Mr. and Mrs. Wm. Burrows and Mrs. Austin Reid of Stratford and Mrs. J. H. Helmbecker of Toronto visited with Mr. and Mrs. S. J. Reid during the week.

RUSSELL-MACKENZIE JUNE WEDDING IN LISTOWEL CHURCH

Carrying a bouquet of white roses, tied with Mackenzie tartan ribbons from the bagpipes of her late father, and wearing a white tulle taffeta gown, floor length, enhanced with white lace applique, falling from a lace Juliet cap, Miss Catherine Campbell Mackenzie, Hamilton, daughter of Mrs. Catherine Mackenzie, Listowel, and the late Malcolm Mackenzie, Stornaway, Scotland, became the bride of David Johnstone Russell, eldest son of Mr. and Mrs. Stanley Steele Russell, Oakville, on June 17.

The ceremony in Knox Presbyterian Church, Listowel, was performed by Rev. W. E. Kelley, assisted by Rev. A. H. Johnstone, Mitchell. Huge baskets of peonies and orange blossoms formed the setting for the ceremony.

Given in marriage by her uncle, Murdo Angus Mackenzie, Toronto the bride was attended by her cousin, Miss Catherine C. Gibson, Walkerville as maid of honor, who wore a floor length frock of aquamarine rayon, with matching headpiece and carried pink roses. Mr. Jock Sault, Toronto was best man. Miss Alice Hall, A. T. C. M., played the wedding music and Mrs. Gordon Johnson, Kincardine sang "I'll Walk Beside You." LAC E. H. Salmon, Mimico and Mr. Art Walther, Toronto ushered the guests.

After the ceremony, a reception for sixty-five guests was held at the Royal Hotel. Receiving, with the bride couple was the bride's mother in a dull blue sheer dress, black accessories and a corsage of red roses. The bridegroom's mother wore a lime crepe frock, violet accessories, flower hat and a corsage of pink baby roses and fuschia.

For a honeymoon trip to Muskoka, the bride changed to a beige tropical dressmaker suit, brown accessories, orchid corsage and wore a brown squirrel neckpiece, the gift of the groom. Mr. and Mrs. Russell are both graduates of the Ontario College of Pharmacy. They will reside in Hamilton, Ont.

Congratulations were cabled from Lieutenants Ken and Doug Russell, Overseas and Miss E. Forsyth, Dunfermlie, Scotland, aunt of the bride. Also there were many telegrams from Canadian friends who were unable to attend.

Out-of-town guests were present from Toronto, Detroit, Schenectady, N. Y., Oakville, Acton, London, Walkerville, Hamilton, Mimico and Brantford.

PRONOUNCED SUCCESS

Professor: Name two pronouns.
Student: Who, me?
Professor: Correct.

LONDON—A new scheme has been established for the production of special entertainment films for children with Miss Mary Field, a pioneer in educational and scientific films, at the head of it. Before the war an increasing number of schools were using films as an auxiliary to classroom teaching work but few films exclusively for the young have hitherto been produced.

THIS WEEK

BY JOHN C. SACKET
Canadian Press Staff Writer

TORONTO (CP)—Ontario Liberals this week expressed confidence in the leadership of former premier Henry Nixon and pledged to him united support, but gossip in party circles had it that Mr. Nixon was headed for the senate and that a successor would be chosen possibly before the next session of the legislature.

A lot of names were bandied about in hotel corridors gossip during the annual meeting of the Ontario Liberal Association and among those mentioned most prominently in connection with a possible change in leadership were Arthur Hlaught, member of parliament for Harry Sound, a St. Clair Gordon, former provincial treasurer and one-time chairman of the Liquor Control Board of Ontario, and Lt. Col. Henry Hamilton, retiring president of the association.

However, Mr. Nixon is still the Ontario leader and succeeding Col. Hamilton as association president, is Archie J. Haines, retired Jordan business man and one-time Liberal member of the legislature for Lincoln who resigned his seat in 1941 over a dispute concerning the granting of a license to a St. Catharines hotel.

It was the first meeting of the association since April 1943 when Mr. Nixon assumed the leadership and later the provincial premiership only to see his government defeated at the polls last August. And the meeting heard him declare the party was defeated at the polls because those in authority got out of touch with the people.

He stated also that the opposition parties in the province had been organized for the election many months ahead. Adding that he was not offering any advice for the defeat he said that "temporary defeats at the polls have to be accepted philosophically."

