Halton, Peel and York Delegation Present Brief on Conservation To Select Committee

On Friday of last week the Select Committee on Conservation of the Ontario Legislature held a public hearing in the Court House, Brampton F S Thomas, M.P.P. for Elgin County and incidentally a Streetsville District Old Boy, is chairman of the Committee All three political parties have representation on the the great majority of farms to per-Committee of nine.

They have had a heavy itinerary since the first of July. Not only have they held hearings in all districts of Northern Ontario, but they have covered the major portion of the Counties in Southern Ontario Another month however, will be required to complete their program of hearings. Following this, according to Mr Thomas, a report will be Freeman, Paul Fisher, Freeman; Representative Service Reeve W VanSickle of Nassagaweys, Reeve George Currie of Esquesing, Alex McLaren, Georgetown, Deputy Reeve Elmer Foster ington, Campbellville, Ross Sagsworth of Freeman, and J. E. White-

lock, Milton A comprehensive brief has been prepared by a joint committee representing the counties of York Peel and Halton Incidentally, chairman Thus and Messrs Joliffe of the Select Committee congratulated the Committee on their excellent brief which they intimated and clover seed production and use was one of the most constructive

made by the Halton, Peel and York delegation were as follows "That a Provincial Conservation

presented to date.

and Use Act be enacted at the earliest possible date." "That all Conservation work re-

lative to Agriculture be undertaken by the Ontario Dept of Agriculture "That in certain areas where the reforestation work required is befinancially, or otherwise, that consideration be given to Provincial assistance To illustrate, may we refer to the Niagara and Hamilton springs having their source on the Forest resources

escarpment and furthermore as many streams have their headquarters on the escarpment, then we believe the whole area should be surveyed by competent engineers, and if our contention is sound, then all strategic points in the area along the escarpment should be established as a state of provincial forestry

"Inasmuch as it is the practice on mit livestock to pasture or run in the farm woodlot, thereby destroying all new tree growth, we would recommend that the proposed OnL Conservation Policy provide financial assistance to counties which pass a by-law providing financial aid for wood-lot fencing

"That a Soil Conservation service be inaugurated as an experiment in two or three counties in Westerns presented at the next session of the Ontario not later than the fall of Ontario Legislature The Halton 1950 and that such Conservation delegation attending the hearing Service be under the direction of was as follows W E Breckon, of or linked with the Agricultural

"That, inasmuch as high soil fertility is not only the basis of profitable agriculture, but also the medium by which the water holdof Nelson Township, R S Heather- ing capacity of our soils can be increased and as we palisve the grantest waskness in our crop program is in the main due to poor seed mixtures, coupled with faulty rotations, and as more alfalfa and grasses in our meadows and pastures would improve their soil building ability, we would suggest and Oliver, who all spoke on behalf that consideration be given to the studying of the United States' Conservation Policy in respect to grass

Following lunch at the Yellow Briar Inn, near Brampton, where they were guests of Peel County, a A few of the recommendations delegation representing the Humber Valley River Authority also presented a brief. Others who spoke briefly during the afternoon session included Stanley L. Hall, M.P.P. and Chas Millard, M.P.P.

Those in attendance were impressed not only by the very thorough and unbiased manner in which the Select Committee conducted the hearing and also by the tremendous youd the ability of a County scope of the subject In short it was a most worth-while meeting and those in attendance have high hopes that the report of the Select Committee will culminate in a pracescarpment which passes through tical Conservation and Land Use the area. Inasmuch as it is general. Act and also in a comprehensive ly believed that most of the wells program to both conserve and rebelow the escarpment are fed by store Ontario's Soil, Water and

Quick and Easy Way to Cash War Savings Certificates

Certificates yourself, you have to wirt them every month, endorse and mall each one to Ottawa when 1. matures, and then cash or deposit the cheque for it.

cates the simple way? Just leave them for safekeeping at your Bank of Montreal branch, and arrange for their credit, upon maturity, to a anvings account in your name. As each Certificate falls due, the B of M will cash it and credit the proceeds to your account.

