

TOOL APPEARED

There is a search for the tool which was used in the murder of the late Mrs. J. J. O'Connell. The search is being conducted by the police and the coroner's jury. The tool is believed to be a small, sharp object, possibly a penknife or a similar instrument. It is thought that the tool was used to inflict the fatal wound on the victim. The search is being conducted in the area around the crime scene, and it is hoped that the tool will be found soon.

The Sunday School
Necessity

BY JAMES O'CONNOR

Children of the Sunday school are the future of the church. It is the duty of the church to provide for their spiritual and moral education. The Sunday school is a place where children can learn the principles of the faith and develop their character. It is a place where they can find a sense of purpose and belonging. The church must continue to support and strengthen the Sunday school, for it is the only way to ensure the future of the church.

Twenty Years Ago

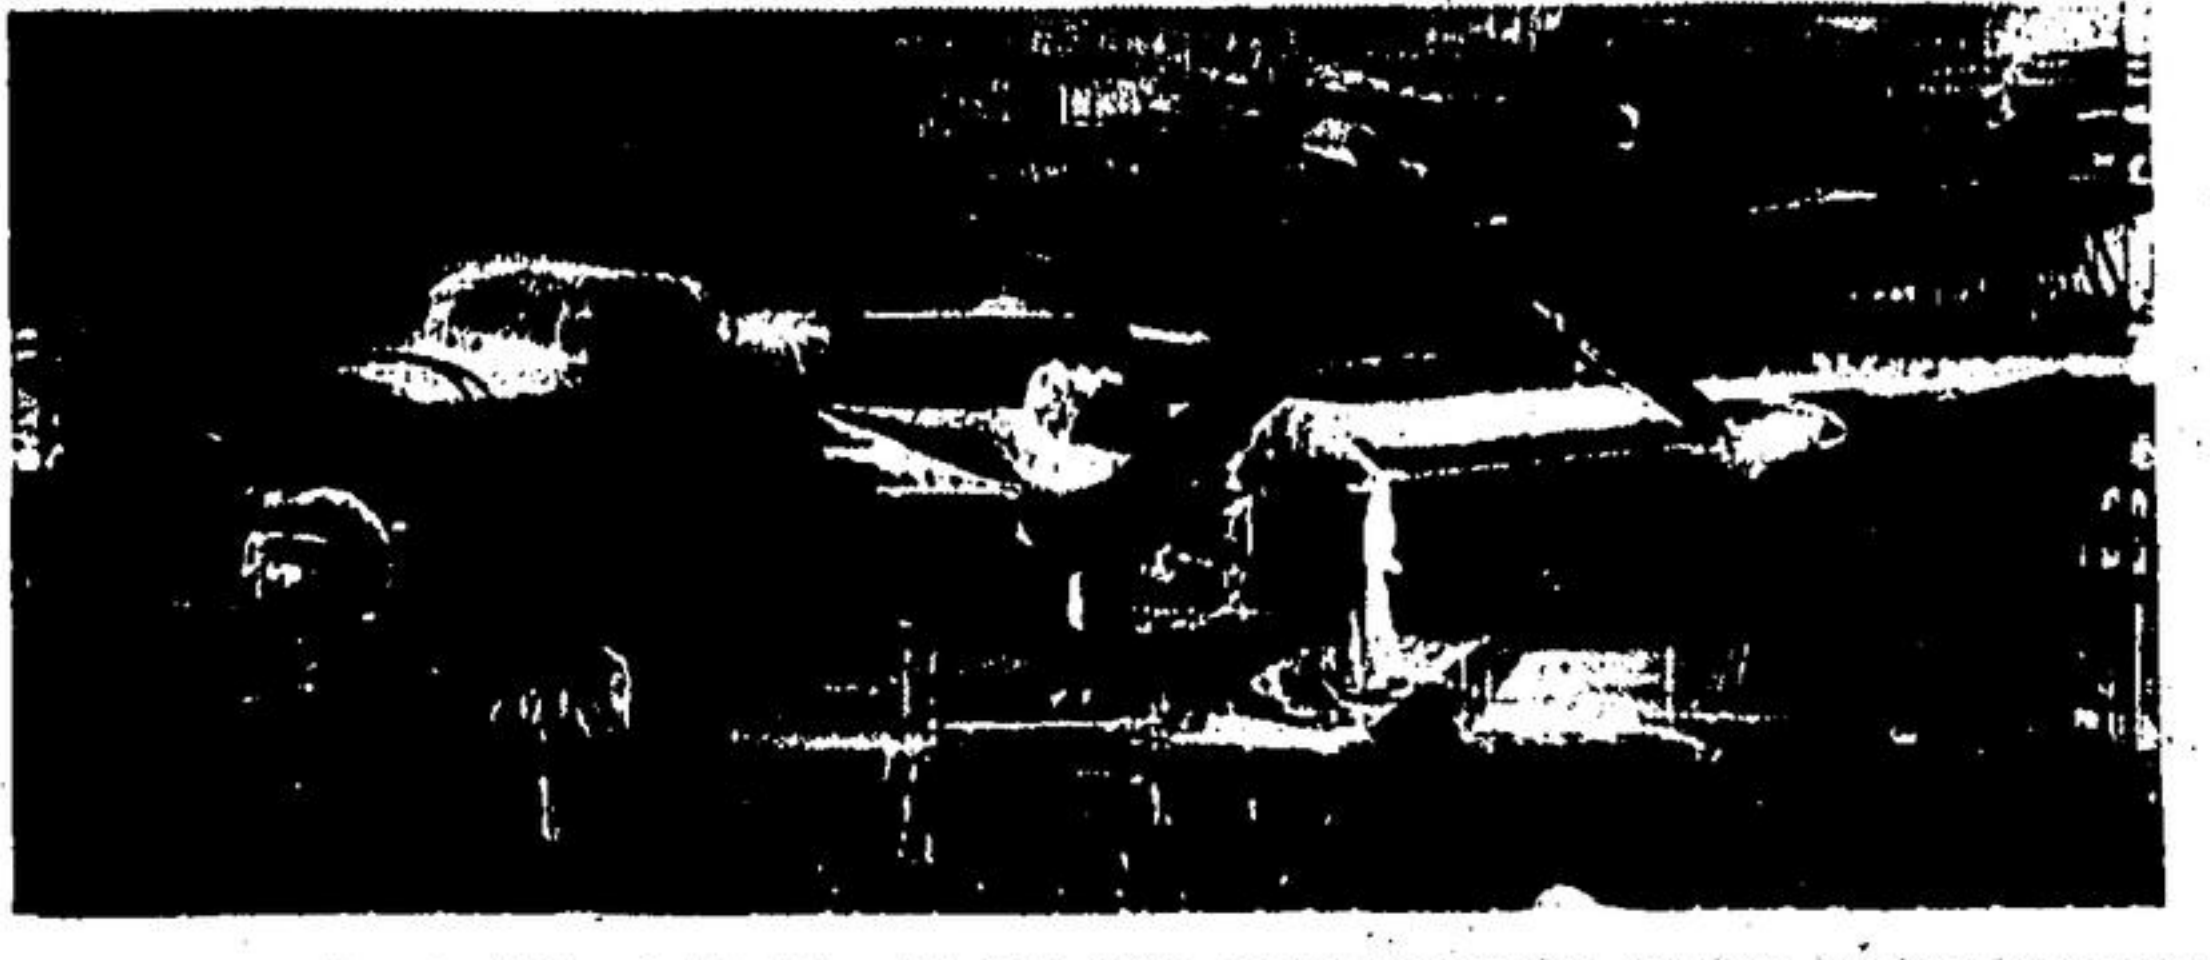

By James O'Connor

Twenty years ago, on May 19, 1914, the world was in the midst of a great crisis. The sinking of the Titanic had just occurred, and the world was in a state of shock and mourning. The disaster had claimed the lives of over 1,500 people, and it had shown the world the fragility of human life. The sinking of the Titanic was a tragedy that would be remembered for generations to come. It was a reminder that we are all mortal and that we must live our lives to the fullest.

Following the Plan Over the Reception

The diagram illustrates the path of a flight or a path of travel across the Atlantic Ocean. The path starts in the North Atlantic and goes south towards the equator. The diagram is labeled 'Atlantic Ocean'. The path is shown as a series of connected points, representing a route that follows the curvature of the Earth. The diagram is a simple representation of a flight path or a path of travel across the Atlantic Ocean.

VICTORY GARDENS IN BRITAIN

MICROWAVE

The success of victory gardens in Britain is a testament to the ingenuity and resourcefulness of the British people. These gardens have provided a valuable source of food and nutrition during a time of great need. The success of these gardens is a result of the hard work and dedication of the British people. It is a testament to their ability to overcome adversity and to find solutions to their problems. The success of these gardens is a source of pride and inspiration for all.

The Shortest Thing in the World

No, not a grain of wheat nor a mosquito's whisker -- PUBLIC MEMORY.

You may have been in business for fifty years and the people know about it. But they forget -- now customers are being born every minute and they grow up and have to be told.

A Note to Merchants

Unless you keep telling them by Advertising what you have to offer them, the fellow who has only been in business fifty weeks, and who advertises intelligently will prove to you the truth of it.

You Must Tell Them to Sell Them
