

The Federation Annual Field Day At Halton Centre

The Halton Federation of Agriculture fourth annual Field Day, held on Friday last on the Halton Community Centre Grounds, proved to be the most successful and outstanding to date.

When the directors were planning their annual Field Day four years ago, the suggestion was made that it might be possible to organize a Rural School Children's Soft Ball Tournament as the main attraction, and now after 4 years, it has proven beyond any question that the suggestion was a good one.

The Directors of the Halton Federation of Agriculture are to be congratulated on their efforts in sponsoring such a program, noted and watched by all the other counties of Ontario.

At ten o'clock on the morning of June 17th, Mr. J. E. Whitehead called, through the loud speaker set up on the grounds by Mr. W. E. Benner of Burlington the first round of the Halton Games and in five minutes forty rural schools were in action. Forty rural teachers from fifty four schools were in attendance this year.

The teachers of Esqueping and Nassagaweya put up tough opposition in their game but were over come by Nelson and Trafalgar scoring 11 to 5. Each player on the winning team was presented with a box of chocolates.

The first round of the children's games resulted in Nos. 9, 12 and 13, Nelson, putting it over Nos. 2, 15, and 16, Trafalgar, scoring 5 to 4. On the second two Nos. 1, 2, and 4, Trafalgar vs. 2 and 5, Nelson tied up the score at the end of the fifth and also at the end of the sixth and had to play a seventh inning to break a tie and finally 2 and 5, of Nelson ousted the Trafalgar team by 15 to 13. No. 1 and 3 Esqueping were defeated by 6 and 7, Nelson, score 10 to 6. No. 22, Trafalgar, put it over No. 6 Nassagaweya, 17 to 12 and 10 and 9, Nelson took a triumph from No. 4 and 5 Nassagaweya 11 to 1. When Munns Trafalgar came to bat with Bronte it was really too bad as Bronte ran away 43 to 7, but Munns need not feel too badly as No. 10 Nassagaweya took No. 7, 8 and 9 Nassagaweya for a trouncing 47 to 3 in the 2nd round.

No. 6 and 7, Nelson and 1 and 3, Nassagaweya were matched for the final play-off. Nassagaweya proved to be the victors by a score of 6-4 and were presented with the Silver Cup Trophy.

During the afternoon a consolation prize was given for games played by all those who lost out in the first round. This cash prize of five dollars was won by Nos. 4 and 5, Nassagaweya.

Another feature of the afternoon was the inter-township older boys Soft Ball Tournament which was won by Nelson Township. This team was presented with a silver cup which has been won two years by Nassagaweya Township and now two years by Nelson Township.

The prizes for the youngest and oldest persons on the grounds were presented by Reeve J. Wickson to Viola Jacqueline Boyce, aged 8 months and to George A. Bell, of Nelson, aged 89 years.

The Committee for the program of races, headed by Vernon McArthur had their hands full when the races were called, as some classes had from forty to fifty entries and they had to divide the contestants and run them in groups. Each and every race was so close that the judges had difficulty in picking the winners.

Throughout the entire day the ladies of Dublin Women's Institute served refreshments from the well equipped booth and when the activities of the day came to a close they found nothing but empty containers to take home with them. All agreed that this annual Field Day was the most successful of any yet staged.

PRAIRIE DEBT SLASHED

The downward trend in mortgage and agreement for sale debts of farmers in the three Prairie Provinces, evident for some years, continued throughout 1948, according to the annual report of Dominion Mortgage and Investments Association reviewed.

Substantial repayments on existing farm mortgages continued, with the result that mortgage and agreement for sale debts of farmers in the Prairies declined 16.7% in 1948 and are only about 21.5% of what they were at the end of 1937.

GRASS NEEDS

Surplus quantities of Canadian pasture and turf grasses, produced from the 1948 market crop, have found a ready market in the United States and some Western European countries. Exports of bromes, crested wheat, Canada and Kentucky blue grasses, creeping and meadow fescues have amounted to eight million pounds. The farm value of these exports is placed at \$1,200,000. With the exception of Canada blue grass, all of the seed exported was produced in Western Canada.

