Obituary

JAMES D. SMITH

Following several years of ill health, James Daniel Smith passed away on Sunday, Tuesday, in Christie Street Hospital in Toronto, where he had been since Thursday. Mr. Smith was a veteran of the First World War and while serving in France he was badly gassed. While for many years after the war he carried on his work at the Boardman Co. plant his health gradually grew worse and he has been unable to work for the past two years or so. He was in his 56th year.

Born in London, England, James Smith came to Canada as a young man and has resided in Acton for about thirty-five years. He served overseas with the Fourth Battalion and his comrades all admired him for his service, loyalty, and as a good soldier. James Smith was a quiet man who complained little of his disability but once his suffering as a real soldier. He attended St. Alban's Church and was a member of the Acton Branch of the Canadian Legion.

Besides his wife, who was formerly Lillian Bridges, he leaves a little five-year-old son, Paul at home and a son Douglas with the R. C. A. F. at Trenton and Margaret at Ottawa. The latter two children of his first marriage. Sympathy of many friends goes to this bereavement.

The funeral was held on Tuesday afternoon with a service at the Johnstone and Ramsey Funeral Home in charge of Canon Smith. A fine group of his comrades in the Legion attended and in a body and conducted the graveside service.

Interment was in Fairview Cemetery, Acton. The pallbearers were: Comrades Gordon Smith, Geo. Green, Alex. Hurton, W. Gales, Wm. Middleton, and Harry Wilson, of Guelph.

Financial Aid and Homes For Soldier's Folk

Difficulties encountered by soldier's families in obtaining housing accommodation have resulted in the adoption by the government of a two-pronged plan to relieve the conditions. 1. Boards of trustees handling dependent allowances are authorized to provide supplementary grants on special financial assistance to families who may be threatened with eviction and have other accommodation available but require aid to cover transportation costs.

2. The housing program which is to be undertaken this year will contain financial provision for houses which may be required to accommodate soldier's families for whom other accommodation is not available. This type of houses will be erected under conditions similar to those covering the temporary housing of munition workers, handled by the government company, War Time Housing Limited. Some of the houses to be built will be allotted to municipal authorities to be administered for the relief of soldiers' dependents.

The following telegram dealing with this very important subject was received during the week by Rev. J. M. McDonald, Reeve, Acton, Ontario. Your municipality is in the area of twelve counties in which we administered for the Dependents Board of Trustees, Ottawa, the supplementary grants fund from which supplementary grants or special financial assistance is available to qualified dependents of members of the armed forces where such dependents have special or emergency needs. This includes assistance to such dependents who may be threatened with eviction and have other accommodation available but require financial assistance to meet transportation costs.

In view of critical May 1 election situation in certain municipalities and since our ability to give financial assistance under above circumstances may not be clearly or generally understood, may we solicit your immediate co-operation in giving this information as wide circulation as possible. Have immediate contact made with such as your welfare department and branches Canadian Legion and welfare organizations and women's auxiliaries to overseas units and war services citizens committees and local press and local radio or other interested organizations. It would help to assure us and federal government that dependents and all interested in their welfare would have knowledge of this assistance available through us which we are both willing and anxious to place at disposal of qualified dependents.

While existing housing situation is of greatest present concern and is reason for this communication you may be interested to know that since commencement of fund by Order in Council January 1942 we have dealt with 6000 applications and have given financial assistance of two hundred thousand dollars to dependents in our area of twelve counties. Please request anyone concerned or interested to communicate with us by telephone or telegram if necessary. Address: Dependents Advisory Committee, Imperial Building, Hamilton. Your anticipated co-operation sincerely appreciated.

H. K. Wood, Chairman. Dependents Advisory Committee.

MOFFAT

The fine weather has permitted the farmers to begin their spring work. Let us hope that the season may be favorable and that the seed may bring forth bountifully. Production is certainly an important side of our war effort and help for the farmer is very scarce.

The Easter drama, repeated by the boys and girls of No. 3 in the school room of the Presbyterian Church on Thursday evening was greatly enjoyed. Both the teacher and scholars are to be congratulated.

We are sorry to note that Mrs. Chas. Roberts met with a painful accident during the week. Catching the heel of her shoe, she was thrown in the open door of the calloway, sustaining a gash in the head requiring several stitches. She is however doing nicely and will soon be around again.

Mr. Lloyd Campbell and Mrs. Campbell were home for the week-end from Toronto. They will soon be among us permanently as Lloyd has secured release from the Royal Canadian Navy to engage in working the farm.

We understand that Mr. Clarence Dodge has bought the property occupied by the late Mrs. John Jones and will be moving in soon.

Mr. John Robertson, who has been in hospital at Hamilton, is progressing nicely and will soon return to his home.

Mr. Frank Hathaway is in Guelph General Hospital for a few days having tonsils removed and will be on holidays for two weeks.

We are glad to see our town's grader leveling our roads. The improvement is certainly appreciated by the motorists.

PRIMATE SPEAKS OUT

LONDON (CP)—Whatever the law, public opinion should stamp as guilty of "high treason" the landowner who makes money over and above what he is entitled to through the war, Mac Rev. William Temple, Archbishop of Canterbury, said in discussing speculation in land value.

THIS WEEK

By JOHN C. BOOPER, Canadian Press Staff Writer.

TORONTO (CP)—Among Ontario's distinguished visitors this week was Most Rev. and Rt. Hon. Cyril Forster Garbett—Archbishop of York and Primate of England—who, in his first address on Canadian soil emphasized that the greatness of a nation must be built on spiritual as well as on material foundations. Religion is relevant to the life of the whole nation.

The archbishop also told how the church is taking a part in a changing world order. He said that in Britain to-day "the voice of the church is heard more clearly than ever before in its denunciation of slums and unemployment and its demands for better housing and working conditions."

Discussing the war in an earlier interview, Archbishop Garbett said that "opinion in Britain is dead against a negotiated peace," and added "the war must be fought until Nazism is destroyed."

Another prominent visitor to the province during the week was M. J. Caldwell, national C. C. F. leader. In an address here he said that a democratic world in which planned production for community use can develop "is a plain necessity if mankind is to be spared an Arctic night of stark reaction."

James Burns and Ross Peitch, competed in the Evening Musical Festival last Saturday evening at Brampton, in the Euphonium solo class. Ross Peitch placed second with 89 marks and James Burns placed third with 87 marks.

McIntyre Hood of the Ontario Department of agriculture reports excellent progress is being made this year in sowing and planting throughout the province. Ground conditions are excellent and work is well ahead of last year at this time.

Conditions in the fruit belts are good with little winter damage being reported, especially to peaches which suffered severely during the 1942-43

winter when 20 per cent of the peach trees were destroyed. Mr. Hood said that fruit farmers are experiencing difficulty in replacing some of this loss to scarcity of nursery stocks.

Other signs of summer: The speckled trout season opened last week-end. Toronto's international league ball team came home at the top of the league standings. Victory gardeners got their first chance to complain of backaches during the past week. Urban seed stores were jammed with customers.

Ontario Farm Service camps began receiving high school girls who will help the province's farmers who are short of labor.

The May 1 moving crisis in Ontario appears to be over temporarily anyway—and apparently no families were left "on the street" in any of the communities where the housing problem was reported severe.

In most cases families whose tenancy legally expired May 1 and who had no homes to go to were taken care of by relatives or by friends. Some families, too, were left in uneasy occupation of the premises they were supposed to vacate, facing possible eviction proceedings which would take at least two weeks to complete.
