THIS WEEK

By FRANK HENDE, Canadian Press Staff Writer.

TORONTO (CP)—The contentious question of religious education in Ontario public and secondary schools came in for lengthy discussion at the Ontario Educational Association convention here.

A motion that religious education be removed from the course of study was defeated as the trustees' and ratepayers' section commended the department of education for introduction of religious studies. W. E. Hastedo of Toronto presided at the discussion with the charge that religion taught in the schools "violates the religious liberty of teachers, parents, pupils, ratepayers and trustees."

In a speech to members of the Catholic Education Conference, Dr. C. A. Althouse, chief director of education for the province, gave assurance that Ontario's school system would never be used for "regimentation or creation of a mass mind." Ontario schools would be used "to teach the young people to think as a basis for decision and for action, but not to prescribe for them what they shall think."

An advisory committee has approved establishment of prisoner-of-war labor camps in southern Ontario at a meeting in Simcoe, Ont. The committee approved a wage rate of two-thirds of the current farm wage rate, plus transportation, with a suggested hourly wage of 35 cents.

Approved sites for labor camps are Longton, Windham Centre and Glen Meyer, with possibly another camp to serve the St. Thomas area. Each camp will accommodate 150 prisoners. Groups of not less than five to a guard will be available for farm work and farm workers will be recruited only from the ranks of merchant seamen and not from combatant troops.

Wages for a work day from seven a.m. until six p.m. will be turned over to the receiver-general of Canada after local costs are met and placed in the prisoner-of-war revolving fund applied to the cost of P.O.W. camp administration. Fifty cents daily will be accredited to each man to be used in the camp canteen.

Four R.C.A.F. Canso amphibians formerly used in anti-submarine patrols will divert their attention next month to an Ontario forest pest. The planes will be used to spray the spruce budworm, an insect which has infested more than 200,000 square miles of Ontario bushland. The new insecticide popularly known as "DDT" will be used in the campaign through the co-operation of the lands and forests department of the province and the United States government which will supply 40 tons of "DDT."

Most of the insecticide will be sprayed on 80,000 wooded acres of the Nipigon area, but 200 acres of Algonquin Park will be treated along with 2,000 acres in the Kabonga area of Quebec.

Harry Belanger, 30, was playing cops and traffic on a downtown street in Toronto recently directing traffic and getting the situation generally snarled up. A passing motorist questioned Belanger's authority. Belanger said he was an R.C.M.P. officer. The passing motorist identified himself as Brig. D. C. Draper, Toronto's chief of police. Nonplussed, Belanger was fined \$25 for impersonating a police officer.

GEORGETOWN. Furlough wedding of note was held in Erskine United Church, Toronto, when Sub Lieut. Nursing Sister Darlene Beatrice Smith became the bride of Lieut. James Harold McClelland, R.C.N.V.R.

A sacred Cantata by Maude "Olivet to Calvary" was rendered by the combined choirs of Georgetown United, Georgetown Baptist, Knox Presbyterian and St. George's Anglican Churches on Thursday evening March 29th in the United Church, as the fourth of the Community Holy Week Services. The church was crowded to capacity to hear this beautiful music, so splendidly presented, under the conductor, Miss Lynda Stewart, A.T.C.M. Mr. Kenneth Harrison was organist and Miss Margaret Cook, pianist.

Georgetown Council had a late meeting with several important items on the agenda. It was decided to re-surface Queen Street, which will cost in the neighborhood of \$5,000, repair work on Mill Street in the Post Office district and a proposed new sidewalk on King Street are among the improvements planned this year in town. Council took the initial step towards a sewage system when the clerk was instructed to contact an engineering firm and ask a representative to meet with council in the near future and discuss the matter.

In answer to apologetic application for a permit to purchase a town truck, a letter from Ottawa was read refusing permission for this, and pointing out that Mr. Bob Lane, the present garbage collector had just recently purchased a new truck for this purpose and the town was adequately serviced at present.—Herald.

Halton School Pupils Visit the County Council

(Continued from Page One)

take back what they have learned to their fellow-students. In his closing remarks Mr. Howitt said, "I rarely enter a school without realizing that there may be present among the pupils some future great inventor, a member of parliament, a great doctor, or even a prime minister. Your part at present is to learn all you can to prepare you for your place in life. When you study you are learning to think... learning to live your own life... learning to make the right use of that freedom for which men are fighting and dying, so that freedom may continue to be yours. For that reason I would urge you to take a lasting interest in your governments. Remember the great thing in life is not to make a fortune, but to leave the place in which you live a little better than you found it."