SYBIL BENNETT, KC

To the Electors of Halton
This is the fourth time I have addressed you in this manner and I am afraid it is the last before you make your choice of government on Monday June 27th.

You have probably gathered by this time that I am not a professional politician. I do not claim to be. I claim to know however what the common man wants from government because I run my own home. I know what the farmer wants because I know all my life the land has been sold to me. I know what the business man needs because as a lawyer I have been in close touch with such matters. And finally, I feel I know what the average workingman wants because I realize that no country can be rich and strong and advanced if it is not well paid for its toil.

These last few weeks have been busy ones for me going about the country visiting the women in their homes, the farmers, and talking to the business men and women in industry.

These election days have been extremely enjoyable, extremely interesting and extremely valuable. Whether or not I am your choice as your Progressive Conservative representative, I have been glad that I will never forget. I have met hundreds of people I had never been fortunate enough to meet before and I have come to realize in a very real sense what a great country this is.

Despite its richness, however, there are many things that it needs from a government. Its rural and urban population need many things, things that they have carried and should be allowed to carry to my part to see that they get them.

At this time I can mention but one for I have not much space. I wish to mention the benefits of health insurance, accident and sickness benefits, hospitalization, security from unemployment and so on. We believe, too, that everyone is entitled to a pension at the age of 65 years. Everyone receiving pensions should be allowed to keep his or her home and savings and they should be permitted, if they wish, to go on working so as to be able to afford added luxuries. Why should we penalize thrift?

It seems to me that this is a heart-warming program and I would be proud to play a share in putting it into effect.

There is just one other thing I wish to say to you now. And I can not over-emphasize how important I feel it is.

This is your vote, your privilege and indeed your duty to use it. Naturally, I want you to vote Progressive Conservative, but believe me when I say, I want you to vote no matter what way you vote.

Two things of us, I am afraid, forget how valuable the franchise really is. It was won by the blood and the tears of our forefathers. Thousands of them died to get it. The vote is our passport to democracy and freedom. It must be used if it is to remain valid. Its power will vanish if it is not exercised.

And have you ever thought of this? The only people who can logically criticize a government are those who used their votes. Those who would not take the little time to require have no one to blame but themselves if they do not like the government they get.

And now, if I may, I would like to address a few words to the women of Halton.

I appeal to you to vote not to shirk off your duty by saying that it is enough that your husband is using his ballot. And please vote as YOU wish. Find out the issues and then make your own choice.

We women have tremendous power and influence having approximately 54 per cent of the vote but we must use it.

We merit representation in government for with our experience in running the homes of the nation, with the constant challenge of providing families with the best in life and often with pitiable small sums of money, we have acquired a sense of things that is too often lacking in politics.

So I say once again, please vote. In conclusion, I would like to thank you all. Whether or not you were in sympathy with my political views you always gave me a polite hearing and for that I will always be grateful. There is much I want to say but I find I can sum it up in one simple word—THANKS.

Your Progressive Conservative Candidate,
SYBIL BENNETT

GENERATING ELECTRICITY WITH PEAT

An important new use for peat that has been found is to burn it in gas turbines for generating electricity. It would replace oil which is now used as fuel. This new possibility was discussed at last month's Scottish Economic Conference. The scheme is being initiated for developing the use of peat deposits of peat which cover about one-tenth of the surface of Scotland. A program of research is being drawn up for testing it in gas turbines. Trials will also be carried out in extracting from it valuable waxes which are commercially of great importance.

It is found that night flying insects are repelled by verandah light painted yellow.

CAMPBELLVILLE Tender Awarded For Addition at Spring Plant

Re-elected for her second term as president of the Halton Women's Institutes of Halton County at the 48th district annual held at Palmerston on Tuesday, Mrs. R. Hinchard ably conducted the exercises throughout the day, despite the hot, humid weather.

