BURLINGTON

At the regular meeting of the Inter-Urban Area Board held Monday evening the members learned that their application to the Municipal Board for \$300,000 to increase the filter capacity and make other changes at the water plant had been turned down. The board advised that they could not sanction such an expenditure without the vote of the people.

The Rev. Harold and Mrs. Lowry of Knox Presbyterian church were at home at the home on Thursday afternoon and evening when many of the members of their congregation and other towns people took the opportunity of calling to welcome them to Burlington. Mrs. John Blair and Mrs. Claude Prescott assisted in receiving with Mr. and Mrs. Lowry.

On Sunday evening fire completely destroyed a barn and a chicken house on the farm of Bryce Lockhart, Walker's Line. Mr. Lockhart was eating supper around 8:30 when he happened to look out of the window and saw smoke coming from the barn. He immediately rushed to the barn and succeeded in saving a mare and rolt, tractor, hay loader. About 80 pigs, 23 of them ready for market, 1000 hens and 1000 baby chicks were consumed in the flames besides some implements. *Gazette*

One tree type, the Douglas fir, furnishes more than half of all the lumber sawn at British Columbia mills.

By H. COLES

The anaemic looking teams the Junior met in early rounds of the Ontario playdowns turned out to be the exception rather than the rule. It seems hard to believe that the conclusion of the week's North River and Queen teams in action both these clubs are well coached and possess an impressive array of talent. Queenston and Fenelon Falls were decisively outplayed not one whit what now appeared to be imminent in ensuing rounds of the playdowns. Optimists who vociferously foretold of an easy sweep to an Ontario Championship received a rude jolt at the unexpected mobility of the South River team. They extended the Redmen to the limit, these northerners, before they reluctantly conceded defeat. Their biggest defect, and what obviously spoiled their defeat, appeared to be around the net. Acton did not have as many clear cut scoring chances as the River crew but they cashed in on their opportunities while Husk stymied the visitors knocking at his door with a superb exhibition of twine-tending. Husk, to my mind, was the fly in the ointment. At various times, they caked walked in on him in wholesale lots only to have "Shammie" coolly repulse their most threatening suties. On the other hand, around the cage, the Redmen proved their worth by bagging six goals with a minimum of opportunity and that precisely is what won the series for them. Two players, besides Husk, captured our attention as being main springs in the victory. First of all, Stan Fay with his fearless checking, plus oodles of college try and Fred Kenner for firing what actually was the winning goal. The rest of the club all played outstanding hockey as well but it is difficult to select any standouts. Perceval, member of Husk's McDonald's, Sandridge, Beavers, last term, was easily the pick of the livers.

always goalwards, in contrast to the Redmen who directed their long ones at the backboards in hope of a rebound. That accounts for equilibrium in the shooting department but fails to explain a lack of finish around the net. The Ontario custodian is the finest capable the Redmen have yet faced and it will take more than luck to beat a path inside the crease. A kick on surface might put a different light on the situation or make it more one-sided. Whatever the result, the Acton team along with officials and coach must be congratulated for a grand hockey season. This is the report on Acton's Junior team as they come into the OHA playdowns.

BASEBALL. Oakville's mighty Oaks have completed negotiations with a Toronto Varsity League for entry in the 1949 season and consequently won't be included in the Halton County League this year. They have outgrown their short pants and hope to improve the calibre of their game by the move. However, a new arena is a heavy bag from being the finished product.

There are 1925 mills in Canada producing livestock feed, 918 of them are in Ontario and Quebec.

MY TOWN

"My town is a place where my home is founded, where my vote is cast, where my neighbours dwell, and where my life is chiefly lived. It supports me and I support it, not only with taxes, but with loyal participation in all moves to make it better.
"My town needs my citizenship, not my partisanship, my friendliness, not my dissension, my sympathy and intelligent support, not my indifference or knavery.
"My town supplies me with friends, education, schools, church, trade, entertainment, recreation and the right to free moral citizenship. It has some things that are better than others. The best things I will seek to make better, and the worst things I will help to suppress. It is my town and as such is entitled to the best there is in me."

GEORGETOWN

A fire which broke out in the newly built home on Ostrander Boulevard of Dr. W. C. Stiles gutted the interior and did extensive damage to the property. The fire was first noticed by neighbours at 2:15 on Friday morning when after apparently smouldering for some time, it poured headway and broke through the roof.

A new teacher will be added to the staff of Georgetown Public School next year. The Board of Education, at its meeting last Wednesday, decided that, rather than two new teachers as recommended in the inspector's report, one additional teacher would be hired and the present assembly room converted into a classroom.

When a large tractor trailer loaded with 11 tons of paper headed for a local paper mill skidded and jack knifed across No. 7 highway on the Newall hill last Thursday morning, traffic came to a standstill as it was delayed for several hours. An estimated 300 cars, trucks and buses waited in Norval until the truck was swung off the road and the hill sandd. *Herald*

CASTLE TO DAM

A Perthshire castle built at fabulous cost some 123 years ago but never occupied or even completed, will provide 200,000 tons of stone for the construction of one of the dams in Scotland's big Tummel Garry hydro-electric power scheme. Muir's Castle has been a white elephant since its owner died while trying to humble the pride of neighbouring lairds with a building which would outshine their homes with its Tudor facade and seven pagoda turrets. With his death work stopped and the castle complete with banquet hall, ball room, and grand staircase — was never floored or fitted with windows. The castle which had stood so long was brought down in a week. Explosives had to be used to reduce its massive walls in which 6,000 shot-holes were drilled.

