## A DRIP-PROOF TAP

A drip-proof, hap, the washer of which can be changed without turning the water off at the main, has appeared recently in Britain. Consisting of only six parts, it is based on a new principle resulting from wartime advances in hydraulic equipment in nircraft. Two washers, made of a Golden Text.-Hear me, O Lord, new synthetic resilient material, rehear me, that this people may know place the normal one. Scaling is efward, the records show.
