Review Federation Benefit to Farmers

Farmers have a machine to build economic stability for their industry if they will only use it, said Vivian Milburn, Secretary of the Ontario Federation of Agriculture, addressing the annual meeting of Halton County Federation in the Town Hall Monday. Because they have that machine, the speaker pointed out, they may know how to use it.

Mr. Milburn gave a resume of the year's activities, remarking that there had been a good deal of fear and uncertainty when it became evident that our export markets were in danger. The Government had warned that farm prices must be reduced while nothing was said about reducing prices of other commodities. The Provincial Marketing Act had proved inadequate and the Federation was keeping the matter in mind for the future.

The speaker said that the Federation had been successful in its efforts to secure a fair price for wheat. He mentioned the success of the Wheat Marketing Board and the fact that the price of wheat had risen from 50¢ to 75¢ per bushel. He also mentioned the success of the Federation in securing a fair price for milk.

The officers for the coming year are as follows: president Paul Fisher, president M. J. Brown, first vice A. R. Brown, second vice C. Ford, third vice Vernon MacAthur, fourth vice Bert Davidson, secretary R. S. Hebert, treasurer W. J. Robertson, Wm. Home, delegates appointed to the annual O.F.A. meeting were Ives Richardson, M. J. Brown, Fred New.

The chairman of the meeting Paul Fisher, whose resignation came after ten years of loyal service to the organization, quoted in his opening remarks from the words of a leader who had advised farmers not to expect any help from the government in their efforts to improve their position.

The chairman of the meeting, Paul Fisher, whose resignation came after ten years of loyal service to the organization, quoted in his opening remarks from the words of a leader who had advised farmers not to expect any help from the government in their efforts to improve their position. He mentioned the success of the Federation in securing a fair price for wheat and the fact that the price of wheat had risen from 50¢ to 75¢ per bushel. He also mentioned the success of the Federation in securing a fair price for milk.

If it hadn't been for the efforts of the Federation there would not have been a flour price under hogs at \$32.50 on eggs at 38¢ or on butter at 58¢. In commenting on the

Review Federation Benefit to Farmers

work of the fieldman, Mr. Fisher expressed appreciation of Mr. Hebert's long services and pointed out that the counties that do not employ a fieldman are the counties where Federation work has not made much progress.

Miss Edith Ferguson, assistant secretary of Ontario Farm Radio Forum, addressed the meeting on What Women ought to be doing in the Community. The most important job women have declared Mr. Ferguson is in the home. But community work also needs to be done. We have still not learned how to live in peace. There is more to be done for women in the community than for men. We must learn how to make decisions, work together, and be more responsible.

J. F. Whitlock also addressed the gathering, speaking strongly in favour of Workmen's Compensation for farm owners and farm workers. Mr. Karl Parr, manager of Milton District Cooperative, told the meeting that the Co-op is a part of the Federation. Cooperative farming is a small enterprise, but it is a very important one. It is a way of life, and it is a way of making a better living for the farmer.

Farming a Business Here is a Book

The Farm Account Book, prepared by the Dominion Department of Agriculture and issued by the Bank of Montreal is just the book that farmers need to keep an effective, helpful record of the yield of their farm. The latest issue of the book has now come off the press, reports William Claxton, manager of the B. of M. at Acton.

The B. of M. Farm Account Book, he says, helps a farmer keep an exact check on the produce of each part of his farm and the value of that produce. It includes a permanent record of various crops, and helps a farmer to manage his land in the most profitable way. It is a book that every farmer should have on his farm. It is a book that will help him to make a better living for himself and his family.

The book is available in two sizes, one for the small farmer and one for the large farmer. It is a book that is easy to use and easy to understand. It is a book that will help you to make a better living for yourself and your family. It is a book that is worth the price.

Featuring a pocket clip for easy carrying, a new perforate stapler can clip together a dozen sheets. The easy-to-operate chrome head of stapler is squeezed between thumb and forefinger. A plastic barrel unscrews from head for re-loading.

ARTISTS COLONY

Residents of Port Credit, west of Toronto, boast that more professional artists live there than in any community of comparable size in Canada.

Motorists!

Follow These Rules —FOR SAFE WINTER DRIVING

Slippery road surfaces, unfavourable weather conditions, and early darkness, combine with thoughtless driving to make the late Fall and Winter months the most dangerous period of the year.

For your own safety and the safety of other road users—pedestrians and motorists—observe the following suggestions:

1. On wet, snowy or icy road surfaces drive at reduced speed.
2. When stopping, apply brakes lightly and intermittently. Jamming on the brakes may bring about a skid.
3. Keep windshield and windows free of snow and ice outside, and fog and frost inside.
4. Be sure that brakes, steering mechanism and tires are in safe condition to help offset the extra hazards of Winter driving.

Butter-browned! Butter-flavoured! BUTTER-BAKED Turkey

For Christmas dinner this year, serve the best-tasting turkey ever. Crisp and golden on the outside, deliciously tender inside. To give your turkey real tasty perfection, bake it with butter. The cream-rich flavour of fresh dairy butter glorifies all your Christmas cooking. Gravy, vegetables, or cookies 'n cakes... everything tastes better with the golden goodness of pure cream butter.
