The meeting, held at the home of Mrs. S. Kirkpatrick, opened with O Canada and the Lord's Prayer, fourteen ladies attending. Two minutes' silence was observed in memory of Rfm. Our sympathy is extended to Mr. and Mrs. P. J. Word has been received of the death Saturday at Owosso, Michigan of Margaret Eaton Black, widow of the late James A. Currie, formerly of Ospringe.—Advocate.

MOFFAT

On Sunday evening, a capacity audience gathered in the Community Church for the memorial and decoration service held under the auspices of the Cemetery Board. The resident minister, Rev. C. L. Poole, conducted the service preaching from the text found in Hebrews 11:40, "God, having provided some better thing for us that they without us should not be made perfect." He reminded the congregation of the faith and courage of the pioneers of our Canadian and American civilization. The "better thing" provided by God inspired their effort and what the early settlers sought has become a great reality with us, in the form of fine farms, comfortable homes, splendid schools and churches. After the church service the congregation went to the cemetery where the old familiar hymn "O' God our help in ages past, our hope for years to come" was sung and prayer was offered and a committee of volunteer helpers placed a floral token of respect and remembrance on every grave. Many connected with the family circles of years ago were present, adding great interest to the unique event. Visitors came from Toronto, Guelph, Thornbury, Acton and neighboring communities. The Cemetery Board and Committee of Management of the Church are very grateful to all those who provided flowers and all who so willingly helped in every way to make the service an unique and interesting event. The Lambert twins, the boy singers from Rockwood were unable to be present on account of sickness. We hope they will soon be well and that we may have the pleasure of hearing them at some future date.

Doris Roberts, Sylvia Lorrman and Shirley Harrison, members of the Georgetown Girl Guides, are encamped at this week at Glen Williams with a Company of Girl Guides from Toronto. The corner lot at the rear of the Post Office Building on Water Street was acquired some time ago by the Lions Club with one purpose in mind, to furnish Georgetown with a centrally located park which in future years might be of inestimable service to the community. With this in mind, much thought has been given to the idea the past year and work in this direction has already been started. HUGHES CLEAVER

After the Family Allowance measure was tabled in the House of Commons and debated, all members of the House, including the Conservative Opposition, voted unanimously for the bill, but some people are still using the same arguments against it which the Conservative party used before knowing its full terms. I will answer one of these each week.

IT IS A BRIDE TO THE ELECTOIS:

Every well-to-do person receives a reduction from his income tax of \$150 yearly for his wife and \$108 yearly for every child under eighteen. This is \$9 per month per child. These deductions from income tax have been in force for many years and no one considers them a bribe or a dole. The Family Allowance measure simply extends this principle to the low income groups who do not earn enough wages to profit by the income tax deduction for children. In the light of these facts just what do you think of the argument that this Family Allowance is a dole or a bribe?

Robertson, Everton; Mr. and Mrs. Alf. Cook and Linda, Mrs. Charles Williamson of Guelph and Spr. Donald Moseley of Halifax.

INTERRUPTED CAREERS

Does it seem a hardship for some men who have been called for military service that their careers of study, work or business have been interrupted by this call? Do they feel it hard that they have had to drop for a time their life aims, and devote themselves to the service of their country? They need not fear that it is likely to interfere with their success after the war ends. They will benefit by the experience, by the human contacts of military life, and the better knowledge of human nature that they get. They will come back better able to meet whatever problems confront them. Most of the young servicemen who were just beginning their careers in civilian life, will still be young when the war ends. They will have the prestige of their military service, and people will be eager to know them and work or do business with them. Most of them will be physically stronger, and better able to do hard work in whatever line they enter.
