IN MEMORIAM

FRANK—In loving memory of our cousin Wilfred Frank, who passed away one year ago, February 28th, 1947.

Deep in our hearts his memory is kept. We smile with the world, but we never forget.

Always remembered by Elma, Bill and Ken Bullard

LAMBERT—In loving memory of Barbara, wife of Leonard Lambert Sr., of R. R. 2, Acton, who departed this life on February 22nd, 1947.

Oh, for the touch of a vanished hand, And the sound of a voice that is still. Lovingly remembered by Dad and all the family.

CORNELL—In loving memory of our dear daughter and sister, Barbara Guthrie Cornell, who died February 27, 1944.

Our times are all in His gracious hand. He gives and He takes away. So we trust them to Him till a new day breaks.

Always remembered and missed by Mother, Dad, Ledy Anne and Laurie.

DUBY—In loving memory of our young nephew, Tommy DUBY, who died February 25th, 1947.

As the stars that are steady in the time of our darkness, To the end, to the end, he remains.

Fondly remembered by Aunt Babe and Uncle Art.

DUBY—In affectionate memory of young Tommy DUBY, who died one year ago.

God bless all little boys who look like Puck, With wide eyes, wider mouths and stick-out ears.

Remembered always by Granny and Aunt Esther.

DUBY—In loving memory of a dear nephew, Tommy DUBY, who died one year ago.

For the old-time step and the glad return. Think of him faring on, as dear in the love of there, as the love of here.

Think of him still as the same, I say. He is not dead, he is just away.

Ever lovingly remembered by Aunt Barbara, Uncle Harry and Cousins Barbie Anne and Gordie.

HOT SOUNDS

The U.S. Signal Corps has discovered that some sound waves produce such intense heat that white mice died of the effects after one minute's exposure. These sounds are so high pitched that they are not audible to human ears, but even humans could feel the effects and it was difficult to escape burns. The sounds would kill the common roach, blow flies, caterpillars and yellow fever mosquitoes. The possibilities of pest control implied in these tests are far-reaching.

This and That

—Don't waste Hydro and help keep the factories working.

—March comes in on Monday. Will it be like a lion or a lamb?

—The weather has been quite spring-like and this is the last of February.

—For best values consult the advertising columns of your home town paper.

—An easy way to reduce the cost of living. Shop first in the ads in every week's Free Press.

—Pussy willows are out and have been collected in some of the swamps of this district the past week.

—The Beardmore Co. plant is now working only until four o'clock each day in an effort to curtail Acton's consumption of Hydro.

—There wasn't anything sporting about the action of a fan at the game last Thursday who hit one of the referees with an egg. Those are the things that give a town a bad name.

—The Friendly Circle of the United Church were entertained to a sleigh riding party, Wednesday evening by Mrs. J. J. Stewart and Mrs. Jack Stewart Jr. A social time was enjoyed and lunch was served by the hostesses.

—Always remembered by Elma, Bill and Ken Bullard

IDEALS OF WORK

It is remarked that the New Year is a time to cherish high ideals, and that one way to realize these ideals is to do the best possible work in one's occupation. One way to do the best possible work is to become an intelligent as possible about the thing one is doing. If people are keenly interested in their work, they will be likely to often ask questions about it, to try to find out the best ways of doing it, about what the people want and how their desires can best be satisfied.
