

Personals

Mr. Jack Hollinger was home from Toronto for the week-end. Mrs. John A. Mowat is visiting her daughter in Toronto and Mimico. Mrs. Roy Haig of Rouleau, Sask., is visiting with her cousin, Mrs. Caldwell, Knox Avenue. Miss Rita McNabb flew to Nassau, Bahamas, to visit her brother and his wife for a few weeks. Mr. and Mrs. Roy Brown and family of Toronto visited over the week-end with Miss Fern Brown. Miss Marie Clayton, nurse in training at St. Joseph's Hospital in Hamilton, visited this week at her home here. Mr. and Mrs. Will Lane, Mr. and Mrs. Wilbert Wheeler of Orton, visited on Sunday with Mrs. Nelson F. Moore. Mr. and Mrs. R. E. Johnston, Miss Doris and Mr. Bill Johnston and Mr. Walter Erwin of Toronto visited with Mrs. James Symon. Mr. and Mrs. C. G. Elliott and their daughter, Mrs. Creasy of Coler are visiting at the home of Messrs. R. H. and Harold Elliott. Cpl. B. Corless, who recently returned from overseas and Mrs. Corless and Susan, of Clinton, visited a few days this week with Acton relatives and friends. Tpr. Ralph Moffat, son of Mrs. Ida Moffat and the late Mr. Chris. Moffat of Innisfail, Alberta, is visiting Mrs. Caldwell, his aunt. Ralph is on his way from overseas to his home in Alberta. He was in the tank division that first entered Normandy.

HALTON HEALTH SERVICE SUBJECT AT BLOOMSBURY SCHOOL

Mr. R. Heatherington, Federation of Agriculture Fieldman for Halton showed several splendid films on Wednesday afternoon and evening, in Bloomsbury School, S. S. No. 9, Nassagaweya. The following pictures were enjoyed by all: "Tennessee Valley Project", showing the value and necessity of scientific farming in the Tennessee Valley, where tons of good surface soil are being washed into the rivers and on to the sea yearly by the heavy rains and the subsequent floods, leaving the farm land stony and rutted with gullies and the farmers in despair. At last the government came to the rescue and a series of dams were built on the river running through the valley, contour plowing was introduced, commercial fertilizers were provided and used, and reforestation was advocated, with the result that in a few years great fields of corn, tobacco and oats were grown on the hills and in the valleys which had been almost barren previously. The operation of lobster fishing was shown in "Trappers Of The Sea" a beautiful colored film showing the hazards and thrills of obtaining this delicious food. "Ottawa on the River", another technical picture showed that beautiful old city in its flower-decked dress of summer, with its winding boulevards, grassy parks, imposing buildings, including the parliament buildings and comfortable homes, and in winter with a mantle of snow covering every place, it provides a paradise for the sportsman, with its skating rinks and ski slides. Ottawa's Ski Club has the largest membership of any ski club in the world. "As the Twig is Bent" gave the audience much food for thought, when it pictured a young mother who had more interest in a war time job in a factory than in her home leaving her school age children to shift for themselves, with the result they were not properly fed or clothed and they roamed the streets as they pleased, soon getting into trouble and the authorities had more juvenile delinquents on their hands. The audience also had the privilege of hearing Miss Rita Sutcliffe, Senior Public Health Nurse of the Halton County School Health Service. Miss Sutcliffe was introduced by Mr. Heatherington and spoke on the present school service which was organized in August 1945 and the need for a more generalized health service, as a County Health Unit would be, in which all phases of health work are included. The need was stressed that all children entering school should be in good physical condition, and immunized against diphtheria, whooping cough and small pox, so that their school progress would be such as all parents desire. She said, "Nassagaweya is to be congratulated on its splendid dental service," which unfortunately, some parents still do not take advantage of. She stressed the fact that good nutrition was necessary for health and while parents diet, many children do not get a balanced diet. The film shown by Mr. Heatherington a month ago "Vitamins A, B, C and D" illustrated the results when such is given. A half hour's discussion followed Miss Sutcliffe's talk in which she answered all questions fully and cheerfully. Mr. Van Gozen on behalf of the meeting thanked Miss Sutcliffe for her splendid address.

