Week-end skiing, although notperfect, was reasonably good. With the last gigantic fall of anow the local enthusiasts looked forward to nice soft fanding in the fluffy rain drops. The Penguin Club chalked up another very interesting evening With the celebration of the good St. Valentine comes a special event at the local teen-agers club this Friday. Novelty dances, which we understand are really different, will be Teatured on the evening's program. Plans are being made for other novelties and the evening should certainly be of interest to all the local and district trensters.

Something of a really different nature is in the wind. The local executive has been visiting neighbouring clubs on good-will tours and also in the hope of securing new ideas. The results have certainly been worth the effort. Acton has developed the idea of a mammouth extravaganza called a Ho-Down Jamboree to be held in town, the locals playing host to members from Fergus, Orangeville and Oakville teen-age clubs. Of course plaid shirts and slacks will anyone not adorned will be out type will be presented and a large schedule of novelty numbers will

crowd the evening full of enjoyable experiences. This giant event will be only for those who have invested in the club, that members only. If
