Juniors Trim Georgetown 11-2 In Hockey Game

Last Friday night Acton for the third time showed their superiority over Georgetown's hapless Blue-shirts trouncing them 11-2. It was a rough game and Georgetown endeavoured to chop the locals down with high sticks, etc. The Redmen played their usual brand of good hockey while the Peppermakers did their best to turn the game into a stick swinging shambles. Hillz and Hamilton were two of the worst offenders and drew many complaints from the assembled populace for their diligent use of high sticks, cross checks and even caused a Georgetown fan to say, "It's a crime that the O.H.A. allows them to hold cards." Acton scored three goals in the first without a reply from Georgetown who could scarcely clear the puck out of their own end. In the big second frame, Acton blunted the light behind Walters eight times with only one reply from Georgetown when they scored from a mix-up in front of the Acton net. In the third, Georgetown scored the only goal of the period which was held up long and time again by the foot of Dave Brush's whistle and at one stage in this stanza the rink was filled to overflowing. Rossell and Hamilton drew majors for trading punches and Hillz and McEnery also collected five minutes each. There was no trading of punches in this case. McEnery took care of that after receiving a high stick in the face from Hillz. It is rumored that after many conferences with Georgetown officials that the group play-offs start here to-morrow night and judging from past performances it shouldn't take long to dispose of Georgetown and go in quest of the championship. This writer even ventures to predict that this team will go a long way toward such an accomplishment. P.S. "Sooty" Burton thinks so too!

VARIED PROGRAM FEBRUARY MEETING OF KNOX Y.W.A.

The regular monthly meeting of Knox Y.W.A. was held at the home of Mrs. Francis Wilds. After the meeting was opened by the president, Mrs. F. Anderson, Mrs. S. Sinclair read the Scripture and Mrs. Anderson led in prayer. The new study book for the year was introduced by Miss Marguerite Rossell. Short readings were given by Mrs. George Musselle and Mrs. Campbell Currie. Mrs. Armstrong was welcomed into the Auxiliary and also two other new members. An interesting contest on naming the origin of verses from the bible was won by Mrs. George Musselle. A very delightful lunch, carrying out the Valentine theme was served by the hostess and the group in charge.

A qualified teacher travels with a circus and children of the employees attend morning and afternoon classes in a large red and gold wagon.

Helen Snow won the ladies high single this week with 272. Norma Marjo won the ladies high triple last thing Saturday night by beating June Brown with 309, 209, 251 for a total of 669. June held it with 617 most of the week. There is quite a weekly battle among several of these girls for the prize money. Dave Nelles polled his all time high of 337 to take the men's high single. "Buck" Weaver came up from Hamilton to win the men's high triple with 871.

Mr. Frank Thompson, superintendent of Halton Children's Aid Society addressed Acton Rotary Club on Tuesday and told of the work and problems of this organization. It proved a most interesting address and Mr. Thompson was introduced by Mrs. Beatty and the thanks of the club extended by Acton Dillia Mr. Thompson was for twenty years engaged in his welfare work and his experience and intimate knowledge of the field made a most interesting talk. Mrs. Beatty told the members that the workshop was now ready and that the first lawn chair had been made in the project to make and sell fifty of these articles. Six volunteers were secured for work on the project on Tuesday night. Vice Chairman Doug Garbutt told of the organization and work for the crippled children fund. AC-TEEN TOPICS

With the local Commencement only a few days away, things are really beginning to hum as the actors study their scripts, the gymnasts tumble around, the dancers dance, and the speakers speak. It is undoubtedly a great show with a lot of work, a lot of interest and a lot of spirit. A small get-together is arranged for after the final curtain among the participants and the students.

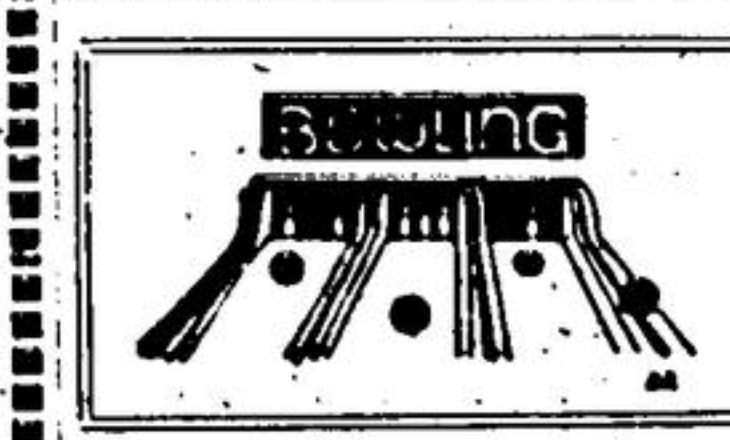

The Valentine Dance at the Penguin Club last week was a tribute to the committee responsible for the decorations. The array of red and white paper, valentines and Cupids, proved very attractive. The novelties that the Executive attempted to present to the gathered teensters, were not well received and little participation was forthcoming. Have the local teensters lost their spirit or do they need a leader, are they frightened of something or are they just not interested in novelties.

The regular dance this week will be followed by the mammoth Hay Loft Hoe Down or Ho-Down Jamboree. This is expected to be the biggest thing for some time. It is certainly a good opportunity to make new acquaintances with members from visiting clubs. Remember that Acton is the host to these visitors and it is up to every Penguin Club member to see that they have an enjoyable time. Posters have been sent to the expected visitors to assist them in advertising this big event and no doubt there will be the expected crowd. At the time of writing no estimate is possible on the expected number of visitors but from the three clubs a good crowd can be expected. The admission to this night of fun and entertainment is the usual price to Club Members and of course everyone realizes the necessity of arranging it to members with such a crowd expected, accommodation is a very recent consideration.

The local Band is, for a short time, losing its present conductor, Mr. C. W. Mason. Mr. Mason has been with the band since its organization and has devoted a great deal of his time to the continuation of this group. The Band is certainly sorry to have their Conductor absent for such a short time but trust he will be back with his hat on in due time. Last week-end was certainly not fashioned for skiing but the Saturday skating was not bad considering the weather.
