A Welcome to All

When you choose glasses be sure to inquire about Tone-Lite Lenses. They are delicately tinted and give THREE big advantages:

- Tone Lite cuts off the dangerous ultra violet rays that other eye reach your eyes
- Tone Lite admits all other rays useful to vision
- Tone Lite adds to your appearance because its delicate tint blends with your complexion.

We recommend add 6¢ TONE-LITE Lenses.

DO DOLLARS DESTROY YOUR DREAMS?

Many of our fondest plans are shelved because we feel that our finances will not permit the spending necessary to bring these plans into being. Because of this many a farmer's dream for modernizing and improving his farm never materializes.

Most farmers know what additional profits and benefits new machinery, new livestock and new household appliances can bring to the farm. The wise ones know that the lack of ready cash need not stand in the way of these things.

A visit to William Clayton, manager of the local Bank of Montreal, will show you why. Through the B of M's low interest farm improvement loan plan you may have all the modern farm machinery you need and have always wanted. In many cases, the loan can be repaid through the extra profits your improved farm will bring.

A visit to Mr. Clayton is a "go-ahead" step a step in the right direction.
