Death struck with tragic suddenness Sunday night in the passing of Director Wilfred D. Tolton, Public Relations Department, Ontario Agricultural College.

Week's Baseball One Win and Loss Prospect Brighter

(Continued from Page One)
The winning margin, however, Galbraith got on on a fielder's choice, stole second and went to third on a passed ball and scored on Houder's timely single. Again in the fourth, Galbraith went to first on Masters' wild throw, and scored when he was picked off third but Scott and Masters bungled the play and he arrived at the plate safe with Acton claiming, somewhat roughly, that 'Gabbie' had run off the base-line. However, the ump dismissed the matter off-handily.

CAED OF THANKS
We wish to thank our many friends and neighbors both at the time of the fire and after. We were greatly surprised at the number of folks who lent a helping hand as we have been here such a short while. We appreciate very much everything everyone has done. Thanking you one and all. Norm and Irene Douglas

Noted for his outstanding artistic and mechanical ability, he produced exhibits for the Department of Agriculture including the O.A.C. which did him great credit and led to his official appointment in charge of exhibits for the Department of Agriculture.

He had a genius for organization which probably showed at its height in the handling of the Women's Institute gathering of some 12,000 which assembled in unexpected numbers at O.A.C. a couple of years ago.

Willfred David Tolton was the son of Mrs. Benjamin Tolton of Guelph, who with his wife, son and daughter along with one brother, survive him. A younger brother, Major B. E. Tolton of Toronto predeceased him in February.

On another occasion, Matt Tyler had a run-in with the arbiter as the Oaks backstop reached up and held on to Frootitt's bat as he swung. Matt said it was "interference" which, undeniably, it was. Morden didn't see it. Yellow next to your reporter yelled "Take out your eyes and wash 'em, you dubs!" But nothing came of it.

Baseball is business in Oakville now, and it was evident the Oaks' hustle made up the difference in the two teams although the Acton club was a decided improvement on anything they've shown to date. The schedule resumes on Saturday when Acton meets second place Milton here.

Georgetown used two pitchers to stem the tide starting with Glen Gibbs, followed by Don Barrager but met with little success. Gibbs was the victim of his own offerings, one being blasted right back at him by Waterhouse in the third frame. Johnny Mowat whiffed ten batters as he went the route. He had the Raiders puzzled most of the way.

Capitalizing on baulks in the infield and loose Georgetown fielding, Acton plated six runs in the first inning off two hits. Scott and Frootitt were the only two to hammer out hits and Frootitt's was a bunt. The Raiders scored one in the second when Patterson slashed a single over second advanced to second on a balk in third on a passed ball and home on a play to short from Huffman. Acton added three in the bottom half when Runstadler, Finkbeiner and Scott singled in succession and stole bases blind on the Georgetown battery.

Georgetown came to life briefly in the third frame by counting three runs. Mowat issued two free passes and Dillon bloomed a single over first to score both runners. Dillon scored on a passed ball. Not to be outdone in their half, Acton collected three additional runs. Finkbeiner homered to the race track, scoring Mowat and Masters, who were on base through a single and an error at second respectively.

Water Report Shows May Peak No Shortage Yet
Acton is still fortunate enough in having sufficient water and there is no immediate danger of a shortage. But in the month of May, water consumption reached its highest peak in history, 5,000,000 gallons. Supt. Lambert reports, and with hot summer months coming, the extra demand on water supplies means that before the summer is over, there is a possibility of a shortage.
