Word Received of Acton Casualties During the Week

(Continued from Page One)

The following letter has been received by Mrs. Cutting from the Commanding Officer under whom Pte. Cutting served.

My Dear Mrs. Cutting: It is with the deepest regret that I am writing you to let you know the circumstances in connection with your son who has been missing since the 6th of September. I would have written sooner, only I just came out of the lines two days ago. Your son was in my company and I want to let you know everything that happened.

The company was the leading element of the Division and we took part in the long advance in very close country, when we were cut off and practically surrounded by the enemy. We did not suffer any casualties at first and were able to take up a position and fight it out. This was late in the afternoon of the fifth. That evening Melvin's platoon went forward a few hundred yards to clear the enemy from some houses and to occupy them. It did so and then the enemy closed in and they fought them all night long. About three o'clock in the morning another platoon commander, Cpl. Murdoch, went forward and contacted them. They were all quite cheerful and confident they could hold their positions. At first light the remainder of the company was cut off from them and forced to withdraw due to heavy pressure, in which we suffered many casualties.

It wasn't till four days later that we were able to advance again and investigate.

I personally looked over the ground and the house that Melvin and his platoon were in and there we found part of their equipment undamaged. I feel quite certain that he and the others are prisoners of war.

I know how anxious you must be and I feel very badly myself as your son was in my company, for a long time and he was an excellent soldier.

Since he has been missing it has been a long hard battle and if he is a prisoner, which I definitely think he is, we may both be thankful that he was out of it. Since that day we have had considerable casualties.

Again, Mrs. Cutting, my sympathy to you in these anxious days till you get definite news. If I get any information whatsoever, I will let you know at once.

Sincerely, George Seal, Captain.

Mrs. John S. Duff, New Liskeard, received word Saturday, October 28th that her son Pte. Ray Stanley Duff had been officially reported killed in action in Holland on October 20th. Further information will be sent when available it was stated. Pte. Duff enlisted in January 1941 and had been in various parts of Canada and Newfoundland before proceeding overseas with the Algonquin Regt. in June of 1943. He had been in France and Belgium since the end of August. The young soldier was in his 24th year and was born at Thornloe, Ont. Surviving are his mother, two brothers who are both in the services and four sisters. The two brothers are Spr. John S. of No. 3 Platoon, Camp Upperwash and Pte. Thomas A. with the Canadian Army Overseas. The sisters are: Mrs. Joe Alderice of Hanbury, Mrs. R. G. Smith, Mrs. Roy Percy and Mrs. Bert Bailey all of New Liskeard. His father predeceased him four years ago. The late Pte. Duff was engaged to Miss Myra Cummings of Orilla. Relatives said Miss Cummings would come to New Liskeard when a Memorial Service for the young soldier is held.

ROYAL PALACE GUELPH'S LEADING THEATRES FRIDAY TO MONDAY William Bendix Dennis O'Keefe in Abroad With Two Yanks STARTS NEXT TUESDAY Lana Turner in "MARRIAGE IS A PRIVATE AFFAIR" With James Craig ABOVE PROGRAMS SUBJECT TO CHANGE WITHOUT NOTICE

Remembrance Day November 11th The local branch of the Canadian Legion is making its annual Poppy Day appeal to the people of this community to-morrow. The Poppy Fund is now a recognized institution wherever the Canadian Legion exists in Canada, and it serves a two-fold purpose of much merit. The money which is raised by the distribution of the Poppy—the symbol of sacrifice—is used entirely to relieve unusual distress among War Veterans of the last War and the present conflict, and their families. At all times it has been found that the Veterans, in view of the fact that many of them have disabilities and handicaps, suffer even more than others who are out of employment, since many of them require special care and attention which they are unable to provide. This is where the Poppy Fund, raised through the sale of Poppies by the local Branch of the Legion, steps in and provides relief for the situation. This two-fold appeal should find a ready response in the hearts and minds of the people of this Community, which has always been ready to make the way easier for those of its citizens who served Country and Empire in the Great War, and in this present conflict. We commend it to your sympathetic consideration, in the hope that you will respond generously and thus help to hold the torch flung to you by those who did not come back. J. B. CHALMERS, Chairman of Committee
