### Oakville are the Halton Intermediate **Ball Champions**

(Continued from Page One) ainly showed improvement on the previous variety.

Ross Gordon sure gave everything he had in the game on Saturday. He went into pitch with 10 runs against him, had only played a few games atl season to help the team and had to be taken out after being-hit with a pitched ball and could not mish the collapsed in the park. We add our cheer to his achievement.

And while we're still hooting and hollering, we think Ray Mason and Fred Dawkins deserve the 3 and a Tiger for the condition of the ball diamond A couple of American visitors said it was one of the finest they had seen!

So baseball fades for this year, while hockey lan't so far away and we look with hope to the next year.

See you then!
