### SENIO A GIRL ON A MAN'S ERRAND

Dunedin, N.Z.-Send for a girl in an emergency. That's the advice of Dunedin residents after a bullock terrorized the city for an afternoon and evening recently.

The animal broke loose from the railway yards and made for the docks. Stockmen and policemen moved to safety and a boy on pony went down before the bullock's wild charge.

Scuttering pedestrians it made for a sport ground where girls playing hockey and soccer players dashed for safety. Thoroughly angered, the bullock tossed several persons who attempted to herd it into a corner. A drover and dogs were called in. but they only added to the turmoil Night was falling and in desperation stockmen sent for another drover to prevent further damage. He was not at home but his 15-yearold daughter, Phylim McKenzie, offerred to help. With her horse, dog and whip, she at once took control. Traffic officers held back vehicles as she drove the subdued animal along the streets and herded it into

its pen. Phylim then mentioned that she would be late for an appointment and rude away before stockyard officials could thank her.

The Acton War Memorial is being readied for unveiling on Armistice Day, November 11th, 1949. The committee has raised sufficient to have this work done, thanks to the generosity of Acton Citizens.

There remains a big job in the spring to get our revamped memorial suitably landscaped. To any who still care to give money, it will be spent in this manner.

The anthracite miners are back to work and we expect to be receiving cars the latter part of next week. It will take several cars to catch up our orders, but we have a limited supply on hand if your coal-bin becomes empty. See you watching the tele-
