YELLOWKNIFE LOOKS FOR A RECORD YEAR

YELLOWKNIFE, N. W. T. (CP) — This mining town, swollen from 600 to an estimated 3,000 population in the last 18 months and growing larger with the arrival of every plane from the south, is looking for the biggest year in its history.

Writing in the Toronto Globe and Mail, Sidney Norman reports the town bulging at the seams with newcomers sleeping three and four in a hotel room and covering every available inch of floor space with their coats, mattresses and sleeping bags.

By autumn the Con mine of Consolidated Smelters will be in operation after being shut down since 1943. Giant Yellowknife will be taking on at least double the force now on its payroll and Negus will be up to capacity. And new companies will be sinking shafts in widely-separated parts of the area.

A dozen bush planes buzz about the area taking parties of prospectors to likely sites to the north, east and west, and mechanics work the night through to keep the aircraft in shape for the next day's run. Trucks, tractors and taxis which sped across the bay to Fort Rae have been immobilized until the autumn freeze-up.

The fate of my nation depends on the way I live.

Reeve Craig gave a report of the Ontario Educational Convention at which he was a delegate.

Reeve Crawford asked that arrangements be made for the Council to visit the different woodlots. In this connection it was moved by Crawford and Heslop that this council visit the reforestation areas of the county on May 28th, meeting at the Court House first, at 1 p.m.—Carried.

Moved by Heslop and Crawford, that the following grants be made: Halton Junior Farmers, \$62.50; Halton Junior Homemakers, \$62.50; Halton Ploughmen's Association, \$150.00—Carried.

Moved by Craig and Kirkness that this council offer the following prize for the best essay submitted by any pupil attending to-day under the title "My Visit to the County Council." Essay to be not more than 300 words and to be sent to the County Clerk not later than May 31. Ten prizes to be awarded ranging from \$10 down to \$1.—Carried.

Mr. Pettit and Deputy-reeve Foster moved a vote of thanks to Mr. Roy Smith and Miss Maxted for their untiring efforts in this project.

A movement is underway to interest various counties in soil erosion problems and Halton was invited to send delegates to a convention to be held in Ohio. The only member of the council who felt free to go was Deputy-reeve Hall of Trafalgar. It was therefore agreed that he attend the convention as a delegate for the council, all expenses to be paid by the council.

At this point council adjourned, bringing to a close another successful joint meeting of council and students, thanks to the able leadership of the county engineer, Mr. Roy Smith, assisted by the county treasurer, Miss Margaret Maxted.

BURLINGTON

The new reservoir on the Sherwood Farm, Brant Street, was officially opened on Tuesday afternoon with appropriate ceremonies.

Dedication of the new pipe organ in St. Luke's Church Sunday evening by the Rt. Rev. J. W. B. Broughall, Bishop of Niagara, was an impressive ceremony fraught with significance of a lasting tribute paid by the congregation to the memory of the service men and women of the parish in the war of 1918-19, as their thank-offering for the restoration of peace.

At the regular monthly meeting of the High School Board held on Monday evening two new appointments were made to the staff for the fall term. The teachers named were Miss Irene Duck, a graduate of the Ontario College of Education, at a salary of \$1800 and Percy West, of Cornwall Collegiate, at a salary of \$2200. Miss Duck will teach English and Mr. West Science and both will be additional teachers on the staff to take care of the increasing number of pupils at the school Gazette.

NASSAGAWEYA B. S. No. 7

No 7 the past week have a number of sick that we are anxiously waiting to hear of their return to health.

Mr. Mathew Job of Milton Hospital is still in a weakened condition and blood transfusions are being given.

Mrs. Joseph Frank, although better of the infection that took her to the hospital at Guelph is suffering from an irritation rash.

Mrs. Alex. Job is concerned for her father, Mr. Bacon of Rockwood, who is seriously ill.

We were sorry to hear of the death of Mr. Angus Kennedy of Haltonville last Saturday at noon. Mr. Kennedy has been in ill health for a number of years but was able to be about until a little over a week before his death. Sympathy is felt for Misses Amy and Mary Kennedy, two of his sisters who have cared for him and lived their entire life together.

The May meeting of the Busy Bee Club was held at the home of Mrs. J. J. Kennedy, with nine members and three guests attending. Several donation acknowledgments were read. Because of too many other local events, plans for a dance of last month were postponed and it was planned to carry on in the same manner this month for a dance as planned last meeting. A war bride is to be welcomed at the June meeting. Mrs. C. E. Davenport offered her home for this purpose. A quilt was quilted during the day Mrs. Stephen Cox moved a vote of thanks to Mrs. Kennedy for the use of her home and hospitality. Refreshments were served and a social half hour spent.

Another rain that will do much good arrived on Saturday. Growth can now be seen in the garden. Seeds that should have been up weeks ago are still underground. Sprouted are some, but not above ground. Dandelions are everywhere and rockeries are pretty now.

A bridge gang are working on the one in front of Mr. Irwin Little's farm on the side road below No. 8 School house. Blasting out the old one was Monday's work.

Mrs. Henry Sayers is in Guelph General Hospital, having had an operation last week.

Congratulations to Mr. and Mrs. Geo. Job, Haltonville, upon the arrival of a son. Mother and baby doing well in Milton Hospital.

URGENT NEED FOR MORE HOME GARDENS

Emphasizing the fact that an increased number of home gardens will help to meet the desperate world food shortage, A. M. Shaw, chairman of the Food Information Committee said: "The Victory Gardens of the war years are still needed in the war against want. Once again they can help to win victory over a bitter enemy to humanity—famine."

A quarter of a million Victory Gardens would be a suitable goal for this year, Mr. Shaw said. The food produced in these gardens will make possible increased shipments of staple products such as wheat, meat, cheese and eggs to the hungry people in several countries. The 226,000 home gardens planted in cities and towns across Canada in 1944 produced approximately 120 million pounds of potatoes, carrots, beets, turnips, cabbage, onions and other garden products.

There is ample seed available on the market, as well as stools and fertilizer to meet the needs of Victory gardeners.

ONE-SHIRT MEN

Pat knocked on Mike's back door and asked Mrs. Mike if Mike were home.

"Of course, he's home," said Mrs. Mike. "Can't ye see his shirt on the line?"

It is not suggested that the well-dressed Donald Gordon had reached the one-shirt stage before he issued a directive which, it is intimated, ultimately will put more shirts in the stores.

The shirt shortage has been evident for more than a year.
