Intermediate Group Has Seven Teams For This Season

At the executive meeting of the O.I.A. last week the grouping of Intermediate and other groups were drawn up. 'Group 4 Intermediate' is the one in which this community is interested and it has seven entries with two of them A and five B ratings. It comprises Acton, Milton, Fergus, Georgetown, Oakville, Arnprior, B group and Oakville and Brampton in A group. Convenor is N. B. Hill of Georgetown.

Another item of local hockey interest was the O.I.A. decision to allow Lorne Evans of Milton, who played last year with Acton, to play for his home town. Evans left Acton after the baseball season closed to play with the Halifax Crescents who have released him.

REV. W. G. LUXTON NEW RECTOR OF ST. ALBAN'S ACTON

Rev. W. G. Luxton, rector of St. Andrew's Anglican Church at Hamilton Beach and St. Matthew's Church at Aldershot has been appointed rector of St. Alban's Church at Acton and St. John's Church at Rockwood where he will take up his new charge early in 1948.

Mr. and Mrs. Mitchell Mark 53rd Wedding Anniversary at Home

On the occasion of their 53rd wedding anniversary, Mr. and Mrs. Geo. Mitchell, Campbellville were at home to their family, friends and neighbors.

Mr. Mitchell was born at Durham and will be 83 years young this month. Mrs. Mitchell was born at Carlisle and before her marriage was Annie Watson. She is also nearing her eighties. Both enjoy good health. Mr. Mitchell is one of the hardy original pioneer stock. He built 45 loads of hay this summer, helped with the harvest as well as other farm work.

They have three children: Lorne at home; Pearl (Mrs. J. Service) and George, both of Toronto. There are four grandchildren and two great grandchildren. The family was all home and had dinner together, after which they presented them with an electric mantel radio and a bed lamp.

In the evening their friends and neighbors showered them with congratulations and a lovely electric table lamp. The evening was spent in games after which a hearty lunch was served and with the singing of "For they are jolly good fellows" and "A Happy Welcome to All" a lovely evening was brought to a close.

Wartime Houses Start Occupancy Early in January

Seems to us every young married man we meet these days plans to get a home in the new Wartime Housing Subdivision. We hope there are enough to go round because most of these young men are returned soldiers who two years after the war is over haven't been able to get the homes they fought for.

It will come as good news then of progress made on these fifty houses. Some of the houses will be ready for occupancy early in January, we are informed. The last outside framework of the fiftieth house went up Monday. Chimneys on Monday were finished on all, but eight and those should be completed this week. Plumbing has been installed in sixteen of the homes and the septic tank installations are in over half the buildings.

That's the good news for these young married couples. By spring those fifty houses will all be homes.

THE EQUAL OF ANY PRINTING SECURED IN CITY OR ELSEWHERE

Last week the Free Press com-

mercial printing department delivered a good sized order to a town over 400 miles from Acton and in writing our customers, we said it seemed a long distance for a small town printer to be delivering their products.

This was the charming reply we received: "May I say the work is equal to any I have had done either in Toronto or elsewhere. If in future we have any work to do, it will be pleasure to submit same for quotations." We certainly appreciate that letter and the Christmas greeting that accompanied it to the editor and staff.

Acton Debentures Bring Good Price and Demand

Issue of 2½ and 3% Brings Nearly Par—Arena Appointments Have

been made—Plans for new Roxy Theatre Submitted to Council—Admission for Hockey Games is Raised to Meet Added Expenses—Session Adjudged at Mid-night to Meet Again and Complete Business Next Week

Acton Council met in December session, the last scheduled for 1947 with Councillors Aylsworth, Creighton Cook and Cook present and Reeve F. J. McCutcheon presiding. Councillor Fred Davison and Alex. McLean were also present.

Mr. V. B. Rumley of the Cemetery

Board conferred with Council regarding arrangements for giving part-time employment to the caretaker of the Cemetery. The present caretaker who was unable to get a house in Acton could not do the work in the winter. Council agreed to co-operate and hire an extra man who would do the cemetery work and the arena flooding and other winter work for the corporation. A division of costs was to be arranged.

