THE BARBER-COKE CHURCH WEDDING IN NASSAGAWEYA

The Sodom Presbyterian Church, decorated with carnations, snapdragons, roses and ferns, was the setting of a pretty wedding Friday afternoon when Marion Pearl, daughter of Mr. and Mrs. Kenneth Coxe, of Campbellville, and Charles James Barber, son of Mr. and Mrs. W. D. Barber, of Acton, were united in marriage. The ceremony was performed at three o'clock by Rev. John McNeil.

Given in marriage by her father, the bride was charming in a floor-length gown of white organza over taffeta, with round necklines of lace, and a finger tip veil falling from a heart shaped cap trimmed with orange blossoms and lace. She wore lace gloves and carried a bouquet of Tatarian roses and ferns. Her only ornament was a gold pendant, gift of the groom. The gift to the best man was a leather billfold and to the bridesmaid a locket.

Miss Dorothy Barber, wearing a dress of powder blue silk jersey with white accessories, was bridesmaid. Miss Lola Coxe and Miss Catherine Fraser, wearing frocks of dotted white muslin with blue ribbon trimming, were the flower girls. Mr. Calvin McIntyre, of Acton, was best man and Mr. M. Barber and Mr. M. Brown, Milton, were ushers. The wedding music was played by Mrs. B. Clements. Miss Beale Early rendered beautifully the solo "O Promise Me" during the signing of the register.

Following the ceremony a reception was held in the Sunday School room, around which baskets of peonies and lilies were placed. The bride's table was made attractive with the three-tiered wedding cake, tall tapers in silver holders and bouquets of roses.

Receiving with the bridal party were the parents of the bride and groom. Mrs. Coxe wore a dress of soldier blue summer, crepe with matching accessories and a corsage of raspberries. Mrs. Barber chose a two-piece frock with white accessories. Her corsage was of rosebuds also.

For the wedding trip to Hamilton, Niagara Falls and other Southern Ontario points, the bride wore a green suit with white accessories. On their return they will reside in Milton.

Guests were present from Brantford, Hamilton, Seaford, Georgetown, Milton and Acton.

BRITAIN'S V-BOMB SHELVED IN 1936

LONDON (CP)—Seventeen years before the flying bomb caused so much death and destruction in London, Britain had her own flying bomb but halted work on it when it was feared the secret might fall into the hands of enemy agents.

Existence of such a bomb was first mentioned briefly in a debate in the House of Lords, but the full story has only now come out. The British flying bomb, known as "Larynx" was started in 1925 and was operationally a success in 1927.

A mid-wing monoplane powered by a 200 horsepower engine, it flew at 200 m.p.m., carried a 250-pound warhead and had a range of 200 miles.

In 1930, however, Sir Henry Tizard's Committee for the Scientific Study of Air Defense pointed out that the flying bomb would be more effective against London than against any corresponding area in any enemy country and that there was the danger that an enemy country might get wind of it. The air staff agreed and the project was shelved.

THIS PIGEON PLANNED TO SPARE HIS WINGS

NOR a time during the war the R.C.A.F. had a pigeon loft over the swimming pool at Jasper Park Lodge, which was not open to tourists. The birds were carriers, trained to travel in aircraft and fly away under their own power with messages in case of emergency. The upper photograph shows Sgt. William Coak, who was in charge of the flock, and he decided against tiring his own wings on a flight of 700-odd miles.
