SMOKING RUINS LEFT AFTER BARN HIT BY LIGHTNING

Picture shows all that was left of a fine barn filled with the season's crop on the farm of Roy Hindley near Ospringe, after a bolt of lightning set it on fire. The blaze also threatened other farm buildings for some time but the work of a bucket brigade was aided by a shift in the wind and the blaze was confined to the barn. All the season's crop, some stock and implements were lost. The farm and remainder of the stock and implements will be sold by auction on Saturday. —Photo by Free Press.