Mr. R. L. Gregory submitted dupli-

cate plans of the new Roxy Theatre, which was under construction. Plans had been furnished the Municipal Officer.

The entire structure was of

steel and concrete with a stone front.

Seating capacity was 400 or more. It was planned to convert the present theatre building into two stores when the new building was completed.

Mr. Gregory made an offer to the Corporation to sell the seats from the old theatre building for use in the Town Hall auditorium. The new building would have all new seating, wider and more widely spaced. Council approved the plans. Mr. Gregory said it was expected the new theatre would be opened in February.

Council discussed several accounts of indigent patients which had been outstanding for some time.

Accounts were passed for payment as follows:

The Canada Valve and Hydrant Co. \$194.50

Fred Stewart, trucking 23.75

Acton Public Utilities, various services 211.06

Tax Collector of Esqueme, taxes 13.37

A report on the collection of Dog and Poll Tax was presented. The cases were in the hands of the Bailiff for collection and much progress had been made. Further action was advised on the few outstanding.

A letter from the Board of Transport Commissioners gave notice they would be in town to discuss the complaints at Main Street Crossing. It is understood the C.N.R. would be required to put sufficient fill for a sidewalk and the guard rail was to be replaced on Main Street north.

The matter of building a subway at Bowes Avenue was also taken up when the officers were here and also the blocking of C.N.R. crossing on Mill Street. The cost of a subway would be approximately \$8000 to be paid by the Corporation of Acton. Blockage of the crossing could be stopped if complaints were filed.

A letter from the War Assets Corporation enclosed an agreement in principle for the sale of the land on which the arena was built. Sale price was \$25 and the agreement was ratified and instructions given for its execution.

Mr. J. E. Royston discussed with Council the admission charge for hockey games. Neighboring towns

Acton Industry Installs Large New Equipment

Another Acton industry is busy this week making a new installation for increased production. Saturday morning a big derrick hoisted a stainless steel tank of good proportions into mid-air and placed the new equipment through an opening in the roof at Baxter Laboratories where other similar installations not so large are alongside. It has since been built into the building.

This installation, while the most spectacular, is only one of several in the plant that are being made at the present time to increase production at a high standard for this local plant.

MISS T. VELDHUIS GUEST SPEAKER AT THE DUBLIN INSTITUTE

Dublin Women's Institute held their Christmas party and regular December meeting at the home of Mrs. C. van Gozen. Mrs. Robertson had charge of the meeting. Roll call was answered with a donation of food to be sent to England and Scotland.

The guest speaker was Miss T. Veldhuis who is visiting her brothers and sister in Acton and Guelph. Miss Veldhuis was a matron of a hospital in Holland which was taken over by the Germans, who demanded everything. With pictures she made her story very real and gave us a vivid description of how these people suffered and of the many things they were deprived of to appease the Germans.

An exchange of gifts among the members was enjoyed. The committee served a hot lunch and enjoyed a social hour.

Children's Aid Received \$243 in Response to Appeal

The regular monthly meeting of the Board of Directors of The Children's Aid Society was held in the Society Office, Milton, on the evening of December 11th, with the President, Mrs. M. E. Nixon in the chair. Accounts for the month of November amounting to \$861.82 were passed for payment.

Mrs. Nixon, Mrs. Mary S. Pettit, Mr. E. D. Mahon and the Superintendent were named as delegates from the Society to attend the Regional Conference to be held in Guelph on January 16th, 1948. On motion, the Board

favoured an increased Provincial Grant to Children's Aid Societies as financing will be one of the main topics of discussion at this Conference.

Owing to illness, Mrs. Hutt of Acton

who has been operating a Reception Home for the Society has found it necessary to give up, therefore it was decided to again advertise for a Reception Home conveniently located within the county.

No response had been received to a former advertisement for a Social Worker, it was decided to again advertise in the local and city papers.

In response to a recent appeal, the receipt of \$243 and several bundles of clothing is gratefully acknowledged.

At the end of the month there were 69 Child Protection cases open, 9 of which were new during November; and 97 children in the care of the Society, one adoptive being completed during the month.

Yours sincerely,

C. Lovett, Headmaster