Mrs. M. S. Pettit, deputy-revee of Nelson, Township, moved a vote of thanks to Mr. Howitt for his splendid address. She also urged the boys and girls present to remember they would soon be the responsible men and women of tomorrow, and it might be their responsibility to take part in municipal, county, provincial or even federal affairs. "As I look at the girls here to-day," said Mrs. Pettit, "I am glad for your sake that I am doing a little pioneer work in the municipal field. I hope I may contribute in this work for a little while yet, but that is something no one can foretell. It is as easy to be put out of office as in it. One gets many knocks in this work, but don't forget, boys and girls, every knock is a boost, and mistakes can be very profitable too. I can only add that if I shall have been an inspiration for anyone to follow in my footsteps I shall feel myself well repaid."

Mr. Norman Craig then voiced a hearty vote of thanks to the ladies of the Mountain Union Institute for the splendid luncheon they had provided and also to the entertainers who had added so much to the enjoyment of the day.

Following the luncheon the students were divided into four groups and taken on a tour of inspection of the goal or as much of it as could be seen from the outside. The meals, work, and exercise given the prisoners were explained to them by the Governor, Mr. Calvin Fleming. Miss M. B. Field, Registrar of Deeds, undertook the difficult task of explaining to the youngsters the why and wherefore of her office, showing them illustrations of how property deeds were tabulated and filed, explaining that every deed was registered with a stamp even to the four and minute of its receipt.

Returning to the council chamber the students were present while routine business was underway. Also during the afternoon they were addressed by Judge Munro and Crown Attorney W. I. Dick, both of whom explained how the various courts of the county were operated and for what purpose. Mr. Dick also gave a detailed description—with illustrations, of the system of finger-printing.

Some of the regular business of the day was as follows: A somewhat heated discussion took place when the road committee recommended that the road running through Stewarttown be paved. The following motion carried by one vote: Moved by C. Hillmer and G. Cleave, that the Seventh Line and part of No. 17 alderoad connecting Stewarttown and Georgetown be paved.

Moved by W. Robertson and J. M. McDonald that ten prizes ranging from \$10 down to \$1 be given for the best essays submitted by any pupil attending to-day under the title "Our Visit to the County Council." Essays to be not more than 300 words and to be sent to the County Clerk not later than May 15.—Carried.

A by-law was passed appointing Ralph Young and Company as County Auditors. Insurance was renewed with the General Accident Insurance Company for the amount of \$414.23. A final decision was reached with regard to the overseas booklet to advertise Halton County, when it was moved by C. Hillmer and G. Cleave, that the tender for printing 5000 booklets from Davis-Lesson be accepted at \$975; the tender of the engravers for plates at \$430, sales tax extra in both cases, and also the price of the Ferris advertising for \$150 be accepted. Also that the color of the cover be green and the design plain as per sample submitted and that extra copies outside of these may be sold to the province of Ontario at cost.

A letter from Paul A. Fisher, representing the Federation of Agriculture, and with regard to the Rural Health Service, asked that the County Council appoint a representative to address a public meeting on April 25 to explain just how far the County Council has gone in its health service plans. It is expected that this meeting will also be addressed by the Provincial Minister of Health.

Mr. J. M. McDonald was appointed to represent the council. It was moved by Mr. Biggar, seconded by Wm. Robertson, that C. V. Hillmer and N. Gilbert be the representatives of the Halton County Council of the Children's Aid Society for 1945.—Carried.

Accounts passed were as follows: Finance \$ 903.23

Printing 29.06, County Buildings 64.12, County Roads 5,138.88, Education 11,733.80, Hospital Accounts 401.82, Council adjourned to meet on May 8th.

MILTON

Mr. F. H. Gilroy tendered his resignation as a member of the High School Board. A letter of appreciation was to be written, expressing the appreciation of the work done by Mr. Gilroy on the Board.

A request for a letter approving of a Chicken Killing Plant to be built in Milton was received. This request was granted. Following is the interim report of the Red Cross campaign: Cash in Bank, \$6,601.32, Cash on hand, \$19.00; pledges \$241.00; making a total of \$6,861.32 Canadian Champion.

BRAY CHICK DOES THE TRICK! Bray Chicks have done well for others why not for you? 100% live delivery guaranteed. Just let me know what you want. (P.O. C. BROWN, Norval, in Acton Saturday Afternoons and Evenings only)
