GEORGETOWN

Leonard Lambert, principal of Georgetown High School, was elected President of the Lions Club for a second term of office when the election of officers was held at the dinner meeting last night at the McGibbon House.

Mrs. Edna Tapp, for the past six years a teacher on the Public School staff, has resigned to take a position in Gravenhurst and will leave town at the end of the school term.

Another old time Glen resident passed away on Monday, May 30th, after a lengthy illness in the person of Hugh Mathews Logan. The death occurred at the home of his daughter, Mrs. E. Martin. He was in his 75th year.

Harry Williams, son of Mr. and Mrs. Rex Williams of the Glen, graduated last Thursday in Honour Biology from the University of Toronto. Herald.

OAKVILLE

The flying feet of Pete Sutton and Johnny Ross, Oakville Trafalgar high school's increasingly successful track twins, pounded the cinder paths to spike up three new Canadian student records and equal a fourth, as the O.T.H.S. five-man contingent made a firm bid to steal the show during the fifth annual Dominion and Provincial interscholastic championships held at Montreal's Molson stadium last week-end.

Swift action on the part of their fellow-workers saved two men from death by smothering under a mass of earth, when a cave-in occurred in a ditch on the Foster housing survey on Wednesday last week.

George W. House, son of Mrs. George House, Hamilton, and a nephew of ex-mayor Charles V. Hillmer and Mrs. Hillmer won the Governor's scholarship of Upper Canada College which entitles him to a three-year course at that school. He is a pupil of Hillfield School, Hamilton. Trafalgar Journal.

The average Canadian used in one form or another, more than 34 yards of cotton fabrics during 1948.

HUGHES CLEAVER, M.P.

To the Electors of Halton

As we move into the final day of the election campaign we find that our Prime Minister, the Rt. Hon. James Duggan, has endeavored to explain to the electors in a courteous manner what his party hopes to accomplish if elected.

The most important thing of all is full employment. No nation can be really prosperous without a high volume of production. The wealth of a nation is its total production.

The most important factor is a satisfactory market for our production. When our production in Canada is at a high level we have to export about one-third of our total production. We have to exchange our surplus for the goods of other countries which we require. The Liberal party has always fostered foreign trade by low tariffs and by reciprocal trade agreements. While it is true that the Conservative party has now recently adopted our trade policy we have not forgotten its stand in the past. The first political campaign in which I took any part was in 1911 and I will remember the slogan of the Conservative party of that day which was "No truck or trade with the Yankees".

The Conservative party won that campaign, but they were not respectful to the trade agreements. Other nations too will not be forgetful of the past attitude of previous Tory governments and it is for you to decide as to whether the Liberal party or the newly converted Conservative party will be able to negotiate the best trade agreements for Canada.

With high employment a good domestic market is assured and with the Liberal party in office past performance proves that we can count on the best foreign markets which are available. It is true that the upset condition of the world today has created foreign exchange problems which hamper trade but Canada did not create these problems. On the contrary she has done her full part to help cure them. Some think that our aid to help the recovery of Britain has been too generous. I do not agree with this contention for two reasons. In the first place by helping Britain we are creating markets for our goods and in the second place the sacrifices made by Britain saved the world for democracy.

The third important factor for a prosperous Canada that is the type of prosperity which Liberalism seeks, is that our prosperity should be shared with reasonable equality by all classes by labour, by agriculture and by industry. Your Liberal government has achieved this result. By our policy of taxation we have prevented any mass accumulation of wealth in the hands of a few people. Our taxation policy is very distasteful to our Conservative friends. Liberalism stands for the welfare of the masses and is stoutly opposed to the big interests.

While our Liberal Prime Minister continues on a sane and thoughtful campaign on the other hand the Tories are sitting around the New South Wales and the Nova Scotia race and are trying to get some money. I have to believe that the Tories are not only ignorant but also dishonest. Do the Liberals have any more money? Do the Liberals have any more money? Do the Liberals have any more money? Do the Liberals have any more money? Do the Liberals have any more money?

Are you going to throw away your prospect of prosperity for this money?

ERIN

Miss Marion LaSuer received the award for the highest standing first year theory at the School of Nursing, St. Joseph's Hospital, Miss Jean Watson, Credit Forks, received a singular prize for the intermediate year.

A meeting concerning the formation of a High-School Area was held at Hillsburgh on Tuesday afternoon discussing the idea.

A double ring ceremony took place in the Disciple Church of Christ, Hillsburgh, on Saturday afternoon, May 28, at 3.30 p.m. when Alice Agnes, daughter of Mr. and Mrs. George Tilcox, became the bride of Arnold Louis Wilson, son of Mrs. A. Wilson and the late Mr. Wilson.

Mrs. Elizabeth Lockhart passed away at her home 6 Metcalfe St. Toronto, on Wednesday, June 1st. She is survived by—Alexander P. Robert John, Eleanor Robinson and Mary Gough. Her husband predeceased her.—Advocate.

DO YOU KNOW about TRAVEL RATION REGULATIONS?

It saves time and trouble when you familiarize yourself with the regulations regarding travel to the United States before you set out on your trip. Here are the facts:

1. The allowance for pleasure travel during the current ration period of November 16th, 1948, to November 15th, 1949, is \$150 U.S. per person (\$100 in the case of children under 11 years old).
2. A Form H permit, obtainable at any bank, is required to take out of Canada amounts exceeding \$10 U.S. or \$25 U.S. and Canadian funds.
3. Special allowances are granted for strictly business travel where your application is certified by your employer.
4. Applications for larger amounts of U.S. funds for travel for health or educational purposes may be made on special forms obtainable at your bank.

This is a family affair

YOUR FUTURE ... AND CANADA'S

Conditions have been good the last few years. More people are working than ever before making more, spending more, saving more.

Isn't that what you want? After all, you have a family to think about ... and you are planning for their future ...

The Liberals are planning and working for your family's future too.

Here are some of the things the Liberals are doing:

Family Allowances are increased. Already a billion dollars has been invested in Canada's children. Millions of boys and girls are better clothed, fed and housed - have a better chance for an education and a real start in life - because of this Liberal measure. It has brought new security and well-being to countless Canadian homes.

In housing, too, the Liberals have taken the lead in providing Canadians with decent homes. More homes have been built in Canada, in relation to population, than in any nation. Already a million Canadians live in homes built since the war. The Liberal government is ready to help solve the low-rental housing problem and has offered its cooperation to provinces and municipalities.

Then, there is the Liberal health program. Already federal grants are helping the provinces to increase their health services. But the Liberals' aim is a nation-wide contributory health insurance plan which will end, for everyone, the tragedy of inadequate health care and the financial strain of lengthy illness.

Or take employment. Liberal measures are helping to maintain employment in Canada at a high level, and at the same time maintaining insurance reserves have been building up. The government has encouraged enterprise and high production. Plants have expanded, new industries started up. New opportunities are being created every day.

Old Age Pensions and pensions for the blind have been steadily increased by the Liberal government. But it isn't stopping there. Its aim is a nation-wide plan of contributory pensions which will help everyone to enjoy a comfortable and secure old age - automatically and as a right.

These are all part of the Liberal program of social betterment ... a program to achieve a "national standard of social security and human welfare which assures the greatest possible measure of social justice to all Canadians".

MAKE SURE THE WORK IS CARRIED ON