If a new tractor would help you

You already know that you can borrow money from this Bank-under the terms of the Farm Improvement Loan Act, to buy new farm equipment, construct new buildings, buy new stock, or make any other worthwhile addition to your farm.

But did you know that this Bank can also make these loans to finance the purchase of used farm equipment, and to make repairs or alterations to existing farm buildings?

If you want to sell your old tractor to get a new one, and your buyer hasn't enough ready cash, ask him to discuss his problem with the Bank of Nova Scotia. Remember, if farm improvements will help to make your farm more profitable, we're interested.

THE BANK OF NOVA SCOTIA

A. W. Haydon, Manager, Acton, Ont.

By II. (X)LJZH

Aside from one bad inning in which they booted while could have been two easy killings, our boys in Intermediate togs played pretty steady baseball on Saturday, as they swept the second round of the O.B.A. title hunt. The fluttering and cheeky Orlobs from Hespeler surpassed themselves resticting A'x to five runs, but proved to the year's biggest throng they had more on the tongue than on the ball. Endowed with a reserve staff of pitchers that numerically atmost equatient their fielding strength, Orioles galled to allence Acton's long range artillery That was the vital factor in the final game and in mite of a tidy relief from a canny, old-time "blooper" pitcher, name of Hilker, Acton came through with ample runs to win it in the early innings

Thanks to another effective throwing job from the work-horse of the local club, Bill Leader, the Oriobs collected only right scattered hits. Two of these were scratch singles that rolled to a spot within a few feet of the mound in such an awkward position as to make them inaccessible. to either catcher or pitcher without undue hustling. Even then a fast runner would have got to first in plenty of time. However, the visitors couldn't produce better one-base hits and in the final analysis it spelled their doom. Acton on the other hand drove out two towering triples, two ringing doubles and five singles. To corroborate our statement about the extra base hits, it might be of interest to know that only one Acton single contributed to a tally It was Footitt's timely single in the second batting in Scott, on hase through an erratic throw to

Origies brought with them a considerable number of dyed-inwool fank who to conform with the chattering "Birds", constantly heckled Lender as he toed the slab. At first we thought they might make some impression on Leader's unruffled delivery. They succeeded momentarily, but as the contest progressed he hurled more effectively until in late innings the big righthander was boss man He culminated a fine performance by whiffing the last batter on a called strike With blinding speed the ball whipped across the shoulders on a perfect strike Whiteman the plate umpire called it without hesitation and Acton copped the series, but not without an objection from the man at hat. He felt he was the victim of the arbiter's engerness to get home to supper and refused to be deterred from trying to force another decision out of Whiteman. Just when it appeared trouble was imminent some of his team mates interceded on his behalf and a possible donnybrook avoided.

Provided they continue to play the crowd pleasing game of Saturday, the locals are definitely a threat to usurp provincial honors A possible formidable opponent was eliminated when Oakville captured the Toronto Vladuct championship making it compulsory for them to continue in Senior "A" company instead of reverting to Senior "B" or Int "A". How many teams are still in the hunt has not been disclosed by the OB A In the event Acton does attain the semi-finals or finals, it won't surprise this corner

Simcoe Tobacco Spitters handed Acton Jrs a 23-8 loss in the first of their best of three. The series winner goes into the Junior "B" semi-finals with the second game last night. Holding a 6 run lead at one stage of the game Acton club all of a sudden collapsed to the dismay of local officials. One, bright spot in the game was their hitting. They pilfered 11 hits from "Strikeout" King, the same number as Simcoe managed from Lawissuing bases on balls to such an extent Simcoe scored six runs in one inning without a hit.

LOTS ABOUT NOTHING Georgetown and Fergus prolonged their best of five series to eight games before a winner was declared to enter the Int BOBA playdowns. Fergus was the final win her That brings to two the correct predictions this column made a few weeks ago . . . Oakville Juveniles eliminated Fergus by two lopsided counts and then lost the first game of their series with Collingwood The Oakville Trafalgar Journal says Fergus, committed 44 bobbles in losing to the Juvenile Oaks. Could .. be a slip in the type . . . Milton haven't yet met an opponent in Int.
