This and that

—First race meet of the district is booked for Acton Park this Saturday afternoon.

—George Holmes caught a fine brown trout, 22 inches in length, in a stream near Eden Mills.

—There seems to be general agreement that we've had plenty of rain and cloudy weather for just now.

—Norman Jackson, lot 24 in the 3rd concession of Erin, shot a turkey buzzard Saturday morning which measured five feet seven and a half inches from wing tip to wing tip. The bird was brown, shaded with blue, with a bald head and curved beak.

—Four runaway cars, loaded with scrap iron and a caboose, crashed into the locomotive of a Toronto-Acton CNR passenger train Saturday afternoon near Strachan Avenue and King Street, Toronto, but no one was injured. The caboose and one car were demolished and the engine was damaged.

—Engineers and surveyors have been at work on Highway No. 25 between Milton and Acton and we understand a start will be made very soon in making complete repairs to the road. The grader has been at work for several weeks and most of the road surface has been torn up and levelled.

LITTLE TOT AWED BY THRILLER

Awed and lonesome, the little 3-year-old child, her face lovely in her green poke bonnet, stood up in her seat and leaned over and put her hand in the hand of the man in the seat behind. Her brothers, perhaps six and eight years, moved back and forth among the two hundred other children, returning for brief periods to their seats alongside their little sister. "Did he stick the knife in him, is he dead?" one brother asked. The other as the actors flashed a bit of justifiable homicide. The killer was not apprehended. He lied and got away with the killing of the fat. The picture was well done; a graphic portrayal of brutality. There was nothing wrong with the show except that the wrong people were seeing it. If shows suitable for children cannot be shown at Saturday matinees, it parents cannot keep their children out of suitable shows, perhaps some one else should make sure that they are excluded.—The Scene.

RAWLING CALF FAKES UNDUE CREDIT

A brindle calf sticks his head out of the corner of the pen and bawls whenever he sees his feed coming. He is one of four of a size penned together. Their duty is to eat all they can and stay healthy. They will be baby beef along about May.

The brindle calf is never hungry. We have to be careful not to put him off his feed by giving him too much. He is a friendly fellow who likes attention, particularly to have his back scratched. He bawls to tell us he would like to be served first. He appears to have convinced the other three that they would not be fed at all if he did not bawl for all of them. They poke their heads expectantly into the manger at his first bawl. They like their backs scratched too but they are willing to take their turn after the leader. He would make a dish de luxe for the annual banquet of a pressure group. Bids will be considered in order of receipt.—The Scene.

LARGE CANADIAN MANUFACTURER REDUCES PRICES TO PRE-WAR LEVEL

Mr. Herbert Smith, General Manager of Pumps & Softeners Ltd., London, Ontario, announced effective immediately prices on Duro Domestic Water Softeners are reduced to the pre-war level. These price reductions are effective because of return to greater than pre-war production and full-time employment. The economies which increased production have produced are now being passed on to the Canadian Consumer. Mr. Smith feels that this policy is the most effective means of controlling the vicious spiral of consumer costs. The world will work right when we live right.

Obituary

JOHN THOMAS KING

On Sunday morning, May 25th, the people of this community were shocked to learn of the sudden death of John Thomas King an old and highly respected citizen of Hornby. Born June 3rd, 1859, the late Mr. King was a remarkable example of a genial kindly gentleman. He had a happy faculty of making friends easily and endearing himself to those with whom he came in contact, by his forthright honesty and open candour. Physically active and mentally alert he thoroughly enjoyed his evening of life. He was the last of a generation of eight children born to the late Samuel and Jane King, natives of Ireland, who settled in Hornby over a century ago. He was reared in a household where industry and strict parental obedience were inculcated with a strict observance of the Shorter Catechism. He was personally a staunch Presbyterian, honest in his convictions and loyal to the tenets of his faith. In 1890, John King married Mary Graham and continued to farm the homestead on which he was born, until his retirement from active work in 1930. To John and Mary were

born four boys and a girl. Reared in an atmosphere of truth and moral rectitude, they were taught to honor in strict observance, the tenets of Christian faith, of an elder of the Presbyterian church and today are grown to manhood and womanhood, in the person of Dr. J. L. King of Galt, Dr. G. A. King of Milton, Erle King of Toronto and Russell G. King of Hornby and Queenie Galbraith of Hornby, to survive and hold dear, the memory of a beloved father. Mary Graham King predeceased her husband in 1916.

JOHN THOMAS KING Hornby.

The funeral service was held with simple dignity in the late home of the deceased, on Tuesday, May 27th, 1947, and the remains interred in the Presbyterian Cemetery. Funeral and burial rites were conducted by Rev. W. J. Walker of Galt, Rev. J. N. McFaul of Oakville and Rev. G. W. Porter of Milton. The pallbearers were Dr. William Jones of Toronto, Kenneth MacMillan of Georgetown, and Archie King, Clebert McDowell, Lindsay Neelands and Charles Galbraith of Hornby. Mary Joan, Jack and Lenore King of Milton and Kathleen King of Galt, as they went their way in single file to lay their flowers on "Grandpa's" grave.

Field Representative In Acton Discusses Board of Trade

C. K. Bantock, Field Service Representative of the Canadian Chamber of Commerce was in Acton for a few hours last week to discuss the re-activation of the Acton Board of Trade. He pointed out that many towns were becoming community conscious and expanding through the activities of their Boards of Trade. Within the past years 210 Boards of Trade have formed in towns from Coast to Coast. At present affiliated with the Canadian Chamber of Commerce there are 269 Boards of Trade and Chambers of Commerce. Mr. Bantock said Board of Trade activities are essentially community building, recognizing the four interests of any town namely Commerce, Industry, Agriculture and Civic. "There are many problems facing business men to-day both from a community and National standpoint which can only be met by the forward thinking citizens of a town. Membership in a Board of Trade is open to any town citizen who is interested in the community welfare." Mr. Bantock explained that the Canadian Chamber of Commerce is a federation of all Boards and Chambers across the Dominion and is responsible for interpreting the voice of business to the Government at the national level.