Church News

OAKVILLE

Mr. George C. Atkins was appointed chairman at the inaugural meeting of the Board of Education held in the Council Chamber on Tuesday evening. Shirley Welland, aged 11 years, Herald Ave., suffered severe bruising to the chest when she was knocked down on the school commons on Friday at 1:30 p.m. by a truck owned and driven by L. Forbes, R. R. 1, Oakville. Reports presented at the annual meeting of the Angela Bruce Chapter I.O.D.E. indicated one of the most successful in the Chapter's history. Total receipts amounted to \$5,377.50. Of this amount \$1,947.89 was in the general account and \$3,389.94 in the war account - Record-Star.

MILTON

Now that sufficient manpower is becoming available, officials of Milton Brick Co. hope to reach capacity operations and do not anticipate any difficulty in keeping up with the remainder of the work on Sunnybrook Hospital. A lemon weighing over a pound and measuring 13 inches by 12 1/2 inches was picked this week from a dwarf lemon tree at the home of Mr. and Mrs. R. B. Galbraith. The tree was purchased in 1942. Election of officers of Branch 156 of the Canadian Legion, Milton, was held January 7th. The following members were elected: President - Comrade Fred Johnston, 1st vice-president - Com. J. Kennedy, 2nd vice-president - Com. A. Conner. Secretary - Com. E. Wood. Treasurer - Com. R. Milemy. Service officer - Com. C. O. Leary. Sgt. at arms - Com. N. Lott. House and property - Com. L. McCallum, Com. D. Timbers.

NASSAGAWEYA S. S. No. 7

A number in the district are or have been in bed with the flu. Friends of Mrs. Joseph Frank, who has been under the doctor's care the past month will be sorry to hear she was confined to her bed several days last week. Friday evening the Buss Bees held their progressive euchre in No. 7 School. Six tables of euchre, one of crokinole and a game of parchees were played. Prizes for euchre went to ladies first Mrs. Walter Freeman, low, Tom Kennedy playing as lady, gent's first, Mr. Jim Wallace; low, Mr. D. McPherson. This euchre was also a setting for another happy occasion for the Buss Bees. They welcomed home another of their boys from overseas, Signin Gordon Allen. Mr. Wilfrid Kennedy, as chairman for the evening asked Gordon to come forward. Mrs. Walter Freeman read an address from the club while Mrs. Wyn Service on their behalf presented him with a Waterman's "Lifetime" fountain pen and pencil set. Gordon thanked the ladies for their gift, also the cigarettes and parcels that he had received from them while overseas. A social time was had over a cup of tea, sandwiches and cake. Mr. and Mrs. Percy Boynton, Mr. and Mrs. Elmer Anderson, Mr. and Mrs. Alex. Head and Bobby, Toronto, Mr. and Mrs. Glenn Britton and Teddy of Georgetown and Mr. and Mrs. Willard Britton, Acton, visited the parental home of Mr. and Mrs. W. E. Britton on Sunday. Monday evening No. 7 Farm Forum accepted an invitation to be guests of Kelso Forum at Kelso Community Hall. No. 1 School Forum also were guests. After listening to the radio-broadcast, Forums were divided into 4 groups by drawing tickets, for discussion on the following questions: (1) How can grading be accomplished so that the producer will be certain that his products are fairly graded? (2) What should be done to ensure that grades are carried through to the consumer wherever possible. The chosen secretary of each group, then gave a report for their group. It seems the poor quality of peaches received last fall are still ranking in the minds of housewives because they were spoken of and joked about in each group's report. Mr. Paul Fisher, Burlington, President of Halton Federation then gave a short speech and a discussion from this took a few minutes. Eight card tables were then set up and an hour of euchre was enjoyed. Prizes were won by Miss Evelyn Stokes, Campbellville for ladies first; Mr. W. Kennedy, No. 7, low; gent's first, Mr. W. Kennedy, No. 7; and low, Mr. Britton, Burlington. A social time was enjoyed over the lovely lunch served by the ladies of Kelso. During the meeting the chairman of the evening, Mr. Archie Service, secretary for Nassagaweya Farm Forum asked for a few words from a chosen leader from the guest forums. Mr. Cairns spoke for No. 1 and Mr. W. Kennedy for No. 7, telling how each of the Forums were conducted and thanks was given for the welcome received and hospitality shown to them from Kelso.