Dr. and Mrs. Robert McEwen of Saskatoon were recent guests with Mr. and Mrs. Wilfred Greenlee. Mrs. Worthington of Toronto spent two weeks with Mrs. A. C. McPherson and Katharine.

Mrs. William McPhail is spending a week with Mr. and Mrs. David McPhail of Port Credit.

Dr. and Mrs. Wm Robertson and family are spending a month at Liberty, Saskatchewan with Mr. and Mrs. Robert Robertson.

Congratulations to Mr. and Mrs. Douglas Inglis on the birth of a son in Milton Private Hospital.

Mr. and Mrs. James Wallace were hostesses at a linen shower on Saturday evening in honour of a bride and groom to be, Miss Georgette Mares and Home Beavis of Haltonville.

Mr. and Mrs. Beverly Ella and Mr. and Mrs. Bert Lamb of Campbellville were present. The marriage takes place at the Holy Rosary Rectory at Milton on Saturday.

Mr. and Mrs. Jack Wheelahan and Mr. and Mrs. Frank Quinlan attended an Anniversary mass at Markham on Tuesday when Father Gerald Quinlan, brother of Mr. Frank Quinlan, celebrated 75 years in the Priesthood. The luncheon was held at Scarborough Bluff and on Tuesday evening Mr. and Mrs. F. Quinlan entertained at a dinner in his honour when 16 attended at their home in Campbellville.

Mr. and Mrs. John Gilmore and Anna attended the family reunion held in Goderich on Saturday.

Mr. and Mrs. James Wallace, Given and Archie were Sunday guests with Mr. and Mrs. James Britton of Acton.

Mr. and Mrs. Tom Amor of Madoc and Mr. and Mrs. Charles Wirt of Carlisle were Sunday guests with Mr. and Mrs. John Gilmore.

About 90 young people from Mill Grove and Mountsberg communities, chartered the newly weds, Mr. and Mrs. Jack Nicholson, on Friday evening at the home of Mr. and Mrs. Edgar Cairns, RR 2 Campbellville.

No. 1 School Farm Forum held their annual picnic at the school on Saturday. After a bountiful picnic lunch, served to 60 people, fall games and contests were conducted. Races for both young and old were enjoyed and prizes given.

Nearly 100 school children journeyed with their teacher, Mr. George Michie in Mr. John Campbell's truck to Lowville park on Friday to enter field day activities. All enjoyed an active day.

BALLINAFAD

A meeting of the WMS Evening Auxiliary and Mission Circle was held at the home of Mrs. F. Smith on Friday night. Miss Jean Sinclair, president of the circle, presided over the devotional exercises after which each gathered in their own groups for the business part of the meeting. All then met together for a social evening.

Mrs. F. J. Shortill taking the chair called on Miss Bernice and Shirley Thompson for a duet and Mrs. Jessie McEnery gave a reading "The Star Boarder". Mrs. Shgittill then called on Mrs. Robt. McEnery who read an address to Mrs. Flindall expressing the feeling of good will and co-operation we have enjoyed during her stay in this community and wishing them both the best of everything in her new home at Allanford. Dorothy Worne presented her with a lovely woad comforter. Mrs. Flindall thanked all for the gift and expressed a wish for all to visit them in their new home. The committee in charge then served a bountiful lunch and a pleasant evening came to a close.

Mr. Sam Snow is in Brampton Hospital following an operation. At last report he was doing nicely.

Mr. and Mrs. Alex Near, Mr. and Mrs. Bert Davidson and Mr. and Mrs. Robert McEwen spent the week-end with Mr. and Mrs. Alger Cripps at their cottage in Meaford.

The softball team once again came through with a win over Mimosa on Thursday night.

Farmers are cutting their wheat for hay. Owing to the dry weather it is not filling properly.

ST. ALBAN'S GUILD MONTHLY MEETING AT MRS. E. FOOTITT'S

The monthly meeting of St. Alban's Guild was held at the home of Mrs. Ed. Footitt. Rev. Mr. Luxton opened the meeting and many items of business were discussed. A Sunday School picnic was also planned to be held at Lowville Park. The meeting closed with the Guild Prayer. A hearty lunch was served by the hostess assisted by Mrs. Peg Coon and Mrs. Betty Dolphin.

