GENERAL
What are Canada Savings Bonds?
Canada Savings Bonds are the successor to Victory Bonds and War Savings Certificates. They are your country's promise to return your money to you at any time and to pay you interest at an attractive rate.
Why are Canada Savings Bonds being offered?
Because during the war, millions of Canadians learned the savings habit by buying Victory Bonds and War Savings Certificates. A recent survey shows that 82% of them want to keep on saving by a similar plan.
Is the Government selling Canada Savings Bonds just to raise money?
No. Borrowing needs of the Government can be met by other types of loans. The main purpose of the Canada Savings Bonds is to provide Canadians with a convenient way to continue this kind of saving and investment in peacetime.
Is there any limit to the amount of Canada Savings Bonds that one person may hold?
If so, why?
Yes. There is a limit of \$2000 for each individual, but each member of a family may hold bonds up to the limit.
What is the price of Canada Savings Bonds?
A 100% that is, a \$100 bond costs \$100. If payment is not completed on or before November 15th, 1946, interest will be added to the purchase price.
In what denominations are Canada Savings Bonds available?
\$50, \$100, \$500 and \$1,000.

8 out of 10 will buy again....
Canada Savings Bonds
