ROCKWOOD
Speakers Come for Local Anniversary

Anniversary services at the Presbyterian Church on Sunday were largely attended. Rev. Harold Lowry of Burlington conducted service in the morning and Rev. W. A. Young of the O. A. C. Guelph in the evening. Both ministers delivered earnest discourses to the congregations. The platform was well adorned with gladioli and dahlias as well as other autumn flowers. Special music was given by the choir and vocal numbers by Mrs. Tompkin of Toronto.

A number from Rockwood and vicinity attended Acton Fair Friday evening and Saturday. Despite chilly weather the fair was largely attended.

Owing to anniversary services at Eden Mills next Sunday, there will be no service in the Presbyterian Church here.

Miss Minnie Nickell, Toronto
Mr and Mrs Robert Croft and family, Toronto
Dr and Mrs Fred Croft, Kitchener

Miss Vera Thatcher, Freetown.
Miss Margaret Pamore and Miss Jean Mackenzie of Georgetown left by airplane for Medford, Oregon to visit Dr and Mrs R. W. Clancy.

Rockwood and community reverted to standard time Saturday evening.

Owing to chilly weather Sunday afternoon, the band concert which was announced, was postponed.

The local Boy Scouts are busy preparing the scout hall for fall and winter activities.

The regular monthly meeting of the W.C.T.U. was held at the home of Mrs. R. O. Jolliffe with a fair attendance. Owing to the illness of the president, Mrs. A. K. Thomas occupied the chair. The meeting opened with the hymn "Faith of our Fathers" and the devotional was taken by Mrs. H. Leslie from Daniel, 1st chapter 1-30. The hymn "Dare to be a Daniel" was sung. Mrs. J. Leslie read an article on the convention in Toronto. The clip sheet "Youth should not be restricted in growth" gave information about tobacco smoke. It contains about a dozen different poisons such as nicotine, furfural, carbon monoxide, carbon dioxide, acrollin, etc. The nicotine dissolved out of a few cigarettes and placed on the tongue of a grown man would kill him in fifteen minutes. The effect of smoking a single cigarette affects the heart and circulation of the blood. The meeting closed with prayer.

MANY WELL-BRED CATTLE were displayed at the fair, as samples of the fine herds in the district. Poultry, hogs, sheep and pigs were entered in class competitions as well as various breeds of cattle.

Hands Cold, Hearts Warm at Fall Fair

(Continued from Page One)

of stunts to thrill the crowd. The Dagnatos were a smart team of hand balancers with an act that was worth top billing on any show. Acton Band provided the music for the evening under the direction of Mr. Charles Mason.

Fair Opened by Mayor Mason. When the Saturday afternoon fair opened its gates, a midway complete with ferris wheel, merry-go-round and rides for the kiddies games and eating booths was in noisy operation. The band was playing and the exhibit of cattle, horses, poultry, hogs and sheep were all on display and the stalls and pens well filled. Some of the classes were light but in other departments, a big showing was paraded for judging and taken on a whole, the 1959 event was termed a good fair.

The prize for the best decorated bicycle went to Bob Heatley and the best girls with doll carriages were Janet Rosinvaldson and Sandra Hargrave.

Mr. R. R. Parker was the genial master of ceremonies for the grandstand show on Saturday. Mayor Mason officially opened the 1959 fair and recalled the progress that had been made in Acton Fair. He extended a welcome to Acton to all visitors and thanked all who down through the years had kept Acton Fair in the forefront of such community events. President Walter Linham thanked the fair officers and workers for their splendid co-operation and the council for assistance in the presentation of the fair and in helping to rearrange the grounds for the cattle exhibit.

Grandstand Show. Ann May and her miniature rodeo presented several acts before the grandstand with trained horses, an educated calf and trained dog and some roping tricks. Wm. Davies, ventriloquist, presented a feature that also kept the crowd in good humor.

Half a dozen boys proudly showed a good crop of freckles and won prizes for the best freckled face. Don Dawson of Guelph was judged best with Bob Cox, Acton, second and James Lillie, R. R. 4 third.

Nine girls joined in the fun of contest for the best freckles and Alleda Bacon of Rockwood won first prize with Linda Cox, Acton, second and Betty Ann Barr, Acton, third.

Joe Jany proved the best pie eater in the pie eating contest. It just took 1 minute and 24 seconds for Joe to eat two pieces of raisin pie and lead the field of nine boys who were in the event.

Baby Show. Luckily the baby show was held in a tent which was quite warm. There were twelve babies in soft pink, white and blue to compete for the prizes. In the class for babies up to 3 months, the winners

Master Gordon Burt, son of Mr. and Mrs. Harry Burt of Hillsburg, topped the class for boys 8 months to a year with Miss Nancy Jettin daughter of Mr. and Mrs. Ted Jettin of Rockwood as the best girl.

The Judges, Mrs. Cullen of Guelph and Miss Gibbons, Acton, gave a special Grand Champion ribbon to Master Robert Bittler, son of Mr. and Mrs. H. Bittler, Acton. Both the judges are nurses.

Cold weather and bad streets played havoc with the parades that feature the Acton Fair. The Acton Band provided a splendid musical program all afternoon but the stock parade was cancelled owing to the cold.

The midway this year was by Carrol Shows of Toronto and was one of the best. The Fair Board may well be congratulated on securing this feature for Acton Fair and we understand negotiations are already being made to assure them returning next year.

Prize for the person coming the greatest distance to Acton Fair was won by Mr. A. J. Thomas of Alberni, B.C. A close second to Mr. Thomas was Mr. James McDonald who came from Vancouver, B.C.

Oldest married couple at the Fair were Mr. and Mrs. S. H. Lindsay who have been married 50 years. Mr. Lindsay was a former president of the Fair and is now a life member. Details of prize winners in the various classes are given elsewhere.

Over \$70, Parka Stolen Last Sunday

When the night policeman phoned Mr. R. J. Hargrave Sunday night about 1 a.m. to say that the doors of his booth and service station were open, Mr. Hargrave investigated immediately and found about \$70, a new three-quarter length parka, some candy and gum missing.

In the refreshment booth which is in a small separate building, he found a note on the ice cream cabinet reading:

"Sorry I broke into your place. Please do not notify the police. Mr. Hargrave suspects that the man stayed in his station all day Sunday and perhaps Saturday night as well. He probably broke in through the garage and then broke the pane of glass through into the front office. There, water in the wash basin indicated his presence. Provincial police made a thorough investigation.

Flowers, Fruit Are Arrayed in Church

St. Alban's Anglican Church celebrated its annual Harvest Thanksgiving the past week. The church was tastefully decorated with grain, fruit, vegetables and flowers. On the altar a large loaf of bread and clusters of grapes were significantly placed.

On Thursday evening the special preacher was the Rev. G. H. Ferris, rector of Grace Church Milton. On Sunday morning the rector celebrated the Holy Communion. The anthem, "God is our refuge and strength" was sung.

Rev. E. J. Tucker rector of St. Mark's Church, West Toronto, conducted the evening service. The anthem "Praise ye the name of the Lord" was sung by the choir. Mrs. F. G. Oakes presided at the organ.

Westinghouse Special Personality Radio

The biggest value in 5-tube radios can be chosen in 7 different colors. And also can be placed in 4 different positions, on its left or right side or its end or hung on the wall.

Only \$29.95
