County Assessor Plan Reviewed By Halton Council

(Continued from Page One) cluding the actual sale value. The assessed value would then be the percentage agreed upon throughout the county. Rural assessors would be required to classify farm land. There would also be a system of zoning; land close to cities would naturally be of greater value than that further away and farms bordering provincial highways more than those on county roads.

The first step would be to appoint a county assessor who would have to be approved by the Department and his work should be considered as a full time job.

The treasurer of Grey County, Mr. Mercer, who accompanied Mr. Radbourne corroborated Mr. Radbourne's remarks and further stated that their present system of equalized assessment in Grey County was certainly a real system.

Acting upon a motion by the council it was agreed that \$12 should be paid Mr. Radbourne for his expenses. It was agreed that the matter of the equalized assessment be discussed by each municipality prior to the next county council session at which, it was agreed, a by-law should be prepared for the purpose of appointing a County assessor.

Other business transacted by the council as follows: Accounts passed for payment were, Finance \$2,203.75; Printing \$34.03, Agriculture and Reforestation \$126.82; Hospital \$73.75; Total \$3,038.85.

It was moved by Mr. Craig, seconded by Mrs. Pettitt, that the agricultural committee be authorized to purchase certain properties for reforestation, two of which are on option, involving 150 acres and one other for transplanting.—Carried.

Committee fees amounting to \$86.40 members of the School Health Nurse Unit were passed for payment. And in regard to the school nurse, the Chairman, Mr. J. M. McDonald said that the supervisor of school nurse units was at present away but as soon as she returns arrangements would be made for her to meet and address the county committee.

All members were present at the council meeting with the exception of the reeve and deputy-reeve of Trafalgar. Mr. C. H. Hillmer occupied the chair in Committee of the whole. Council adjourned until their next meeting on November 14.
