WE'RE SAVING MORE

Savings deposits in Canadian banks, reports The Financial Post, reached a new high of \$3,959 millions in July, up \$23, millions from June, and up \$269 millions in a year. The increase is attributed to high wage and employment levels, and a general tendency to save—a very comforting picture—one bank executive termed it.

Field Day at Halton Park Big Success

Raised Over \$1000 for Lighting of Grounds—List of Prizes and the Winners

The Field Day held at Halton Community Park on Sept. 15th, sponsored by the Lowville Hall Team, assisted and supported by the Nelson Township Federation of Agriculture, was a scene of real activity throughout the entire afternoon and evening, from 1.00 to 10 o'clock the Gate Keepers were busy selling admission tickets for the Lucky Gate Prize (\$10.00 Cash) to the hundreds of people crowding in.

The weatherman co-operated with grand weather, although a little cool, curtailed the sales of ice cream and pop but was made up in more demand for hot coffee, pie, cake and sandwiches from the Ladies Refreshment Booth under the efficient management of the Mt. Union W.I. and the Limestone Farm Forum.

The success of the day is attributed largely to the Donors, of over forty grand prizes for the Lucky draw, all of whom donated their merchandise.

The Ball Tournament commencing at two o'clock with Omagh vs. Zimmerman in the field proved to be the knockout game of the day, the programme for the day called for seven inning games, these teams were tied at the end of the seventh, tied at the end of eight, tied at the end of the ninth. However, in the tenth Zimmerman finally put it over.

The second game between Milton Owls vs. Lowville was a good game and showed considerable skill on the part of players on both teams, the Owls winning 11 to 2. Many comments were expressed of appreciation and thanks for the wonderful work done by Dave Wendover with his heavy machinery (donated voluntarily) in improving the condition and appearance of the ball field.

In the evening Jimmie Hopkins and his entertainers supplied a comedy program over his loud speaker.

Throughout the entire evening the boys were kept busy in the numerous booths of games, Bingo, Fish Pond, etc.

The platform displaying the prizes for the Lucky Draw was the scene of much interest, and developed to a high pitch when Mr. Stanley Hall, MPP was called to the platform to draw the Lucky tickets. Mr. Hall paid tribute to the Halton Federation of Agriculture in this development of a Park for the people of Halton. It is certainly a wonderful spot and has a great future I am sure, he said.

The Lowville Ball Boys are laud in their praise for all who so generously assisted them in their first attempt to raise funds to illuminate the Ball Field.

The proceeds of the Day amounted to well over \$1000.00.

AUSTRALIAN WHEAT

The current Australian wheat area is reported to be about 20 per cent below the 1947 record acreage although no official restrictions on acreage were imposed. Reasons given for the decline are that farmers found it difficult to prepare some land owing to heavy weed growth, and that prevailing high prices for wool and fat stock induced farmers to leave more cropland in pasture or to grow more fodder crops.

AUSTRALIAN APPLES

During the current apple export season over 3.5 million bushels have been exported from Australia. Of this quantity, over 3 million bushels went to the United Kingdom, 320 thousand bushel to Eire and Scandinavia and the remainder to the Far East.

EVELYN PELLETIERO CANDIDATE FOR "DAIRY QUEEN" TITLE

On Monday evening last Halton Junior Farmers and the Halton Inlet Club selected Miss Evelyn Pelletiero of Nelson Township, as their candidate for "Dairy Queen" of Central-West Ontario which includes the counties of Grey, Waterloo, Wellington, Brant, Haldimand, Wentworth, Lincoln, Welland, Halton and Peel Counties. Miss Pelletiero is an active leader in the Palermo Junior Institute; as county recreational leader for the Halton Junior Farmers; also as the leader of the Palermo Junior Home-maker Project Club for the past year. At the present time Miss Pelletiero is County Secretary of Halton Junior Farmers.

In other words, there will be a candidate for Dairy Queen from each of the ten counties concerned. The County calling the most admission tickets to the District Championship Halton Show, to be held at the Brantford Air Port, on October 12th, will have its candidate crowned as "Dairy Queen". A door prize of a huffer calf, sired by the \$15,200 bull Raymondite Yalta, will be awarded to the lucky ticket holder.

A portion of the proceeds from the sale of the admission tickets, remains with the sponsoring organizations. In the case of the Halton organization this will be donated to the committee in charge of the development of the Halton Community Park at Lowville.

While details of the Dairy Queen Contest have not been entirely completed, it is our understanding that the Dairy Queen will be awarded a suitable trip.

Miss Pelletiero's host of friends in Halton are rapidly setting up their campaign to assist her in winning the Dairy Queen title for Halton County. In short, your support of Miss Pelletiero's candidature will also assist in providing funds for the further development of the Halton Community Park.

NEW USE FOR BUCKWHEAT

The United States Agricultural Research Administration has announced that green buckwheat has been found to be a source of a recently discovered important drug called rutin. The drug, used in the treatment of hemorrhage disease, is being made in the United States by 15 manufacturers from buckwheat leaf meal for the production of which six processors are drying buckwheat. The 1948 crop for this purpose, is estimated to be 50 thousand acres, representing a cash income of \$2 million to the farmers.
