TELEPHONES IN ACTON HAVE DOUBLED IN PAST FOUR YEARS

During the past four years, there has been an 80 per cent increase in the number of telephones in Acton and local calls have risen by 154 per cent, J. I. Long distance calls originating here have more than doubled in the same period, he said.

There are now 700 telephones in use in Acton compared with 300 four years ago. Local calls average 2,115 per day against 830, and long dutance calls average 155 daily or 45 more than in 1946.
