IN MEMORIAM

GERVAIS - In loving memory of Mrs. Mary Gervais, who passed away, June 26th, 1949...

LONGSTREET - In loving memory of our darling little son, George Longstreet, who passed away June 29th, 1949...

They say that time heals all sorrow And helps us to forget...

CARDS OF THANKS

I would like to thank all the good friends of Acton who sent me flowers, cards, fruit, chocolates and letters...

—June has certainly been a month of weddings. Newspapers and election workers can revert to normal routine for a while.

—A Callithumpian parade is to be revived in Acton this Friday. Something new for a lot of people.

—Approaching a holiday weekend be sure and drive carefully. Remember the other driver may be a fool.

—Although the campaign nears its close the objective is still distant for the addition of names to the Cenotaph.

—Thinking of holidays reminds us that the shortest distance by railway from Halifax to Vancouver is 3475 miles.

—The Agricultural Shed in the park has been reshingled and improved. A coat of paint on the sides would help too.

—Ballentine's new drive-in lunch bar had a very successful opening on Saturday. A television set has been installed...

—Acton Boys' and Girls' Band attended the Waterloo Music Festival on Saturday and played a concert in Stanley Park, Elm, on Sunday evening.

—Mr. W. J. Clayton has successfully passed his dental technician examinations held recently by the Provincial Governing Board of Dental Technicians.

—With Fairy Lake condemned for swimming the sport is rather rare and one apparently for holidays only. Certainly good cause for a swimming pool.

EASY THEN

Teacher—Johnnie I'm ashamed of you. When I was a bigger than you, I could reel off all the Kings in order without hesitation.

Johnnie—Yeah, but there were only three or four of them then.

Britain's war with France, in 1603 was partly paid for by a tax on bachelors.

Acton Juniors Drop First Game to Milton Team by 8-6

Acton Juniors dropped their game to Milton Friday night 8-6 in a 7 inning contest. It was their first loss of the schedule...

The team may have been overconfident due to recent success, and underestimated the Milton boys who proved to be a fighting aggregation...

Bill Vaughan and Keith Fay, Junior Lawson on the mound for Acton was not up to his past performances. He allowed only six hits but hit 5 batters that events were to prove costly.

Milton in the first innings loaded the bases on a walk and 2 singles. K. Fay came up and hit a long one between left and centre field clearing the bases and running home himself due to some weird fielding by the Acton infield.

Johnnie Roszell was very consistent getting on base with 2 hits and a walk and scored three runs. The Hillburgh boy is improving each time out.

Tom Salt is doing a good job at short also Fred Kenner at first. When Bill Holloway gets his club sorted out they should make it interesting for Junior B's by play-off time.

JUNE MEETING OF NASSAGAWIYA W.I. HELD AT MRS. C. MORTON'S

The June meeting of the Nassagaweya W.I. was held at the home of Mrs. C. Morton. The Roll Call was responded to by 24 ladies...

A very good report of the District Annual was given by the District Director, Mrs. A. Padbury.

The convenors for Agriculture and Canadian Industries, Mrs. W. Freeman and Mrs. H. Price then took over for the rest of the meeting.

Mrs. A. Diamond read a Chapter from the book "Fifty Years of Institute Achievement".

A very interesting paper dealing with highlights in Agriculture was given by Mrs. Freeman.

A Poem "The High Cost of Milk" was given by Mrs. C. Elliott. Audrey Rinehart gave two readings "Growing Things" and "A Vegetable Garden".

A contest conducted by Mrs. Price was won by Mrs. Rinehart. A humorous reading "St. Peter at the Golden Gate" was given by Mrs. E. Easterbrook.

Another contest, conducted by Mrs. W. Fruman was won by Mrs. M. Mahon.

The meeting closed by singing the National Anthem after which a social half hour was spent and Mrs. Morton and her helpers served a lovely lunch.

Calcium Material From Home Sources

Most of the high calcium bearing materials added to poultry rations are, at present, imported from the United States. The possibility of substituting for these, materials available in the Maritime Provinces was investigated at the Dominion Experimental farm, Nappan, N.S., says C. D. T. Cameron.

In these experiments the three calcium-bearing materials—oyster shell, clam shell and calcitic limestone—all products obtained in the Maritime provinces—were compared as sources of calcium for the production of eggs of sound shell, as well as for other related calcium needs of pullets. These feeding tests extended over an eight-month period in each of the past two years and involved sixteen hundred Barred Plymouth Rock pullets. Each of these materials was compared when the finely crushed products were mixed in an all-mash laying ration at the rate of three per cent of the total feed mixture. In addition, the coarsest ground material was available in hoppers at all times. An additional group of pullets was included in each of these trials in order to determine whether insoluble grit should be fed with these products for satisfactory performance.

According to the data recorded on feed consumption, egg production, and egg shell strength, each of these products was an entirely satisfactory source of calcium for laying hens and might well substitute in the laying ratio for such products at present imported. This substitution is of particular interest at the present time in view of increased freight charges and present currency difficulties. The performance of the birds which had access to insoluble grit in hoppers through the experiment, in addition to oyster shell, showed no apparent improvement over the other groups in this experiment.

Common mustard the despair of grain growers, quickly produces coverage on burnt-out watersheds to prevent erosion.

Burlington, Ont. June 28th, 1949. To the Electors of Halton: I deeply appreciate your expression of confidence in electing me your representative in Ottawa for the fourth term. I shall strive to live up to your expectations. Yours sincerely, HUGHES CLEAVER

Mackenzie News. With the first of July long week-end coming up and school being closed, many people are planning to start their vacations with the official opening of summer holidays. The Acton Rotary Club are sponsoring a field day and dance on Dominion Day, Friday, July 1st. Come out and support the Rotary Club. This is a good time of the year to start re-vamping the outside of your house with insul brick. It is \$13.50 per square and this siding insulates your house as well as giving it a new appearance. Visit our office and we will show you our samples. A new snack bar has opened on the outskirts of Acton. Visit Ross Ballentine's Lunch Counter and see for yourself the modern and clean surroundings of another addition to the improvement of Acton. J. B. MACKENZIE & SON
