Visitors at the home of Mr. and Mrs. Martin Kelly over the holiday and Sunday were: Mr. and Mrs. William Kelly and Billy of London; Mr. and Mrs. Pat Kelly, Marilyn, Patsy and Barry of Oshawa; Mr. and Mrs. F. J. Hauck and family; Mr. and Mrs. Fred McMillan of Guelph and Philip McCristall of Acton.

Engagements

Mr. and Mrs. Alexander Thompson, Erin, wish to announce the engagement of their daughter, Sarah Ada, to Raymond Benie, son of Mr. and Mrs. Robt. Kirkwood, Erin. The marriage to take place quietly in June.

Mr. and Mrs. Elbert Lyggan, of Orton, Ontario, wish to announce the engagement of their daughter Doris May Watson, to George Leonard Bilton, son of Mrs. Beatrice Bilton and the late Mr. Thomas Bilton, of Kindersley, Sask. The marriage to take place in June.

MANY FRIENDS ATTEND FAMILY REUNION AT RUTLEDGE HOME

The birthday of Mr. and Mrs. W. J. Rutledge on Sunday last was the occasion of a gathering of over sixty in a family reunion at their home when relatives were present from Niagara Falls, New York, Oakville, Port Credit, Toronto, Whitby, Oshawa, London, Acton and Georgetown. It provided a delightful social gathering and reunion. A beautiful birthday cake with pink decoration was made by a sister of Mrs. Rutledge, Mrs. Dent of Niagara Falls. All members of the Winters family were present but Mrs. Bradford, who was ill and included the following: Richard Winters and family, Pickering; Mr. and Mrs. Gardner of Pickering and family; Mrs. Hedge and son Dickie; Mr. and Mrs. Dent, Niagara Falls; Mr. and Mrs. Leaver, Oakville and family; Mr. and Mrs. Dent and family, New York; Mr. and Mrs. Walker, Preston; Mr. and Mrs. Leaver, Clarkson; Lillian and Wanda, daughters of Mrs. and Mrs. Rutledge; Mr. Rutledge, Guelph and Mr. and Mrs. Frank Petch and son of Georgetown. The family presented their mother with a wrist watch and the Winters family presented a purse and sum of money.

Acton Wins Opening Game by 11-4 from Milton

(Continued from Page One)

could be literally summed up as a typical opening game with both teams nauticated by the freshness of the season. A factor worth noting is that both clubs sported a comparatively youthful player roster which should add some of the so called exuberance of youth to the season of baseball—and it promises to be such.

BOX SCORE

Baxter's Win in the Opening Game in Softball League

Opening the softball season on Monday night, Baxter's handed Rachlin's (Bunkhouse to you) a 15-7 setback with a week seven hit effort in a nine-inning affair. "Cookie's cohorts" put up a fifteen hit barrage but managed only seven runs while Baxter's opportunists gleaned fifteen runs from errors and wild throws.

With Vic Masters on the mound as starter, the hurler for Rachlin's and Andrews on the receiving end, the outfield failed to give proper support. The inevitable happened. Baxter's loaded the bases on errors, steadily pushing the count to the higher brackets. Norton went the route for the Laboratory with Lorne Masters backstopping. Cold as it was it didn't stop either squad from displaying some first class batting although the weather probably impaired the fielding averages.

George Williams' bat boomed emphatically all night. A triple, double and a home run were his big gun of the Baxter outfit with Jim Marshall a close second. Both Jordan boys, Gib and Mel, clouted the horsehide with more than meaning. Mel took up pitching duties in the later stages of the game after Masters' retirement.

"Lucky" Wilson replaced Andrews as backstop for Rachlin's, who the latter was injured in a home plate fracas of feet and elbows. Although the weather wasn't exactly ideal for spectators, a fair crowd turned out to view the first of a heavy schedule.

Line-Ups:

Baxters—Masters c; L. Norton p; Robinson 1b; Tennant 2b; Snyder ss; Williams 3b; Sorbey lf; Marshall cf; Norton rf; Manager, Harry Holmes.

Rachlins—Andrews c; Wilson lf; c; Masters p; Beatty 1b; G. Jordan 2b; Marzo ss; Stewart 3b; Lantz lf; Somerville rf; McHugh lf; M. Jordan cf; D. Manager, Gordon Cook.

HOLSTEIN AND JERSEY BREEDERS FIELD DAY AT GUELPH

The annual field day of the Halton and Peel Holstein and Jersey breeders and their families on Saturday, June 7th, is again scheduled for the Ontario Agricultural College, Guelph, under the leadership of Frank Stark of the Halton Holstein Club. Normally 1000 to 1300 attend this popular field-day, which continues to grow in popularity year by year. The morning program which commences at 10.45 a.m. D.S.T. includes the following optional tours: experimental plots; dairy barn and long term pastures; poultry dept.; farm machinery dept.; Macdonald Institute and gardens and greenhouses. The entire group are to be guests of the Ontario Agricultural College for lunch which will be followed by an address from W. R. Reek, M.B.E., Acting President of the O.A.C. The afternoon program will as usual include livestock judging competition; parade of livestock and sports for young and old.

