School Township Nurse Plan Police Court Cases Heard in Milton Approved by County Council Yesterday Afternoon

Special Committee Appointed to Speed Up Advertising Booklet for Halton County - County Council to secure Information re Equalized Assessment in Grey County-Other Items at Tuesday's Session.

Halton County Council was in session at Milton last Tuesday; all members present and the Warden in the chair. There was very little business arising from committee reports but plenty of discussion relative to the Rural Health Plan, also County advertising for the Overseas booklet.

Reeve Alex. Near was chairman in Committee of the whole, following which reports were adopted as read.

Reeve J. M. MacDonald, secretary of the School Nurse . Investigation committeee gave a report of its progress to date. It was a full comprehensive report stating that the committeee had met twice and at one of the meetings had been addressed by an official from the Department of Public Welfare, outlining the County Health Plan. This scheme, if put into operation would take care of all FRIENDS HOLD children of school age in the four of the townships at an approximate total cost of \$4,500 per annum, or one seventh of a mill to each taxpayer. The expense incurred would not involve the urban centres, all of whom al-

ready have their own school nurse. Reeve Robertson. "I think the give up their present plans, with hostesses. which they are well satisfied, for an entire county system. As an alternative I feel confident the township plan Grants Made To is a step in the right direction with the ultimate aim of having the entire county united under one head at some Hall Hairs By The future date."

The Warden was afraid the scheme, excellent though it was, might meet Erin Council with some opposition.

position, some people would oppose any thing. But are we not here to give some leadership? Isn't it our duty to inaugurate this service for the good of the County as a whole? Aren't the children of today the greatest asset of our country and lan't it right that we should protect their interests?

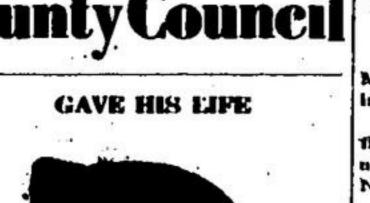

It was moved and seconded by Mr. Glibert and Mr. Robertson, this County Council is in favor of accepting the report of the committee appointed to investigate the adoption of a Halton County School nurse system to be inaugurated in the four rural municipalities of the county. And that the same municipalities be responsible for the financing of the same according to their equalized assessment and that we authorize the committee to proceed to organize the scheme.-Carried.

It was also moved by Robertson and Healon that Deputy-Reeve Biggar be appointed to the above committee .-Carried. Due to the shortage of nurses it is

not expected that the plan will go into ered paid: operation before next May.

Reports and recommendations regarding data for the advertising folder to be sent to Great Britain were then considered but since the reports from all municipalities had not been received it was impossible for Council to make much headway. Mr. Craig was of the opinion that plans should be speeded up otherwise it would be lust, \$23.42. too late. He therefore moved and Mr. Hillmer seconded, "That the County Council of Halton appoint three members to work in conjunction with an advertising man to draw up an advertising folder, advertising the county's McDonald, 1 lamb, \$10.00; D. B. Mc- and instructions issued for their colgood features, and that a meeting of Kinnon, inspecting, \$3.00; Gordon lection or the discontinuance of the the County committee meet with the Jackson, 1 lamb, \$13.00; A. Program Has Been Planned to Make 1944 Event Outstanding - Many Prominent Exhibitors Planning to Show at Acton Fair -Changes Made to Suit Wartime Conditions

Friday and Saturday are the days or Acton's 1944 Fair and granted good weather it should prove the attraction of the fall season. To meet wartime conditions some changes have

had to be made. The hall exhibit will be shown in a large tent since the arena is in use for wool storage. Not all the usual classes can be shown here, but there will be exhibits of flowers, roots and

grain, etc. As usual Acton Fair is a full two day event. The first night gets under way when the Boys' Band parades at weven o'clock. That entertainer that has been popular with generations, Jimmle Fax heads a fine concert company for a performance in the Town Ifall instead of the usual arena show. Old-timess coming back to the fair will want to hear Jimmie Fax and

his own company. A dance will follow immediately ufter the program with a popular

dance hand. Haturday is of course the blg day. Last year's horse show in Acton was the talk of the countryside. Entries this year indicate it will equal or surpass that show. There hasn't been one of the popular features left from the Saturday program, such as the road race, potato race, musical chairs; high jumpers, Baby Show, Fiddler's contest, step dancing etc, but additions have been made. Two hands, the Lorne Scots and Acton Boys' Band the Kansas Farmer and his hired man and Ken Budd and his rodeo six are

among the features. Of course there will be the midway and a merry-go-round is already set-

That's all we can think of now. See you at the Fair.

Oh yes, there'll be a daille Saturday night too. Not so sure you'll see us there at the end of the second day.

PRETTY SEPTEMBER WEDDING SATURDAY AT EBENEZER CHURCH
