wish to thank you very much. They are a long time coming but I really enjoy reading all the home news.

I have been over here eighteen and a half months and have seen several parts of England and a small part of Wales. I haven't been to Scotland yet but hope to go on my next leave. Many places have been badly damaged in England but it is still in good running order. I have been very lucky so far not to be caught in an air raid but I am always touching wood. I have met some of the boys from Acton and vicinity, Grant Allen, Gordon Cook, Bob Emerson, Ted

Clifford, Tpr. Robson and Tpr. Taylor. I sincerely appreciate the Christway to the Acton and Vicinity War Service League.

We all look forward to the day when we return to Canada but until 1 Electric Motor; Milk Strainer and then much must be done and we Dairy Palls. know we can depend on the folks at home to back us up. I will say so long now, wishing you all the best, the proprietor is giving up forming Yours Sincerely.
