Dated at Acton, Ont. this Fifth day of December, 1950. Charles F. Leatherland, Executor, a-22-3 Acton, Ontario

Hello Homemakers! At this season school children are practicing songs for concerts and choir masters are debating the relative merits of old favourite carols for the Christmas service. The carol is one of the most ancient items of the Christmas program. Even the origin of the name is lost in obscurity but the word comes from "Carole" meaning circle, concert and hence ring dance. Today we go about our work quietly singing what was meant to be a rollicking song of ring many a modern song until it is heard here.

As you read this column you will look over the advertisements of the numerous gifts you might buy. According to the clerks in our shops the common question asked is "What shall I buy for a four?" or "a six year old?" And the favourite selection still seems to be blocks for the tots, then clay modelling, dolls, household equipment, crayons and paints. Mothers seem to shy away from mechanical toys, makers because they realize the din that makes her ears ring.

As for Christmas goodies, our suggestions of a moist Banana Loaf, delicately spiced Doughnut, and a never fail sweet cake should please you. These taste like good homemade foods and can be made now and put on the shelf for the holidays or may be used now for the lunch box as they are inexpensive yet fragrant enough for the festive season.

TAKE A TIP 1. Put bananas through the potato masher to pulp them quickly. Four or five bananas are required for 1 1/2 cups mashed.

2. To make fine oatmeal from coarse rolled oats put the cereal through food chopper then measure.

3. Ever try coconut flavoring and nutmeg in a butter icing for a plain cake or Banana Loaf?

4. To measure 1/2 cup sifted pastry flour, sift and fill one measuring cup, then remove 3 tablespoons flour.

Banana Bread 1 1/2 cups sifted flour 2 1/2 tps baking powder 1/2 tsp baking soda 1/2 tsp salt 1 cup sugar 1 egg, beaten 1 1/2 cups mashed bananas 1/2 cup melted lard 1 cup shredded bran 1/2 cup chopped walnuts Sift the flour with baking powder, salt and sugar. Combine egg, bananas, lard and bran. Add dry ingredients and nuts to banana mixture, mixing only enough to moisten dry ingredients. Pour into greased loaf pan (about 5"x9") and bake in electric oven at 350 degrees for 1 hour. Makes 1 loaf.

Cinnamon Doughnuts 1 1/2 tbsps shortening 1/2 cup sugar 1 egg, separated 1/2 cup milk 2 1/2 cups cake flour 3 tbsps baking powder 1/2 tsp cinnamon 1/2 tsp cloves 1/2 tsp salt Cream the shortening, sugar and egg yolk together. Add alternately the milk and half the flour sifted with the other ingredients. Add the remaining flour slowly and beat in egg white last. Turn the dough out on a lightly floured board and pat to 1/2 inch thickness. Cut with doughnut cutter or cut in strips and shape in figure eight. Fry in melted shortening heated to 375 degrees or until an inch cube of bread browns in 40 seconds. Turn doughnuts in 2 minutes; let brown another minute. Drain. While warm sprinkle with sugar. Makes about 2 1/2 dozen.

Crops Summarized

Though Canada's apple crop is bigger than previously anticipated it still is below last year's harvest. The Bureau of Statistics said that a mid-October estimate of the crop places it at 15,758,000 bushels, about four per cent higher than September expectations but 13 per cent below last year's 18,151,000.

The upward revision over September resulted from improved sizing in Nova Scotia, Quebec and Ontario. The estimate for New Brunswick and British Columbia was unchanged.

In a general review of the Canadian fruit harvest the bureau said the pear crop in Ontario also is better than expected. The all Canada estimate in October rose to 7,328,000 bushels compared with an estimated 7,100,000 in September. Last year's crop amounted to 7,000,000.

A minor revision in the Ontario grape crop estimate brings the Canadian total to 80,315,000 pounds, less than one per cent below the September estimate. The crop this season is of record proportions and is 76 per cent larger than the 51,194,000 pounds a year ago, the bureau said.

The peach crop is estimated at 1,151,000 bushels compared with last year's 2,011,000. Plums and prunes 521,000 bushels against 627,000; cherries 324,000 bushels against 491,000; strawberries 77,497,000 quarts compared with 36,251,600; raspberries 11,021,000 quarts against 10,931,000 and loganberries 666,000 pounds against 877,000.
