Featherbedding Folly

By Joseph Lister Rutledge On February 1st, President Truman appointed an Emergency Fact Finding Committee. The emergency was a dispute between the American railroads and their running

The fact to be decided is whether, led the railroads employing dieselpowered locomotives shall be required to provide a second engineer and second fireman on each diesel engine.

There is no suggestion that there is a need for these extra men, that that their presence would add in the slightest degree to the safety or comfort of the fravelling public Real Fatate, Farm Equipment are The whole purpose is to see that the roads shall not curtail the number of engineers or faremen. The astructions from the Executrix of extra men are purely excess bag- the Estate of the gage. To a large extent they will! LATE HENRY DEMMERIANG power permits and that are essential if the failroads are to live and adequately serve the public

One cannot help feeling that this policy of "featherhedding" is based on a complete misapprehension of facts, the belief that there is only l'ercheton Geldings. New Members To Be Accepted

The local Boy Scout organization getting jeady for a very active year and the leaders are anxious to get an early start so they will have the complete organization ready to function by carly fall

This Monday is to be reorganization night when new members will be given a chance to apply for ad mission to the Troop. Of contwall the present Trusp will be there in full uniform to paint out . few of the details of the Boy Senut organization to the new members

Any toos who are twelve years of age and want to be an active member in this organization should be present because the number of members is limited and it will only be possible for the leaders to look after me many new members

The Scout Hall will be the meet FRIDAY EVENING, AUGUST 26 ing place for the Troop from now on and some goad times are in store for the boys who like the out dones, hikes, tests and working

AT SCOTCH BLOCK W.I.

The August meeting of the Scotch Block W1 met at the home of Mrs P Peddie on August 11th, are good milkers and calves part the president presiding. The finance convenor reminded the group about the aprons to be made for the bazant in the fall and asked Hindley & Elliott, Auctioneers for a donation towards the child-Ph 19r3 Rockwood, or 1771, Milton ren's booth. The roll call, "An idea for the improvement of your community" was answered well by all members present

Mrs. D. Irving, social welfare convenor was in charge of the program and took the chair She introduced the speaker, Mrs Chas-McArthur, who spoke on Social Welfare. She said social welfare She Undersigned have received meant, a good society when the whole world was striving for security in life, if you don't find this you would be unhappy. Social relationship, a course in study which is being taught in the schools today is to try to teach teenagers to be responsible in their home. Whether civilized or uncivilized every one is atriving for home life. A mother has a lot er said the fault of most of the parrents today was they did not have

time for their children Mrs Irving thanked Mrs Mcthe social welfare, which was giv-