Mr. Nixon urged the provincial Liberals to organize and to make sure their organization was on a sound basis. Much had been done along this line already.

Agriculture Minister Kennedy reports present indications are that Ontario will be blessed with the most bountiful crops in many years. This, he said, is a welcome contrast to last year when the province produced the smallest crop of most foodstuffs in recent history.

He said, however, that the expected heavy crops would pose a tremendous marketing problem and he appealed for more high school boys and girls to help on farms.

While touring northwestern Ontario, Premier Duggan said in an address in Fort Frances that unless licenses are granted by the federal government for air routes which can be developed before the end of the war, Ontario itself will go into the business in the western part of the province.

"I think most emphatically we will lose the opportunity we have if licensing for inter-urban routes is deferred until the end of the war because the time to act is now, before the demobilization of the men and women who will be needed," he said.

Quebec and Ontario Fruit Outlook Good

Crops Generally Expected to be as Good or Better Than 1943

BY THE CANADIAN PRESS

Quebec and Ontario appear to be headed for a good fruit-producing summer.

Orchards in general have wintered well and with few exceptions crops are expected to be equal to or ahead of last year. Ontario peaches and cherries which took a beating from poor spring conditions in 1943 are in far better shape this year while Quebec late apples—that province's main fruit crop—may top the 1,000,000-bushel mark compared to 911,000 last year.

Quebec's early apples, however, fared badly this year and prospects are for a crop inferior to 1943 because of frost damage during the flowering season and strong winds which dried the flower pollen. The apple situation in western Ontario is good in all districts while in eastern Ontario an average crop is expected.

Cumulative effects of 1942-43 are expected to cause more than normal mortality among peach and cherry trees in the Niagara and Norfolk districts but even at that crops are expected to be greatly improved over last year. Replacement planting of tender fruit trees previously killed has been carried out to a greater extent than was earlier anticipated.

Ontario's pear crop generally should be excellent in all districts, grapes range from average to excellent while an above-average plum crop is expected. Eastern Ontario expects a below average strawberry crop because uncovered patches suffered considerably from winter injury while in western Ontario the prospect is for a crop 90 per cent of 1941's production. An average raspberry crop is expected.

Weekly War Commentary

BY JOHN C. SACKET
Canadian Press Staff Writer

(Continued from Page Three)

In the Marianas, American ground troops early this week continued to advance. Mount Tapochau, dominating height of Saipan Island has been scaled, the island's capital of Garapan is slowly being occupied and complete control of Magicienne Bay, major anchorage on the eastern side of the island crosses to Japan, the Philippines and China, has been occupied.

Cheong Island

Cheong Island finally fell before attacking American divisions Tuesday and before the smoke of battle had cleared, a convoy of salvage and demilitation experts sailed into the harbor to receive the great port and make it a base for further operations against the Nazis.

Meanwhile, on the opposite end of the Bismarck headland powerful British forces advanced behind a tremendous artillery and naval barrage to within three miles west of Cera, heading seven German divisions before them and taking four villages.

In the east, the Russians captured Vitsebsk and Zhitin and head to within 85 miles of Minsk. At mid-week Moscow reported the entire 100-mile

Weekly War Commentary

German forward column in White Russia around Orsha, Smolensk and Bobruisk appeared to be edging under tremendous pressure of four Red armies and Russian air fleets massed from four fronts.

Allied forces were advancing on all fronts and in Italy a considerable victory was scored where the British 8th army broke bloody China, 65 miles southeast of Florence. In Burma Baguain fell to British and Chinese forces ending a drive of many weeks through jungles and monsoon weather.

As the week wore on, the British drive to cut off Cao gained momentum and by Wednesday a six-mile beach had been opened in the Masl defenses west and southwest of that Come River city. This drive of British infantry and armor was backed up by Canadian artillery. The Canadian guns also supported a new British thrust in the Cambes area four miles north of Cao.

Allied casualties in the invasion were announced as 40,549 and of these 24,382 were American, 12,372 British and 2,815 Canadian, the latter including 263 dead in the last 5 days of fighting. In Italy Canadian casualties up to the fall of Rome totaled 11,340, including 2,268 killed. German casualties in France were said to total more than 70,000.

On the Russian front Finland was meeting fatally under Red Army blows while in White Russia other Russian troops were advancing rapidly in a drive that split the German lines wide open and threatened to engulf the Baltic states. Three great Red armies were reported less than 50 miles from Minsk.