It is predicted that for safety, as television is introduced to motoring sets will be fitted in the back half of the car.

Water Restrictions in Effect Through Week Lifted Over Week-ends

Acton Public Utilities Commission met in regular session Tuesday evening. Chairman C. M. Hansen presided and all members were present.

A cheque was received from the Insurers Company in payment of a broken light standard on Guelph Street. The amount was \$47 and a release was signed for the Co.

A copy of the consolidated Power Commission Act and the Public Utilities Act was received from Toronto. This is the first consolidated act passed since 1937.

Orders were received for the addition to the pump house. The order of Mr. T. Gordon and Son was accepted provisionally that a loan be included in the price.

An inspection report from the Ontario Department of Health was presented on the water system during the January-May period. 40 gallons of chlorine was used for the week. 14 million gallons of water pumped. Two samples of the untreated water were found to test A.

It was felt that the facilities would not permit the use of garden hoses during the week when the factories are working but during Saturdays and Sundays the pumps would handle the demand.

It was decided to order a supply of gas for the pump at the pump house.

Superintendent Lambert was instructed to cancel the order for the farm gate. This gate had been on order for a year now.

The following accounts were paid for payment:

Hydro Department	
Bell Telephone Co.	\$11.90
Whitman's garage gas	8.15
Personal Stationery Sales	6.61
Mace Electric Co.	20.04
Line and Cable Accessories	26.66
MacDonald Electric Ltd.	10.42
Canadian Line Material	79.13
Supplies Power Supply	100.00
Can. Field Electrical Works	94.75
Jas. R. Kearney Corp.	64.10
F. Terry, postage	10.00
Express and Transport	9.88
	\$745.59

Waterworks Department	
Power and Heat at Spring	\$51.83
J. B. Mackenzie and Son	128.95
Acton Free Press	75
Canadian Brass Co.	64.45
R. Murfin Sheet Metal Wks.	22.00
Wm. H. Braeken	31.05
Ajax Engineers Ltd.	519.50
Simon Hardware	9.88
	\$828.51

Although not always successful, dreams are devices for allaying disturbances which would interfere with sleep.

Big Flow Water In Well Drilled On Nearby Farm

An artesian well was drilled on the farm owned by Mr. Taylor of the Massey Harris Co. of Georgetown, Ontario. The farm is situated on Lot 6 on the 4th Concession of Esqueping township having been recently purchased from Mr. Lloyd Davidson and formerly known in years gone by as the Sprout farm. The well is situated on the corner of the farm.

This well was drilled to a depth of 48 feet and is overflowing at approximately 4000 gallons per hour and has been flowing steadily since drilled. The water will rise to a height of seven or eight feet above the level of the ground. This well is drilled at the request of Mr. Taylor and he later employed his husband and sons to drill the well for him.

The well is quite an asset to the farm as at the present time the water supply is piped from a neighbouring farm as are other farms in the same district. The well is quite a record as in the Milton district good water in large quantities is hard to find. Visitors have called to see the overflowing well for many miles around.

A Chicago syndicate has had claims for the artesian well and is seeking members' tips on the FN for the Nation of God's Chosen People.

GASOLINE FOR OVERSEAS

Britain's Ministry of Fuel and Power announced that as from June 1, 1949, special allowances of gasoline coupons for up to 250 miles motoring will be provided for Overseas Visitors who hold a Commonwealth or foreign passport and who, during their stay, borrow a private motor vehicle (free of charge) or purchase one second-hand. The Overseas Visitor must have entered the United Kingdom not more than six months before the date on which application is made. Only one allowance under this scheme will be issued to a visitor in respect of any one stay in Britain or during any period of six months.

Department store sales for week ending May 29th were 7 per cent above a year ago reports The Financial Post. All provinces showed gains with Alberta up most.