New Fire Alarm Siren Purchased For Use Here

(Continued from Page One) carnivals, etc. during the winter season. A resolution was passed covering this question. It was reported to Council that repairs had been started at the Town Hall and that Mr. Robertson had vacated his room at the Town Hall. A letter from Roy Smith, engineer, gave a report on the town hall and the safety of the building for a dance hall. He gave two suggestions for giving the support he felt necessary to make the hall safe. One suggestion was putting a steel beam in the Council chamber with supporting columns. This was favored by Council. All other sections appeared to be well supported for any dance occasion. A letter from the School Board thanked the Council for their cooperation and requested a copy of resolution approving of the Board's estimate which included the amount of the sinking fund. Council passed the required motion approving of the estimates and including \$2,000 for sinking fund in its estimates. The Clerk was given rulings in regard to preparation of the roll for waterworks franchise. This covered several sections in which new mains had been extended. By motion, a section of Alice Street was accepted from Amos Mason or municipal property and the deed to make this part of the street was to be prepared. A letter from Halton County gave the information that fifty per cent of the cost of inmates of training school would be charged to the municipality. The Clerk reported that insurance on the Town Hall had been increased to \$12,000. The War Assets Corporation 25-0 prices on fire alarm sirens that were available. It was decided to purchase one of these sirens at \$25 and the order was sent in. It will need to be tried out in various locations. The by-law licensing and regulating the operation of taxicabs in Acton was read by the Clerk. The license fee was set in the by-law at \$5. This by-law was passed in 1937 and repealed in 1938. The new by-law prepared by the Clerk was almost identical with the old by-law except that it was brought up-to-date. The by-law was given first reading. Council adjourned at 11:40 p.m.

RED CROSS NURSING RESERVE CLASSES TO BE HELD HERE

One of the many lessons learned from World War II was the need to have, behind the army of qualified nurses, a band of public spirited girls and women sufficiently trained, who are willing to act as an emergency corps, purely from a desire to help where help is needed. With this in mind, the Canadian Red Cross Society has arranged, throughout the Dominion, a series of classes in home nursing, to be held under the supervision of local doctors and nurses in each community. It must be thoroughly understood that this training is only sufficient to cover the needs of an emergency, and services will be given where necessary under professional direction and without remuneration. This may be in their own homes, the homes of neighbors, or wherever else the situation might dictate. There is an enrolment fee of \$1.00 and the course is composed of 16 two-hour periods. The subjects covered are health, home nursing and first aid, and the candidates will receive a membership card and pin. To ensure that the knowledge so gained will not be forgotten, practice or study periods and lectures will be held at least six times a year. Any person over the age of 18 years may apply. After completion of the course, the Nursing Reserve Member may, while in any service, wear a regulation white-smock, veil, badge and pin. The smock, veil and badge are obtainable at cost price from the Red Cross Society. The pin may be worn at all times. When an enrolment time is arranged by the local Red Cross Branch, there are a few questions to be answered on the enrolment blank, but these carry the whole spirit of the course. Do you agree to serve as a volunteer without remuneration? Would you be able to give service in the event of an emergency? If so, what hours would you be prepared to give? Here is an opportunity for you to help yourself by helping others. The knowledge you will gain will be of inestimable value in your own home life and it will be time well spent indeed. Enrol with your local Red Cross Branch at the Red Cross Rooms at the Post Office at 7 p.m. on March 3th and urge your friends to take full advantage of this course also. PARKS CAR - GOES OVERSEAS OTTAWA (CP) - Police were baffled when they were called upon to investigate a car which had apparently been abandoned on a city street. Later they discovered that it belonged to Ft. Li. Lenard Tuttle of Saskatoon who was absent on a mail flight overseas with the R. C. A. F. mail squadron.