Recently imposed restrictions on the sale of margarine in Canada had been in effect for six years.

Sugar's Spice and Everything Nice
PURITY Sweet Buns
NEW!
... and easy to make at home
Appetizing, satisfying, delicious! Make up this Purity Sweet Bun dough and you'll have the best... ever!

SURETY BUNS - Scotch Recipe from the Purity Flour Bakers—
1 cup compressed yeast
2 cups milk (scalded and cooled to lukewarm)
1/2 cup granulated sugar
1/2 cup shortening
1 egg
1 teaspoon salt
1 1/2 cups sifted PURITY FLOUR
Lifts yeast into lukewarm milk. Cream sugar and shortening and add milk.
Scotch egg roll, yeast and salt mixture. Dissolve yeast in lukewarm milk and add sugar, salt and shortening. Knead into a soft dough. Roll out to a round shape (16" dia) and cut into 12 squares. Roll each square into a ball. Place on a greased baking sheet. Bake in a preheated oven (375°F) for 30-35 minutes or until light brown. Yield about 31/2 dozen rolls.
CHOCOLATE BUNS - Roll dough out to a long sheet about 16" dia. Roll sheet into a tube 1/2" high. Roll into a rope and cut into 12 pieces. Roll each piece into a ball. Place on a greased baking sheet. Bake in a preheated oven (375°F) for 30-35 minutes or until light brown. Yield about 31/2 dozen rolls.
What a taste thrill... what a thrill to get a recipe that means so much wonderful food for so little money. And this recipe calls for Purity Flour... your favourite flour that's especially milled from hard wheat, the flour that makes successful cakes, pies, crackers or bread, every time, all the time.

UNEMPLOYMENT INSURANCE BOOKS MUST BE RENEWED
EMPLOYERS!—Please send all unemployment insurance books immediately to the National Employment Office with which you deal, unless renewal arrangements have already been made.
They must be exchanged for new books before March 31st. The new books have spaces for March contributions, so you can renew the old ones before the end of the month.
Renewal of books is important to you, to your employees and to the Commission. Please Act Promptly.
TO THE INSURED WORKER!—Have you an insurance book in your possession? If so, please take or send it to the nearest National Employment Office for renewal before March 31st. If you send your book, enclose your present address so that your new book can be returned to you promptly.
UNEMPLOYMENT INSURANCE COMMISSION
C. A. L. MURCHISON, J. G. BISSON, R. J. TALLON
Commissioner, Chief Commissioner, Commissioner
U.I.C.

Since we write this column on Tuesday we can't even hazard a guess on the final result of last night's game in Milton. The fact that a strong, first Ontario club captured the first game explains our reticence. True, we was soft with liberal doses of H2O puddled over the large surface, but it must be kept in mind both teams battled the same element. Shots on goal were proportioned fairly even with Acton enjoying an edge on play, Ontario released their shot: from well out.

CLEARING AUCTION SALE
LIVESTOCK and IMPLEMENTS
The Undersigned have a consent instruction from
TED PRITCHARD
to sell by Public Auction at his farm, Lot 21, Seventh Line, Farmstead, well known as the McDougal Homestead, on:
WEDNESDAY, MARCH 30th

LOOK AT THE GREAT NEW Plymouth!
AND COMPARE
COMPARE PLYMOUTH FOR STYLE...
RIDE... ROOMY COMFORT... SIZE!
Compare the new Plymouth! You'll find its styling smart and functional too! Plymouth styling allows ample head, leg and shoulder room in both front and rear seats. It provides wide-angle vision for greater safety. Its doors permit easy entrance and exit. Plymouth's stylish "bustle back" allows a spacious luggage compartment. Its fender openings permit easy servicing of tires and the quick application of chains, when necessary. Plymouth's functional styling retains fenders, so that with Plymouth a minor scrape does not mean a major repair.
Compare the new Plymouth for comfort! Plymouth's body is more dust-proof and is rust-proofed for a longer, brighter life. Its longer, 118 1/2" wheelbase allows passengers to be seated even farther ahead of the rear axle, for greater comfort. Note Plymouth's roomy interior... its rich, Fashion-Tone upholstery... its comfortable chair-height seats. Try them! Lounge back and a-r-r-e-t-c-h... you'll like their comfort.
Compare the new Plymouth's ride! Better insulation and softer rubber body mountings minimize road noise. Its soft-acting coil front springs, airplane-type shock absorbers and low-pressure, Super Cushion tires all contribute to its incredibly smooth, relaxing ride.
Compare Plymouth!... outside, inside and under the hood! When you do, you'll agree that PLYMOUTH brings you more of the things you really want in an automobile.
