from the Waterworks Department to the General Account of the Corponetion.

The waterworks by-law, which has been passed by the Council was presented to the Commission Among the items contained in this by-law it stipulates that all meters must be accessible to the meter readers. A number of places have covered up their meters with coal and other goods. The Superintendent was to list these places and notify the consumer 'that they would be cut off if the meters were not made accessible.

It was decided to get a supply of the Acton Free Press. water contracts, incorporating the
