NOW AVAILABLE
 Burns Cheap Furnace Oil

An oil burner entirely different—easy to install—easy to operate. This oil burner sets in the fire or ash box of your coal or wood range, cook stove, heating stove, laundry stove, and makes vapor-oil gas from Furnace Oil, Distillate, Diesel, Range, Heater Oil and Kerosene without clogging up the vaporizing system. You have convenience of city gas by simply turning a valve, light the amazing New Fuelizer-Startier and get all the heat you want—heat in abundance for the cold winter, moderate heat, or just a simmering heat for slow cooking or chilly fall and spring weather.
