ation would include the cost of the extension on Guelph Street to the Corporation timit in this year's fin-

The engineer suggested that a new contract be let for these extensions and not extending the present contract with Knowles Construction Company.

Mr. Leishman proposes to build number of houses on Pearl Street

Beardmore and Co. are to go shead and arrange a contract with a construction company to instal the mains at the Crescent under the same conditions as the agreement with the Council of last year If the contractor can make arrangements with the Knowles Construction Company, he can take over the unfinished installation on Scene Street.

Mr. Anderson pointed out a num her of requirements for a contractor to fulfil before he could assume

contract. Mr. Parker and Mr. Anderson discussed with Council the advisability of locating the disposal plant further down the creek from the present buildings of Beardmore and Co.

Council mapped out the possibilities of laying water mains along No. Highway west of Main Street or Pearl Street and Acton Blvd on No 7 Highway cast end at the Wool Combing Survey and Beardmore Survey to take in the proposed building. This amounts to approximately 3,100 feet of water mains.

In the matter of the sewage disposal system Mr. Anderson suggested, OF BANNOCKBURN that the Council call for quotations on pipe, manhole covers and disposal plant equipment so that when ready to call for tenders for the system nockburn Women's Institute was held there would be no delay for material, at the home of Mrs M. #### THE ADVERTISEMENT FINALLY FOUND ITS INTENDED DESTINATION

It's a small world after all. Relatives of Rev A W. Fosbury in-England desired to contact his father who resides in Mount Forest or members of the family. Not knowing what part of Canada in which to advertise the newspaper in Calgary, Atherta was chosen. It so happened that Mrs Williamson, a friend of Mr and Mrs A T Brown, was visiting Calgary at the time and noticed the item. It was clipped and sent to Mr. and Mrs Brown in Acton who gave it to Mr Fosbury

liather a roundation contact but none the less effective