BACHELOR HEALTH

Those who strive to "live alone and like it" are reminded by the National health authorities that, even more than family folk, they must watch their living schedules. If they would preserve their health. It is such a temptation for the bachelor or bachelor-girl to make do with a snack, and the doctors fear, many living alone are inclined to be careless with cleaning up their living quarters. Strict self-discipline is advised not only with respect to cleanliness of rooms and apartments, but with meal schedules and other aspects of living.

Head's Glasses

—are smartly styled and really good-looking. Price is moderate.

The LETTER BOX

Moosebank, Sask.
May 21st, 1947

To the Editor:

Dear Sir:

As my subscription is near due I thought I would write you a few lines. I have so many friends who take your paper and live near Acton. We have had a very bad winter here. It was not as cold, I have seen winters much colder, but there was so much snow. It was hard to get around. It never rained until May 21st, and it started at 6 o'clock this morning. It rained for six hours steady with no wind. We never had a thaw all winter until spring and the snow melted very slowly and the water soaked into the ground. It has been very cold and a late spring, about one-third of the crop is not in yet. We have no real warm days, as it is very cold at night. I see by the papers that weather in Ontario has been very wet. I am 37 years, here and I never saw as much snow.

You will find enclosed the money for 1947 paper. I would be lost without that paper. I also take the Mount Forest Confederate and will take them as long as I can read them and pay for them. Will close wishing you a prosperous year.

Yours,
MRS. COLIN L. RAY,
Moosebank, Sask.

Backward Season Retards Progress In Seeding

The very backward spring has seriously interfered with seeding of cereal grains in all sections of Halton. In a recent interview with Agric. Rep. J. E. Whitlock we were informed on May 26th that there are many Halton farmers who as yet have been unable to do any seeding. On the higher earlier farms, stated Mr. Whitlock, seeding of cereal grains has been completed but taking the County as a whole, it is questionable, he added, if more than one-third of the intended acreage has as yet been sown. In view of the world shortage for food products and with the need for Ontario farmers to grow a larger percentage of their feed requirements, than has been the case in recent years, the situation is very critical.

Fortunately Halton's fall wheat acreage is above normal and furthermore has come through in good condition. Nevertheless, stated Mr. Whitlock, the present livestock population in Halton makes it essential that a maximum amount of feed grain be produced in 1947. While there are always exceptions to the rule, it is the consensus of opinion of Halton farmers that oats sown after May 21st do not usually amount to very much. Under such conditions it would seem that consideration might well be given to the sowing of substitute crops. These according to Mr. Whitlock, might include a few acres of such crops as husking corn, field peas, speltz, millet and finally buckwheat. In the case of husking corn it is essential, he added, that an early variety, such as Canada 279 or 355, be selected.

Even a 35 or 40 bus. crop of husking corn is the equivalent of 70 to 75 bus. of oats from a feeding standpoint. If field peas are to be grown, they should be sown on a clean field, preferably following sod and here again an early variety such as Chancellor should be selected. Millets of the Froso type, Crown or Siberian sown early in June at around 25 lbs. per acre will also produce grain, which is approximately equal in feeding value to barley. Another crop which has possibilities in a year such as this, according to some of the older farmers, is that of speltz. Finally there is buckwheat, which should not be sown until around July 1st if it is to be harvested for grain.

HALTON JUNIORS PLAN FOR ANNUAL PLOWING MATCH

The second annual plowing match for Halton Junior Farmers is to be held on the farm of A. T. Woodley, Trafalgar Township on Tuesday, June 3rd, states Cameron Wilson, 1st Vice President of Halton Junior Farmers. We understand from Mr. Wilson that their initial effort in 1946 brought out 25 competitors and they are looking forward to an even larger number on Tuesday next. "An excellent prize list has been prepared. Then on Saturday, June 14, the annual livestock judging competition will be held. 70 young men competed at the 1946 event. At the same time the young ladies under the direction of Miss Mary Irvine, Halton Home Economist, will hold their achievement day in the Milton Town Hall. The high contestant in the young ladies' achievement day will be awarded a championship trip to the 4H Boys' and Girls' Congress at Chicago next November, while the two young men with the high aggregate scores on the June and March competitions will be awarded trips to Washington, D.C.

POULTRY FEEDS TIGHT

The outlook for poultry feeds for 1947 is not encouraging, and supplies of feed will be at the best equal 1946, says the Current Review of Agricultural Conditions in Canada. Poultry officials have advocated earlier hatching in order to have eggs ready for the fall and early winter markets, but at the same time, in line with the recommendations of feed officials, warnings were given that there would be no increase in total hatches. This policy seems to have been followed.

Check back up to the end of March show an increase of about 48 per cent over the corresponding period of 1946. The demand in March, 1947, for chicks was strong in April, but May orders are light, as a number of cancellations for May orders have been reported.

Re: Dogs Running at Large

In accordance with the Dog By-law ALL dogs must be kept tied between the 1st day of May and the 15th day of September in each year.

It is noted this year there are a number of dogs not tied or kept under control and therefore it will be necessary to prosecute the owners of such dogs found running at large after the issue of this notice. Kindly co-operate by keeping your dogs securely tied and thereby avoid unpleasantness and unnecessary prosecution. This applies night and day. Do not turn the dogs loose at night.
